

**SECTION 1. PRODUCT AND COMPANY IDENTIFICATION**

Product name : FRESH FOAM

Other means of identification : Not applicable

Recommended use : Cleaning product

Restrictions on use : Reserved for industrial and professional use.

Product dilution information : Product is sold ready to use.

Company : Ecolab, S. DE R.L DE C.V.  
Industrial Avenue #28  
Industrial Fractionation, Cuamatla, Cuautitlan Izcalli, Mexico State  
Mexico 54730  
(0155) 5864-1800

Quimiproducos S. de R.L. de C.V.  
Carretera Miguel Alemán, 990  
Colonia La Encarnación - Apodaca, Nuevo León Mexico Zip Code:  
66633  
(0181) 47395900

Emergency telephone : 01 800 837 2998 Please request assistance in Spanish language

Issuing date : 14.09.2017

**SECTION 2. HAZARDS IDENTIFICATION**
**GHS Classification**

Skin irritation, Category 3 H316  
Carcinogenicity, Category 2 H351

**GHS label elements**

Hazard pictograms :

Signal Word : Warning

Hazard Statements : H316 Causes mild skin irritation.  
H351 Suspected of causing cancer.

Precautionary Statements : **Prevention:**  
P201 Obtain special instructions before use.  
P202 Do not handle until all safety precautions have been read and understood.  
P280 Wear protective gloves/ protective clothing/ eye protection/ face protection.

**Response:**  
P308 + P313 IF exposed or concerned: Get medical advice/ attention.  
P332 + P313 If skin irritation occurs: Get medical advice/ attention.

**Storage:**  
P405 Store locked up.

# SAFETY DATA SHEET

## FRESH FOAM

**Disposal:**

P501

Dispose of contents/ container to an approved waste disposal plant.

**Other hazards** : None known.

### SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Pure substance/mixture : Mixture

| Chemical name    | CAS-No.    | Concentration (%) |
|------------------|------------|-------------------|
| glycerin         | 56-81-5    | 1 - 5             |
| Alcoholsulphates | 73296-89-6 | 1 - 5             |

### SECTION 4. FIRST AID MEASURES

|                                                             |                                                                                |
|-------------------------------------------------------------|--------------------------------------------------------------------------------|
| In case of eye contact                                      | : Rinse with plenty of water.                                                  |
| In case of skin contact                                     | : Rinse with plenty of water.                                                  |
| If swallowed                                                | : Rinse mouth. Get medical attention if symptoms occur.                        |
| If inhaled                                                  | : Get medical attention if symptoms occur.                                     |
| Protection of first-aiders                                  | : No special precautions are necessary for first aid responders.               |
| Notes to physician                                          | : Treat symptomatically.                                                       |
| Most important symptoms and effects, both acute and delayed | : See Section 11 for more detailed information on health effects and symptoms. |

### SECTION 5. FIRE-FIGHTING MEASURES

|                                                |                                                                                                                                                  |
|------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|
| Suitable extinguishing media                   | : Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.                                        |
| Unsuitable extinguishing media                 | : None known.                                                                                                                                    |
| Specific hazards during fire fighting          | : Not flammable or combustible.                                                                                                                  |
| Hazardous combustion products                  | : Decomposition products may include the following materials:<br>Carbon oxides<br>Nitrogen oxides (NOx)<br>Sulfur oxides<br>Oxides of phosphorus |
| Special protective equipment for fire-fighters | : Use personal protective equipment.                                                                                                             |
| Specific extinguishing methods                 | : Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations.                              |

### SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, : Refer to protective measures listed.

## SAFETY DATA SHEET

### FRESH FOAM

protective equipment and  
emergency procedures

Environmental precautions : Do not allow contact with soil, surface or ground water.

Methods and materials for  
containment and cleaning up : Stop leak if safe to do so. Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see section 13). Flush away traces with water. For large spills, dike spilled material or otherwise contain material to ensure runoff does not reach a waterway.

### SECTION 7. HANDLING AND STORAGE

Advice on safe handling : Wash hands thoroughly after handling.

Conditions for safe storage : Keep out of reach of children. Keep container tightly closed. Store in suitable labeled containers.

Storage temperature : 15 °C to 50 °C

### SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

#### Ingredients with workplace control parameters

| Ingredients | CAS-No. | Form of exposure             | Permissible concentration | Basis   |
|-------------|---------|------------------------------|---------------------------|---------|
| glycerin    | 56-81-5 | LMPE-PPT                     | 10 mg/m <sup>3</sup>      | MX OEL  |
| glycerin    | 56-81-5 | TWA                          | 10 mg/m <sup>3</sup>      | ACGIH   |
|             |         | TWA<br>(respirable fraction) | 5 mg/m <sup>3</sup>       | OSHA Z1 |

Engineering measures : Effective exhaust ventilation system. Maintain air concentrations below occupational exposure standards.

#### Personal protective equipment

Eye protection : Safety goggles  
Face-shield

Hand protection : Wear the following personal protective equipment:  
Standard glove type.  
Gloves should be discarded and replaced if there is any indication of degradation or chemical breakthrough.

Skin protection : Personal protective equipment comprising: suitable protective gloves, safety goggles and protective clothing

Respiratory protection : No personal respiratory protective equipment normally required.

Hygiene measures : Handle in accordance with good industrial hygiene and safety practice. Wash face, hands and any exposed skin thoroughly after handling.

### SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

## SAFETY DATA SHEET

### FRESH FOAM

|                                         |                                                            |
|-----------------------------------------|------------------------------------------------------------|
| Appearance                              | : liquid                                                   |
| Color                                   | : opaque, light blue                                       |
| Odor                                    | : sweet                                                    |
| pH                                      | : 6,5 - 7,5, (100 %)                                       |
| Flash point                             | : Not applicable                                           |
| Odor Threshold                          | : No data available                                        |
| Melting point/freezing point            | : No data available                                        |
| Initial boiling point and boiling range | : > 100 °C                                                 |
| Evaporation rate                        | : No data available                                        |
| Flammability (solid, gas)               | : No data available                                        |
| Upper explosion limit                   | : No data available                                        |
| Lower explosion limit                   | : No data available                                        |
| Vapor pressure                          | : No data available                                        |
| Relative vapor density                  | : No data available                                        |
| Relative density                        | : 1,01 - 1,02                                              |
| Water solubility                        | : soluble                                                  |
| Solubility in other solvents            | : No data available                                        |
| Partition coefficient: n-octanol/water  | : No data available                                        |
| Autoignition temperature                | : No data available                                        |
| Thermal decomposition                   | : No data available                                        |
| Viscosity, kinematic                    | : No data available                                        |
| Explosive properties                    | : No data available                                        |
| Oxidizing properties                    | : The substance or mixture is not classified as oxidizing. |
| Molecular weight                        | : No data available                                        |
| VOC                                     | : No data available                                        |

### SECTION 10. STABILITY AND REACTIVITY

|                                    |                                                                                                                                                  |
|------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|
| Chemical stability                 | : Stable under normal conditions.                                                                                                                |
| Possibility of hazardous reactions | : No dangerous reaction known under conditions of normal use.                                                                                    |
| Conditions to avoid                | : None known.                                                                                                                                    |
| Incompatible materials             | : None known.                                                                                                                                    |
| Hazardous decomposition products   | : Decomposition products may include the following materials:<br>Carbon oxides<br>Nitrogen oxides (NOx)<br>Sulfur oxides<br>Oxides of phosphorus |

### SECTION 11. TOXICOLOGICAL INFORMATION

## SAFETY DATA SHEET

### FRESH FOAM

Information on likely routes of exposure : Inhalation, Eye contact, Skin contact

#### Potential Health Effects

Eyes : Health injuries are not known or expected under normal use.  
Skin : Causes mild skin irritation.  
Ingestion : Health injuries are not known or expected under normal use.  
Inhalation : Health injuries are not known or expected under normal use.  
Chronic Exposure : Suspected of causing cancer.

#### Experience with human exposure

Eye contact : No symptoms known or expected.  
Skin contact : slight irritation  
Ingestion : No symptoms known or expected.  
Inhalation : No symptoms known or expected.

#### Toxicity

##### Product

Acute oral toxicity : Acute toxicity estimate : > 5.000 mg/kg  
Acute inhalation toxicity : No data available  
Acute dermal toxicity : No data available  
Skin corrosion/irritation : No data available  
Serious eye damage/eye irritation : No data available  
Respiratory or skin sensitization : No data available  
Carcinogenicity : No data available  
Reproductive effects : No data available  
Germ cell mutagenicity : No data available  
Teratogenicity : No data available  
STOT-single exposure : No data available  
STOT-repeated exposure : No data available  
Aspiration toxicity : No data available

##### Ingredients

Acute dermal toxicity : glycerin  
LD50 Rabbit: 23.000 mg/kg

## SECTION 12. ECOLOGICAL INFORMATION

#### Ecotoxicity

## SAFETY DATA SHEET

### FRESH FOAM

Environmental Effects : This product has no known ecotoxicological effects.

#### Product

Toxicity to fish : No data available

Toxicity to daphnia and other aquatic invertebrates : No data available

Toxicity to algae : No data available

#### Ingredients

Toxicity to fish : glycerin  
96 h LC50 Fish: 855 mg/l

#### Persistence and degradability

Readily biodegradable.

#### Bioaccumulative potential

No data available

#### Mobility in soil

No data available

#### Other adverse effects

No data available

### SECTION 13. DISPOSAL CONSIDERATIONS

Disposal methods : Where possible recycling is preferred to disposal or incineration. If recycling is not practicable, dispose of in compliance with local regulations. Dispose of wastes in an approved waste disposal facility.

Disposal considerations : Dispose of as unused product. Empty containers should be taken to an approved waste handling site for recycling or disposal. Do not re-use empty containers. Dispose of in accordance with local, state, and federal regulations.

### SECTION 14. TRANSPORT INFORMATION

The shipper/consignor/sender is responsible to ensure that the packaging, labeling, and markings are in compliance with the selected mode of transport.

**Land transport: generally applicable for transport in Mexico.**

Not dangerous goods

#### Air transport (IATA)

Contact Regulatory for air freight eligibility

#### Sea transport (IMDG/IMO)

Not dangerous goods

### SECTION 15. REGULATORY INFORMATION

# SAFETY DATA SHEET

## FRESH FOAM

Mexico: Our MSDS meets the requirements established by the Official Mexican Regulation NOM-018-STPS-2015, Harmonized System for the identification and communication of hazards and risks by dangerous chemical substances in work centers.

### SECTION 16. OTHER INFORMATION

#### NFPA:

#### HMIS III:

|                 |    |
|-----------------|----|
| HEALTH          | 2* |
| FLAMMABILITY    | 0  |
| PHYSICAL HAZARD | 0  |

0 = not significant, 1 = Slight,  
2 = Moderate, 3 = High  
4 = Extreme, \* = Chronic

Issuing date : 14.09.2017
