

Technical Data Sheet

Product: Card Glue Board

Code: CAT-CGB-5980

Product Function: Monitoring

Description: The glue boards are made from high quality cardboard designed with entry to facilitate upward crawling to the sticky surface. They are insecticide free and non-toxic. They are compact and work well with the plastic cockroach monitors.

Dimensions: 58 x 88mm

Release Paper: White silicon paper.

Glue: Coated with dry glue

Packaging: Box of 1000

Trap Application:

Remove the release paper from the cardboard insert. Open the plastic trap and place the cardboard insert inside. Place the tablet in the centre of the trap and click shut to secure.

When to Use:

All year round.

Trap Density:

Place the trap where infestation is suspected, ensuring it is in a convenient place to check regularly.

Replacement:

The tablet will remain effective for 6 - 8 weeks, however, replace the traps earlier if it becomes full.

Storage

Store this product at room temperature for effective storage.

Keep out of direct sunlight.

Precautions

- Handle carefully, avoid extensive contact by hand and wear gloves when handling.
- Do not eat or drink while handling this product.
