

Section 1. Chemical product and company identification

Chinese name : 消毒洗手液
Product name English : BACTI-STAT
Supplier : Ecolab Limited
 15/F, Lu Plaza
 2 Wing Yip Street, Kwun Tong, Kowloon, HONG KONG
 +852-2372 7768
Emergency telephone number : +852-2372 7768
Product type : Skin antiseptic
Date of issue : 2013 . 8 . 26

Section 2. Hazards identification

Hazard classification : Class 3 Flammable liquid
Routes of entry : Skin contact, Eye contact, Inhalation, Ingestion
Human health hazards
Inhalation : No known significant effects or critical hazards.
Ingestion : May be harmful if swallowed.
Skin : No known significant effects or critical hazards.
Eyes : Moderately irritating to eyes.
Environmental hazards : No known significant effects or critical hazards.
Fire/explosion hazards : Combustible liquid. In a fire or if heated, a pressure increase will occur and the container may burst, with the risk of a subsequent explosion.

Section 3. Composition/information on ingredients

Mixture

Chemical name	Concentration	CAS No.
ethanol	1 - 10	64-17-5
glycerin	1 - 10	56-81-5
acetic acid, (ethylenedinitrilo)tetra-, tetrasodium salt	1 - 10	64-02-8

Section 4. First-aid measures

Inhalation : If inhaled, remove to fresh air.
Ingestion : Rinse mouth; then drink one or two large glasses of water. Do not induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention immediately.
Skin contact : Get medical attention if symptoms appear. Wash clothing before reuse.
Eye contact : In case of contact, immediately flush eyes with cool running water. Remove contact lenses and continue flushing with plenty of water for at least 15 minutes. Get medical attention if irritation persists.

Section 5. Fire-fighting measures

Extinguishing media

Suitable	: Use dry chemical, CO ₂ , water spray (fog) or foam.
Not suitable	: Do not use water jet.
Hazardous combustion products	: Decomposition products may include the following materials: carbon dioxide carbon monoxide nitrogen oxides metal oxide/oxides
Special protective equipment for fire-fighters	: Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.
Materials to avoid	None identified.

Section 6. Accidental release measures

Personal precautions	: No special measures required.
Environmental precautions	: Avoid dispersal of spilt material and runoff and contact with soil, waterways, drains and sewers.
Methods for cleaning up	: Absorb with an inert material. Use a water rinse for final clean-up.

Section 7. Handling and storage

Handling	: Keep away from heat, sparks and flame. To avoid fire, eliminate ignition sources. Wash hands after handling.
Storage	: Keep out of reach of children. Store in a segregated and approved area. Keep container in a cool, well-ventilated area. Keep container tightly closed and sealed until ready for use. Avoid all possible sources of ignition (spark or flame). Store between the following temperatures: 20 and 40°C

Section 8. Exposure controls/personal protection

Chemical name	Exposure limits
ethanol	ACGIH TLV (United States, 3/2012). STEL: 1000 ppm 15 minutes. ACGIH TLV (United States, 3/2012). TWA: 10 mg/m ³ 8 hours.
glycerin	

Recommended monitoring procedures	: Not applicable.
Occupational exposure controls	: Use only with adequate ventilation. Use process enclosures, local exhaust ventilation or other engineering controls to keep worker exposure to airborne contaminants below any recommended or statutory limits. The engineering controls also need to keep gas, vapour or dust concentrations below any lower explosive limits. Use explosion-proof ventilation equipment.
Hygiene measures	: Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working period. Appropriate techniques should be used to remove potentially contaminated clothing. Wash contaminated clothing before reusing. Ensure that eyewash stations and safety showers are close to the workstation location.

Personal protection

Respiratory	No protective equipment is needed under normal use conditions.
Hands	: No protective equipment is needed under normal use conditions.
Eyes	: Eye protection recommended.
Skin	: No protective equipment is needed under normal use conditions.

Section 9. Physical and chemical properties

Physical state	: Liquid. [Liquid.]
Colour	: Red
Odour	: Fragrance-like
pH	: 9.1 to 9.4 [Conc. (% w/w): 100%]
Boiling point	: >100°C (>212°F)
Flash point	: 43 °C (Closed cup)
Specific gravity	: 1.01 to 1.03

Section 10. Stability and reactivity

Stability and reactivity	: The product is stable.
Conditions to avoid	: Avoid all possible sources of ignition (spark or flame). Do not pressurise, cut, weld, braze, solder, drill, grind or expose containers to heat or sources of ignition.
Materials to avoid	: None identified.
Hazardous decomposition products	: Under normal conditions of storage and use, hazardous decomposition products should not be produced.

Section 11. Toxicological information

Acute toxicity

Inhalation	: No known significant effects or critical hazards.
Ingestion	: May be harmful if swallowed.
Skin	: No known significant effects or critical hazards.
Eyes	: Moderately irritating to eyes.

Potential chronic health effects

Chronic effects	: No known significant effects or critical hazards.
Carcinogenicity	: No known significant effects or critical hazards.
Mutagenicity	: No known significant effects or critical hazards.
Teratogenicity	: No known significant effects or critical hazards.
Developmental effects	: No known significant effects or critical hazards.
Fertility effects	: No known significant effects or critical hazards.

Section 12. Ecological information

Aquatic ecotoxicity

Product/ingredient name	Result	Species	Exposure
ethanol	Acute LC50 11000 mg/l	Fish	96 hours
acetic acid, (ethylenedinitrilo)tetra-, tetrasodium salt	Acute LC50 121 mg/l	Fish	96 hours
glycerin	Acute LC50 855 mg/l	Fish	96 hours

Bioaccumulative potential

Product/ingredient name	LogP _{ow}	BCF	Potential
ethylenediamine tetraacetate	5.01	-	high
Triclosan	4.76	52.480746024	low

Other adverse effects	: No known significant effects or critical hazards.
Environmental effects	: No known significant effects or critical hazards.

Section 13. Disposal considerations

Waste disposal : The generation of waste should be avoided or minimised wherever possible. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Waste should not be disposed of untreated to the sewer unless fully compliant with the requirements of all authorities with jurisdiction. Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible. This material and its container must be disposed of in a safe way. Care should be taken when handling emptied containers that have not been cleaned or rinsed out. Empty containers or liners may retain some product residues. Vapour from product residues may create a highly flammable or explosive atmosphere inside the container. Do not cut, weld or grind used containers unless they have been cleaned thoroughly internally. Avoid dispersal of spilt material and runoff and contact with soil, waterways, drains and sewers.

Consult your local or regional authorities.

Section 14. Transport information

Package mark : Not regulated

Packing group : -

Section 15. Regulatory information

Authored with regard to:

- "Classification and Mark for commonly used dangerous chemicals" (GB13690-1992)
- "General rules for preparation of a Chemical Safety Data Sheet" (GB16483-2000)
- "The principle of classification of transport packaging groups of dangerous goods" (GB/T15098-94)
- "Classification and code of dangerous goods" (GB6944-2005)

Section 16. Other information

Date of issue : 2013 . 8 . 26

Prepared by : Regulatory Affairs

Date of previous issue : No previous validation

☑ Indicates information that has changed from previously issued version.

Notice to reader

The above information is believed to be correct with respect to the formula used to manufacture the product in the country of origin.
