

## SAFETY DATA SHEET

### QSR FRYER CLEANSER

#### Section: 1. PRODUCT AND COMPANY IDENTIFICATION

Product name : QSR FRYER CLEANSER

Other means of identification : Not applicable.

Recommended use : Cleaning product

Restrictions on use : Reserved for industrial and professional use.

Product dilution information : Product is sold ready to use.

Company : Distributed by: Ecolab Co.  
5105 Tomken Road  
Mississauga, Ontario Canada L4W 2X5  
1-800-529-5458

Emergency health information : 1-877-231-2615 (USA/Canada), 952-853-1713 (outside USA)

Issuing date : 04/11/2019

#### Section: 2. HAZARDS IDENTIFICATION

##### GHS Classification

Not a hazardous substance or mixture.

##### GHS Label element

Precautionary Statements : **Prevention:**  
Wash hands thoroughly after handling.  
**Response:**  
Get medical advice/ attention if you feel unwell.  
**Storage:**  
Store in accordance with local regulations.

Other hazards : None known.

#### Section: 3. COMPOSITION/INFORMATION ON INGREDIENTS

Pure substance/mixture : Mixture

No hazardous ingredients

| Chemical Name           | CAS-No.    | Concentration: (%) |
|-------------------------|------------|--------------------|
| glass, oxide, chemicals | 65997-17-3 | 60 - 100           |

#### Section: 4. FIRST AID MEASURES

In case of eye contact : Rinse with plenty of water.

In case of skin contact : Rinse with plenty of water.

If swallowed : Rinse mouth. Get medical attention if symptoms occur.

If inhaled : Get medical attention if symptoms occur.

Protection of first-aiders : No special precautions are necessary for first aid responders.

## SAFETY DATA SHEET

### QSR FRYER CLEANSER

Notes to physician : No specific measures identified.

Most important symptoms and effects, both acute and delayed : See Section 11 for more detailed information on health effects and symptoms.

#### Section: 5. FIREFIGHTING MEASURES

Suitable extinguishing media : Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

Unsuitable extinguishing media : None known.

Specific hazards during firefighting : Not flammable or combustible.

Hazardous combustion products : Decomposition products may include the following materials:  
Carbon oxides

Special protective equipment for firefighters : Use personal protective equipment.

Specific extinguishing methods : Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations.

Risk of explosion. : Not available.

#### Section: 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures : Refer to protective measures listed in sections 7 and 8.

Environmental precautions : No special environmental precautions required.

Methods and materials for containment and cleaning up : Sweep up and shovel into suitable containers for disposal.

#### Section: 7. HANDLING AND STORAGE

Advice on safe handling : Wash hands after handling. For personal protection see section 8.

Conditions for safe storage : Keep out of reach of children. Store in suitable labeled containers.

Storage temperature : 0 °C to 50 °C

#### Section: 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

##### Components with workplace control parameters

| Components              | CAS-No.    | Form of exposure | Permissible concentration     | Basis      |
|-------------------------|------------|------------------|-------------------------------|------------|
| glass, oxide, chemicals | 65997-17-3 | VME              | 1 fibres per cubic centimeter | OEL (QUE)  |
|                         |            | TWA (fibres)     | 1 fibres per cubic            | CAD AB OEL |

## SAFETY DATA SHEET

### QSR FRYER CLEANSER

|                         |            |                          |                               |            |
|-------------------------|------------|--------------------------|-------------------------------|------------|
|                         |            |                          | centimeter                    |            |
|                         |            | TWA (Total fibres)       | 5 mg/m <sup>3</sup>           | CAD AB OEL |
|                         |            | TWA (fibres)             | 1 fibres per cubic centimeter | CAD AB OEL |
|                         |            | VME (total dust)         | 10 mg/m <sup>3</sup>          | OEL (QUE)  |
|                         |            | TWA                      | 1 fibres per cubic centimeter | CAD BC OEL |
|                         |            | TWA (Inhalable)          | 5 mg/m <sup>3</sup>           | CAD BC OEL |
|                         |            | TWA                      | 1 fibres per cubic centimeter | CAD BC OEL |
|                         |            | TWA                      | 1 fibres per cubic centimeter | CA ON OEL  |
|                         |            | TWA (Inhalable fraction) | 5 mg/m <sup>3</sup>           | CA ON OEL  |
|                         |            | TWA                      | 1 fibres per cubic centimeter | CA ON OEL  |
|                         |            | VME (fibres)             | 2 fibres per cubic centimeter | OEL (QUE)  |
| glass, oxide, chemicals | 65997-17-3 | TWA (fibres)             | 1 fibres per cubic centimeter | ACGIH      |
|                         |            | TWA (Inhalable fraction) | 5 mg/m <sup>3</sup>           | ACGIH      |
|                         |            | TWA (fibres)             | 1 fibres per cubic centimeter | ACGIH      |

Engineering measures : Good general ventilation should be sufficient to control worker exposure to airborne contaminants.

#### Personal protective equipment

Eye protection : No special protective equipment required.

Hand protection : No special protective equipment required.

Skin protection : No special protective equipment required.

Respiratory protection : No personal respiratory protective equipment normally required.

Hygiene measures : Wash hands before breaks and immediately after handling the product.

#### Section: 9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance : powder

Colour : white

Odour : odourless

pH : 7.0 - 8.0, (1 %)

Flash point : Not applicable., Does not sustain combustion.

Odour Threshold : no data available

Melting point/freezing point : no data available

## SAFETY DATA SHEET

### QSR FRYER CLEANSER

|                                         |                                                            |
|-----------------------------------------|------------------------------------------------------------|
| Initial boiling point and boiling range | : no data available                                        |
| Evaporation rate                        | : no data available                                        |
| Flammability (solid, gas)               | : no data available                                        |
| Upper explosion limit                   | : no data available                                        |
| Lower explosion limit                   | : no data available                                        |
| Vapour pressure                         | : no data available                                        |
| Relative vapour density                 | : no data available                                        |
| Relative density                        | : 2.45 - 2.55                                              |
| Water solubility                        | : insoluble                                                |
| Solubility in other solvents            | : no data available                                        |
| Partition coefficient: n-octanol/water  | : no data available                                        |
| Auto-ignition temperature               | : no data available                                        |
| Thermal decomposition                   | : no data available                                        |
| Viscosity, kinematic                    | : no data available                                        |
| Explosive properties                    | : no data available                                        |
| Oxidizing properties                    | : The substance or mixture is not classified as oxidizing. |
| Molecular weight                        | : no data available                                        |
| VOC                                     | : no data available                                        |

#### Section: 10. STABILITY AND REACTIVITY

|                                    |                                                                                              |
|------------------------------------|----------------------------------------------------------------------------------------------|
| Chemical stability                 | : Stable under normal conditions.                                                            |
| Possibility of hazardous reactions | : No dangerous reaction known under conditions of normal use.                                |
| Conditions to avoid                | : None known.                                                                                |
| Incompatible materials             | : None known.                                                                                |
| Hazardous decomposition products   | : In case of fire hazardous decomposition products may be produced such as:<br>Carbon oxides |

#### Section: 11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure : Inhalation, Eye contact, Skin contact

##### Potential Health Effects

|            |                                                               |
|------------|---------------------------------------------------------------|
| Eyes       | : Health injuries are not known or expected under normal use. |
| Skin       | : Health injuries are not known or expected under normal use. |
| Ingestion  | : Health injuries are not known or expected under normal use. |
| Inhalation | : Health injuries are not known or expected under normal use. |

## SAFETY DATA SHEET

### QSR FRYER CLEANSER

Chronic Exposure : Health injuries are not known or expected under normal use.

#### Experience with human exposure

Eye contact : No symptoms known or expected.

Skin contact : No symptoms known or expected.

Ingestion : No symptoms known or expected.

Inhalation : No symptoms known or expected.

#### Toxicity

##### Product

Acute oral toxicity : no data available

Acute inhalation toxicity : no data available

Acute dermal toxicity : no data available

Skin corrosion/irritation : No skin irritation

Serious eye damage/eye irritation : No eye irritation

Respiratory or skin sensitization : no data available

Carcinogenicity : no data available

Reproductive effects : no data available

Germ cell mutagenicity : no data available

Teratogenicity : no data available

STOT - single exposure : no data available

STOT - repeated exposure : no data available

Aspiration toxicity : no data available

### Section: 12. ECOLOGICAL INFORMATION

#### Ecotoxicity

Environmental Effects : This product has no known ecotoxicological effects.

#### Product

Toxicity to fish : no data available

Toxicity to daphnia and other aquatic invertebrates : no data available

Toxicity to algae : no data available

#### Persistence and degradability

Not applicable - inorganic

#### Bioaccumulative potential

no data available

#### Mobility in soil

## SAFETY DATA SHEET

### QSR FRYER CLEANSER

no data available

#### Other adverse effects

no data available

### Section: 13. DISPOSAL CONSIDERATIONS

Disposal methods : Diluted product can be flushed to sanitary sewer.

Disposal considerations : Dispose of in accordance with local, state, and federal regulations.

### Section: 14. TRANSPORT INFORMATION

The shipper/consignor/sender is responsible to ensure that the packaging, labeling, and markings are in compliance with the selected mode of transport.

#### Land transport (TDG)

Not dangerous goods

#### Sea transport (IMDG/IMO)

Not dangerous goods

### Section: 15. REGULATORY INFORMATION

This product has been classified according to the hazard criteria of the HPR and the SDS contains all of the information required by the HPR.

**The components of this product are reported in the following inventories:**

#### Switzerland. New notified substances and declared preparations :

On the inventory, or in compliance with the inventory

#### United States TSCA Inventory :

On the inventory, or in compliance with the inventory

#### Canadian Domestic Substances List (DSL) :

All components of this product are on the Canadian DSL.

#### Australia. Industrial Chemical (Notification and Assessment) Act :

On the inventory, or in compliance with the inventory

#### New Zealand. Inventory of Chemicals (NZIoC), as published by ERMA New Zealand :

On the inventory, or in compliance with the inventory

#### Japan. ENCS - Existing and New Chemical Substances Inventory :

not determined

#### Korea. Korean Existing Chemicals Inventory (KECI) :

On the inventory, or in compliance with the inventory

#### Philippines Inventory of Chemicals and Chemical Substances (PICCS) :

On the inventory, or in compliance with the inventory

#### China Inventory of Existing Chemical Substances :

On the inventory, or in compliance with the inventory

## SAFETY DATA SHEET

### QSR FRYER CLEANSER

Taiwan Chemical Substance Inventory :

On the inventory, or in compliance with the inventory

#### Section: 16. OTHER INFORMATION

NFPA:

HMIS III:

|                 |   |
|-----------------|---|
| HEALTH          | 0 |
| FLAMMABILITY    | 0 |
| PHYSICAL HAZARD | 0 |

0 = not significant, 1 = Slight,  
2 = Moderate, 3 = High  
4 = Extreme, \* = Chronic

Issuing date : 04/11/2019
