

## SAFETY DATA SHEET

### Cloruro de Sodio Industrial

#### SECTION 1. PRODUCT AND COMPANY IDENTIFICATION

Product name : Cloruro de Sodio Industrial

Other means of identification : Not applicable

Recommended use : Water treatment chemical

Restrictions on use : Reserved for industrial and professional use.

Product dilution information : Product is sold ready to use.

Company : ECOLAB S. DE R.L. DE C.V.  
EDIFICIO CORPORATIVO CENTURY PLAZA.  
AVENIDA SANTA FE N°. 440 PISO 6 Y 7  
COLONIA SANTA FE  
DELEGACIÓN CUAJIMALPA, CIUDAD DE MEXICO, Mexico  
C.P. 05349  
(55) 1253 1900

Emergency telephone : 01 800 837 2998 Please request assistance in Spanish language

Issuing date : 24.08.2018

#### SECTION 2. HAZARDS IDENTIFICATION

##### GHS Classification

Acute toxicity (Oral), Category 5  
Eye irritation, Category 2B

H303  
H320

##### GHS label elements

Signal Word : Warning

Hazard Statements : H303 May be harmful if swallowed.  
H320 Causes eye irritation.

Precautionary Statements : **Prevention:**  
P264 Wash skin thoroughly after handling.  
**Response:**  
P305 + P351 + P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.  
P312 Call a POISON CENTER or doctor/ physician if you feel unwell.

Other hazards : None known.

#### SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Pure substance/mixture : Mixture

Chemical name  
sodium chloride

CAS-No.  
7647-14-5

Concentration (%)  
90 - 100

#### SECTION 4. FIRST AID MEASURES

In case of eye contact : Rinse with plenty of water.

## SAFETY DATA SHEET

### Cloruro de Sodio Industrial

|                                                             |                                                                                |
|-------------------------------------------------------------|--------------------------------------------------------------------------------|
| In case of skin contact                                     | : Rinse with plenty of water.                                                  |
| If swallowed                                                | : Rinse mouth. Get medical attention if symptoms occur.                        |
| If inhaled                                                  | : Get medical attention if symptoms occur.                                     |
| Protection of first-aiders                                  | : No special precautions are necessary for first aid responders.               |
| Notes to physician                                          | : Treat symptomatically.                                                       |
| Most important symptoms and effects, both acute and delayed | : See Section 11 for more detailed information on health effects and symptoms. |

#### SECTION 5. FIRE-FIGHTING MEASURES

|                                                |                                                                                                                                                               |
|------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Suitable extinguishing media                   | : Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.                                                     |
| Unsuitable extinguishing media                 | : None known.                                                                                                                                                 |
| Specific hazards during fire fighting          | : Not flammable or combustible.                                                                                                                               |
| Hazardous combustion products                  | : Decomposition products may include the following materials:<br>Carbon oxides<br>Nitrogen oxides (NO <sub>x</sub> )<br>Sulfur oxides<br>Oxides of phosphorus |
| Special protective equipment for fire-fighters | : Use personal protective equipment.                                                                                                                          |
| Specific extinguishing methods                 | : Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations.                                           |

#### SECTION 6. ACCIDENTAL RELEASE MEASURES

|                                                                     |                                                              |
|---------------------------------------------------------------------|--------------------------------------------------------------|
| Personal precautions, protective equipment and emergency procedures | : Refer to protective measures listed.                       |
| Environmental precautions                                           | : Do not allow contact with soil, surface or ground water.   |
| Methods and materials for containment and cleaning up               | : Sweep up and shovel into suitable containers for disposal. |

#### SECTION 7. HANDLING AND STORAGE

|                             |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Advice on safe handling     | : Do not ingest. Wash hands thoroughly after handling.                 |
| Conditions for safe storage | : Keep out of reach of children. Store in suitable labeled containers. |
| Storage temperature         | : 0 °C to 50 °C                                                        |

#### SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

## SAFETY DATA SHEET

### Cloruro de Sodio Industrial

#### Ingredients with workplace control parameters

Contains no substances with occupational exposure limit values.

Engineering measures : Good general ventilation should be sufficient to control worker exposure to airborne contaminants.

#### Personal protective equipment

Eye protection : No special protective equipment required.

Hand protection : No special protective equipment required.

Skin protection : No special protective equipment required.

Respiratory protection : No personal respiratory protective equipment normally required.

Hygiene measures : Handle in accordance with good industrial hygiene and safety practice. Wash face, hands and any exposed skin thoroughly after handling.

#### SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

|                                         |                     |
|-----------------------------------------|---------------------|
| Appearance                              | : Crystalline solid |
| Color                                   | : clear             |
| Odor                                    | : odorless          |
| pH                                      | : Not applicable    |
| Flash point                             | : Not applicable    |
| Odor Threshold                          | : No data available |
| Melting point/freezing point            | : No data available |
| Initial boiling point and boiling range | : No data available |
| Evaporation rate                        | : No data available |
| Flammability (solid, gas)               | : No data available |
| Upper explosion limit                   | : No data available |
| Lower explosion limit                   | : No data available |
| Vapor pressure                          | : No data available |
| Relative vapor density                  | : No data available |
| Relative density                        | : No data available |
| Water solubility                        | : No data available |
| Solubility in other solvents            | : No data available |
| Partition coefficient: n-octanol/water  | : No data available |
| Autoignition temperature                | : No data available |
| Thermal decomposition                   | : No data available |
| Viscosity, kinematic                    | : No data available |
| Explosive properties                    | : No data available |

## SAFETY DATA SHEET

### Cloruro de Sodio Industrial

Oxidizing properties : No data available  
Molecular weight : No data available  
VOC : No data available

#### SECTION 10. STABILITY AND REACTIVITY

Chemical stability : Stable under normal conditions.  
Possibility of hazardous reactions : No dangerous reaction known under conditions of normal use.  
Conditions to avoid : None known.  
Incompatible materials : None known.  
Hazardous decomposition products : In case of fire hazardous decomposition products may be produced such as:  
Carbon oxides  
Nitrogen oxides (NO<sub>x</sub>)  
Sulfur oxides  
Oxides of phosphorus

#### SECTION 11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure : Eye contact, Skin contact

##### Potential Health Effects

Eyes : Causes eye irritation.  
Skin : Health injuries are not known or expected under normal use.  
Ingestion : May be harmful if swallowed.  
Inhalation : Health injuries are not known or expected under normal use.  
Chronic Exposure : Health injuries are not known or expected under normal use.

##### Experience with human exposure

Eye contact : Redness, Irritation  
Skin contact : No symptoms known or expected.  
Ingestion : No symptoms known or expected.  
Inhalation : No symptoms known or expected.

##### Toxicity

##### Product

Acute oral toxicity : Acute toxicity estimate : 3.004 mg/kg  
Acute inhalation toxicity : No data available  
Acute dermal toxicity : No data available

## SAFETY DATA SHEET

### Cloruro de Sodio Industrial

|                                   |                       |
|-----------------------------------|-----------------------|
| Skin corrosion/irritation         | : No data available   |
| Serious eye damage/eye irritation | : Mild eye irritation |
| Respiratory or skin sensitization | : No data available   |
| Carcinogenicity                   | : No data available   |
| Reproductive effects              | : No data available   |
| Germ cell mutagenicity            | : No data available   |
| Teratogenicity                    | : No data available   |
| STOT-single exposure              | : No data available   |
| STOT-repeated exposure            | : No data available   |
| Aspiration toxicity               | : No data available   |

#### Ingredients

|                       |                                                  |
|-----------------------|--------------------------------------------------|
| Acute dermal toxicity | : sodium chloride<br>LD50 Rabbit: > 10.000 mg/kg |
|-----------------------|--------------------------------------------------|

### SECTION 12. ECOLOGICAL INFORMATION

#### Ecotoxicity

|                       |                                                       |
|-----------------------|-------------------------------------------------------|
| Environmental Effects | : This product has no known ecotoxicological effects. |
|-----------------------|-------------------------------------------------------|

#### Product

|                                                     |                     |
|-----------------------------------------------------|---------------------|
| Toxicity to fish                                    | : No data available |
| Toxicity to daphnia and other aquatic invertebrates | : No data available |
| Toxicity to algae                                   | : No data available |

#### Ingredients

|                  |                                                 |
|------------------|-------------------------------------------------|
| Toxicity to fish | : sodium chloride<br>96 h LC50 Fish: 5.840 mg/l |
|------------------|-------------------------------------------------|

#### Persistence and degradability

Not applicable - inorganic

#### Bioaccumulative potential

No data available

#### Mobility in soil

No data available

#### Other adverse effects

No data available

### SECTION 13. DISPOSAL CONSIDERATIONS

|                         |                                                                        |
|-------------------------|------------------------------------------------------------------------|
| Disposal methods        | : Diluted product can be flushed to sanitary sewer.                    |
| Disposal considerations | : Dispose of in accordance with local, state, and federal regulations. |

## SAFETY DATA SHEET

### Cloruro de Sodio Industrial

#### SECTION 14. TRANSPORT INFORMATION

The shipper/consignor/sender is responsible to ensure that the packaging, labeling, and markings are in compliance with the selected mode of transport.

**Land transport: generally applicable for transport in Mexico.**

Not dangerous goods

**Air transport (IATA)**

Contact Regulatory for air freight eligibility

**Sea transport (IMDG/IMO)**

Not dangerous goods

#### SECTION 15. REGULATORY INFORMATION

Mexico: Our SDS meets the requirements established by the Official Mexican Regulation NOM-018-STPS-2015, Harmonized System for the identification and communication of hazards and risks by dangerous chemical substances in work centers.

#### SECTION 16. OTHER INFORMATION

**NFPA:**

**HMIS III:**

|                 |   |
|-----------------|---|
| HEALTH          | 1 |
| FLAMMABILITY    | 0 |
| PHYSICAL HAZARD | 0 |

0 = not significant, 1 = Slight,  
2 = Moderate, 3 = High  
4 = Extreme, \* = Chronic

Revision Date : 24.08.2018  
Version : 1.0  
Prepared by : Regulatory Affairs

REVISED INFORMATION: Significant changes to regulatory or health information for this revision is indicated by a bar in the left-hand margin of the MSDS.

The information provided in this Material Safety Data Sheet is considered correct but is not thorough and is intended for guidance only, which is based on current knowledge of the substance or mixture and is applicable to the appropriate safety precautions for the product.
