

**Section: 1. PRODUCT AND COMPANY IDENTIFICATION**

Product name : RESTAURANT ESSENTIALS DELIMER

Other means of identification : Not applicable.

Recommended use : Delimer

Restrictions on use : Reserved for industrial and professional use.

Product dilution information : Product is sold ready to use.

Company : ECOLAB INTERNATIONAL SDN. BHD.  
Suite 12-01, 12-02 & 12-03A, Level 12, The Pinnacle, Persiaran  
Lagoon, Bandar Sunway  
46150 Petaling Jaya, Selangor Malaysia  
603-7628 5200

Emergency telephone number : 1800 181 880

Issuing date : 11.02.2022

**Section: 2. HAZARDS IDENTIFICATION**
**GHS Classification**

Corrosive to metals : Category 1  
Skin corrosion/irritation : Category 2  
Serious eye damage/eye irritation : Category 2

**GHS Label element**

Hazard pictograms :

Signal Word : Warning

Hazard Statements : May be corrosive to metals.  
Causes skin irritation.  
Causes serious eye irritation.

Precautionary Statements : **Prevention:**  
Keep only in original container. Wash skin thoroughly after handling.  
Wear protective gloves/ eye protection/ face protection.  
**Response:**  
IF ON SKIN: Wash with plenty of soap and water. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If skin irritation occurs: If eye irritation persists: Get medical advice/ attention. Take off contaminated clothing and wash before reuse. Absorb spillage to prevent material damage.  
**Storage:**  
Store in corrosive resistant container with a resistant inner liner.

Other hazards : Do not mix with bleach or other chlorinated products – will cause

## SAFETY DATA SHEET

### RESTAURANT ESSENTIALS DELIMER

chlorine gas.

#### Section: 3. COMPOSITION/INFORMATION ON INGREDIENTS

Pure substance/mixture : Mixture

| Chemical Name     | CAS-No.   | Concentration: (%) |
|-------------------|-----------|--------------------|
| Phosphoric acid   | 7664-38-2 | 10 - 30            |
| hydrochloric acid | 7647-01-0 | 1 - 5              |

#### Section: 4. FIRST AID MEASURES

In case of eye contact : Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention.

In case of skin contact : Wash off immediately with plenty of water for at least 15 minutes. Use a mild soap if available. Get medical attention if irritation develops and persists.

If swallowed : Rinse mouth. Get medical attention if symptoms occur.

If inhaled : Get medical attention if symptoms occur.

Protection of first-aiders : If potential for exposure exists refer to Section 8 for specific personal protective equipment.

Notes to physician : Treat symptomatically.

Most important symptoms and effects, both acute and delayed : See Section 11 for more detailed information on health effects and symptoms.

#### Section: 5. FIREFIGHTING MEASURES

Suitable extinguishing media : Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

Unsuitable extinguishing media : None known.

Specific hazards during firefighting : Not flammable or combustible.

Hazardous combustion products : Decomposition products may include the following materials:  
Carbon oxides  
Oxides of phosphorus  
Halogenated compounds

Special protective equipment for firefighters : Use personal protective equipment.

Specific extinguishing methods : Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations. In the event of fire and/or explosion do not breathe fumes.

#### Section: 6. ACCIDENTAL RELEASE MEASURES

## SAFETY DATA SHEET

### RESTAURANT ESSENTIALS DELIMER

Personal precautions, protective equipment and emergency procedures : Ensure clean-up is conducted by trained personnel only. Refer to protective measures listed in sections 7 and 8.

Environmental precautions : Do not allow contact with soil, surface or ground water.

Methods and materials for containment and cleaning up : Stop leak if safe to do so. Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see section 13). Flush away traces with water. For large spills, dike spilled material or otherwise contain material to ensure runoff does not reach a waterway.

#### Section: 7. HANDLING AND STORAGE

Advice on safe handling : Avoid contact with skin and eyes. Wash hands thoroughly after handling. Do not mix with bleach or other chlorinated products – will cause chlorine gas. In case of mechanical malfunction, or if in contact with unknown dilution of product, wear full Personal Protective Equipment (PPE).

Conditions for safe storage : Keep out of reach of children. Keep container tightly closed. Store in suitable labeled containers.

Storage temperature : -10 °C to 45 °C

#### Section: 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

##### Components with workplace control parameters

| Components        | CAS-No.   | Form of exposure | Permissible concentration      | Basis  |
|-------------------|-----------|------------------|--------------------------------|--------|
| Phosphoric acid   | 7664-38-2 | TWA              | 1 mg/m <sup>3</sup>            | MY OEL |
| hydrochloric acid | 7647-01-0 | CEIL             | 5 ppm<br>7.5 mg/m <sup>3</sup> | MY OEL |

Engineering measures : Good general ventilation should be sufficient to control worker exposure to airborne contaminants.

##### Personal protective equipment

Eye protection : Safety glasses with side-shields

Hand protection : Wear the following personal protective equipment:  
Standard glove type.  
butyl-rubber  
Nitrile  
Unsupported neoprene  
Gloves should be discarded and replaced if there is any indication of degradation or chemical breakthrough.

Skin protection : Personal protective equipment comprising: suitable protective gloves, safety goggles and protective clothing

Respiratory protection : When workers are facing concentrations above the exposure limit they must use appropriate certified respirators.

## SAFETY DATA SHEET

### RESTAURANT ESSENTIALS DELIMER

An acid gas cartridge may be used.

Hygiene measures : Handle in accordance with good industrial hygiene and safety practice. Wash face, hands and any exposed skin thoroughly after handling.

#### Section: 9. PHYSICAL AND CHEMICAL PROPERTIES

|                                         |                                                            |
|-----------------------------------------|------------------------------------------------------------|
| Appearance                              | : liquid                                                   |
| Colour                                  | : clear, green                                             |
| Odour                                   | : odourless                                                |
| pH                                      | : 1.3 - 1.5, (100 %)                                       |
| Flash point                             | : Not applicable.                                          |
| Odour Threshold                         | : no data available                                        |
| Melting point/freezing point            | : no data available                                        |
| Initial boiling point and boiling range | : > 100 °C                                                 |
| Evaporation rate                        | : no data available                                        |
| Flammability (solid, gas)               | : Not applicable.                                          |
| Upper explosion limit                   | : no data available                                        |
| Lower explosion limit                   | : no data available                                        |
| Vapour pressure                         | : no data available                                        |
| Relative vapour density                 | : no data available                                        |
| Relative density                        | : 1.05 - 1.1                                               |
| Water solubility                        | : soluble                                                  |
| Solubility in other solvents            | : no data available                                        |
| Partition coefficient: n-octanol/water  | : no data available                                        |
| Auto-ignition temperature               | : no data available                                        |
| Thermal decomposition                   | : no data available                                        |
| Viscosity, kinematic                    | : no data available                                        |
| Explosive properties                    | : no data available                                        |
| Oxidizing properties                    | : The substance or mixture is not classified as oxidizing. |
| Molecular weight                        | : no data available                                        |
| VOC                                     | : no data available                                        |

#### Section: 10. STABILITY AND REACTIVITY

|                                    |                                                                                   |
|------------------------------------|-----------------------------------------------------------------------------------|
| Reactivity                         | : No dangerous reaction known under conditions of normal use.                     |
| Chemical stability                 | : Stable under normal conditions.                                                 |
| Possibility of hazardous reactions | : Do not mix with bleach or other chlorinated products – will cause chlorine gas. |
| Conditions to avoid                | : None known.                                                                     |

## SAFETY DATA SHEET

### RESTAURANT ESSENTIALS DELIMER

|                                  |                                                                                                                                               |
|----------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------|
| Incompatible materials           | : Chlorine-based bleaching agents<br>Mild steel<br>Bases                                                                                      |
| Hazardous decomposition products | : In case of fire hazardous decomposition products may be produced such as:<br>Carbon oxides<br>Halogenated compounds<br>Oxides of phosphorus |

#### Section: 11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure : Inhalation, Eye contact, Skin contact

##### Potential Health Effects

|                  |                                                               |
|------------------|---------------------------------------------------------------|
| Eyes             | : Causes serious eye irritation.                              |
| Skin             | : Causes skin irritation.                                     |
| Ingestion        | : Health injuries are not known or expected under normal use. |
| Inhalation       | : Health injuries are not known or expected under normal use. |
| Chronic Exposure | : Health injuries are not known or expected under normal use. |

##### Experience with human exposure

|              |                                  |
|--------------|----------------------------------|
| Eye contact  | : Redness, Pain, Irritation      |
| Skin contact | : Redness, Pain, Irritation      |
| Ingestion    | : No symptoms known or expected. |
| Inhalation   | : No symptoms known or expected. |

##### Toxicity

##### Product

|                                   |                     |
|-----------------------------------|---------------------|
| Acute oral toxicity               | : no data available |
| Acute inhalation toxicity         | : no data available |
| Acute dermal toxicity             | : no data available |
| Skin corrosion/irritation         | : no data available |
| Serious eye damage/eye irritation | : no data available |
| Respiratory or skin sensitization | : no data available |
| Carcinogenicity                   | : no data available |
| Reproductive effects              | : no data available |
| Germ cell mutagenicity            | : no data available |
| Teratogenicity                    | : no data available |

## SAFETY DATA SHEET

### RESTAURANT ESSENTIALS DELIMER

STOT - single exposure : no data available

STOT - repeated exposure : no data available

Aspiration toxicity : no data available

#### Components

Acute oral toxicity : Phosphoric acid  
LD50 rat: > 2,600 mg/kg

#### Components

Acute inhalation toxicity : Phosphoric acid  
4 h LC50 rat: 0.962 mg/l Test atmosphere: dust/mist

hydrochloric acid  
4 h LC50 rat: 3789 ppm Test atmosphere: gas

#### Components

Acute dermal toxicity : Phosphoric acid  
LD50 rabbit: > 2,000 mg/kg

### Section: 12. ECOLOGICAL INFORMATION

#### Toxicity

Environmental Effects : This product has no known ecotoxicological effects.

#### Product

Toxicity to fish : no data available

Toxicity to daphnia and other aquatic invertebrates : no data available

Toxicity to algae : no data available

#### Components

Toxicity to daphnia and other aquatic invertebrates : Phosphoric acid  
48 h EC50 Daphnia magna (Water flea): > 100 mg/l

#### Components

Toxicity to algae : Phosphoric acid  
72 h EC50 Desmodesmus subspicatus (green algae): > 100 mg/l

#### Persistence and degradability

Not applicable - inorganic

#### Bioaccumulative potential

no data available

#### Mobility in soil

no data available

#### Other adverse effects

no data available

### Section: 13. DISPOSAL CONSIDERATIONS

## SAFETY DATA SHEET

### RESTAURANT ESSENTIALS DELIMER

- Disposal methods : Where possible recycling is preferred to disposal or incineration. If recycling is not practicable, dispose of contents/container in accordance with local regulations. Dispose of wastes in an approved waste disposal facility.
- Disposal considerations : Dispose of as unused product. Empty containers should be taken to an approved waste handling site for recycling or disposal. Do not re-use empty containers. Dispose of in accordance with local, state, and federal regulations.

#### Section: 14. TRANSPORT INFORMATION

The shipper/consignor/sender is responsible to ensure that the packaging, labeling, and markings are in compliance with the selected mode of transport.

##### Land transport

- UN number : 3264
- Proper shipping name : CORROSIVE LIQUID, ACIDIC, INORGANIC, N.O.S.  
(Phosphoric acid, Hydrochloric acid)
- Class : 8
- Packing group : III
- Hazchem Code : 2X
- Environmentally hazardous : No

##### Sea transport (IMDG/IMO)

- UN number : 3264
- Proper shipping name : CORROSIVE LIQUID, ACIDIC, INORGANIC, N.O.S.  
(Phosphoric acid, Hydrochloric acid)
- Class : 8
- Packing group : III
- Marine pollutant : No

#### Section: 15. REGULATORY INFORMATION

##### National Regulations

Occupational Safety and Health (Classification, Labelling and Safety Data Sheet of Hazardous Chemicals) Regulation 2013  
Occupational Safety and Health Act 1994  
Environmental Quality Act 1974

**The components of this product are reported in the following inventories:**

##### United States TSCA Inventory :

All substances listed as active on the TSCA inventory

##### Canadian Domestic Substances List (DSL) :

All components of this product are on the Canadian DSL.

##### Australia. Australian Industrial Chemicals Introduction Scheme (AICIS) :

On the inventory, or in compliance with the inventory

##### New Zealand. Inventory of Chemicals (NZIoC), as published by ERMA New Zealand :

not determined

## SAFETY DATA SHEET

### RESTAURANT ESSENTIALS DELIMER

**Japan. ENCS - Existing and New Chemical Substances Inventory :**

On the inventory, or in compliance with the inventory

**Korea. Korean Existing Chemicals Inventory (KECI) :**

On the inventory, or in compliance with the inventory

**Philippines Inventory of Chemicals and Chemical Substances (PICCS) :**

On the inventory, or in compliance with the inventory

**China Inventory of Existing Chemical Substances :**

On the inventory, or in compliance with the inventory

**Taiwan Chemical Substance Inventory :**

On the inventory, or in compliance with the inventory

#### Section: 16. OTHER INFORMATION

Issuing date : 11.02.2022  
version : 1.2  
Prepared by : Regulatory Affairs

REVISED INFORMATION: Significant changes to regulatory or health information for this revision is indicated by a bar in the left-hand margin of the SDS.

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
