

## SAFETY DATA SHEET

### AB HAND SOAP

Issuing date: 30.09.2019

Version: 1.2

#### SECTION 1. IDENTIFICATION OF THE CHEMICAL AND COMPANY

Product name : AB HAND SOAP

Other means of identification : Not applicable

Recommended use : Hand Soap

Restrictions on use : Reserved for industrial and professional use.

Product dilution information : Product is sold ready to use.

Company : Chile ECOLAB S.A.  
Avenida Pedro de Valdivia 3801  
Santiago, Santiago Chile  
(2)-22413300, Telephone: (2)-22381603, Telephone: SAC: 600 241 6600  
sac.chile@ecolab.com

Emergency telephone : (+56-2) 2635-3600 (CITUC) EMERGENCY PHONE

Toxicological Emergency Phone : CITUC (+56-2) 2635-3800 (24 hours) Toxicological Emergencies

#### SECTION 2. HAZARDS IDENTIFICATION

**Classification according to NCh 382** : Not classified according to NCh 382

**Distintivo según NCh 2190** : Not classified according to NCh 382

**GHS Classification**

Eye irritation : Category 2B

**GHS label elements**

Signal Word : Warning

Hazard Statements : Causes eye irritation.

Precautionary Statements : **Prevention:**  
Wash skin thoroughly after handling.  
**Response:**  
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/ attention.

**Other hazards** : None known.

#### SECTION 3. COMPOSITION/INFORMATION OF INGREDIENTS

Pure substance/mixture : Mixture

| Chemical name            | CAS-No.  | Concentration (%) |
|--------------------------|----------|-------------------|
| 2-methylpentane-2,4-diol | 107-41-5 | 1 - 5             |
| Tetrasodium EDTA         | 64-02-8  | 1 - 5             |

## SAFETY DATA SHEET

### AB HAND SOAP

#### SECTION 4. FIRST AID MEASURES

|                            |                                                                  |
|----------------------------|------------------------------------------------------------------|
| In case of eye contact     | : Rinse with plenty of water.                                    |
| In case of skin contact    | : Rinse with plenty of water.                                    |
| If swallowed               | : Rinse mouth. Get medical attention if symptoms occur.          |
| If inhaled                 | : Get medical attention if symptoms occur.                       |
| Protection of first-aiders | : No special precautions are necessary for first aid responders. |
| Notes to physician         | : Treat symptomatically.                                         |

#### Expected acute effects

|            |                                                               |
|------------|---------------------------------------------------------------|
| Eyes       | : Causes eye irritation.                                      |
| Skin       | : Health injuries are not known or expected under normal use. |
| Ingestion  | : Health injuries are not known or expected under normal use. |
| Inhalation | : Health injuries are not known or expected under normal use. |

#### Expected chronic effects

|                  |                                                               |
|------------------|---------------------------------------------------------------|
| Chronic Exposure | : Health injuries are not known or expected under normal use. |
|------------------|---------------------------------------------------------------|

#### Most important symptoms / effects

|              |                                  |
|--------------|----------------------------------|
| Eye contact  | : Redness, Irritation            |
| Skin contact | : No symptoms known or expected. |
| Ingestion    | : No symptoms known or expected. |
| Inhalation   | : No symptoms known or expected. |

#### SECTION 5. FIREFIGHTING MEASURES

|                                                           |                                                                                                                                                  |
|-----------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|
| Extinguishing Agents                                      | : Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.                                        |
| Unsuitable extinguishing agents                           | : None known.                                                                                                                                    |
| Specific hazards during fire fighting                     | : Not flammable or combustible.                                                                                                                  |
| Products generated in combustion and thermal degradation  | : Decomposition products may include the following materials:<br>Carbon oxides<br>Nitrogen oxides (NOx)<br>Sulfur oxides<br>Oxides of phosphorus |
| Precautions for Emergency Personnel and / or Firefighters | : Use personal protective equipment.                                                                                                             |

## SAFETY DATA SHEET

### AB HAND SOAP

Specific extinguishing methods : Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations.

#### SECTION 6. MEASURES IN CASE OF ACCIDENTAL SPILLAGE

Personal precautions, protective equipment and emergency procedures : Refer to protective measures listed.

Environmental precautions : Do not allow contact with soil, surface or ground water.

Methods and materials for containment and cleaning up : Stop leak if safe to do so. Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see section 13). Flush away traces with water. For large spills, dike spilled material or otherwise contain material to ensure runoff does not reach a waterway.

#### SECTION 7. HANDLING AND STORAGE

##### Handling

Advice on safe handling : Wash hands thoroughly after handling. In case of mechanical malfunction, or if in contact with unknown dilution of product, wear full Personal Protective Equipment (PPE).

##### Storage

Conditions for safe storage : Keep out of reach of children. Store in suitable labeled containers.

Recommended and unsuitable packaging by supplier : Use high density plastic containers.

Storage temperature : 0 °C to 50 °C

#### SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

##### Ingredients with workplace control parameters

| Components               | CAS-No.  | Form of exposure                        | Permissible concentration | Basis             |
|--------------------------|----------|-----------------------------------------|---------------------------|-------------------|
| 2-methylpentane-2,4-diol | 107-41-5 | CMP-C                                   | 25 ppm                    | AR OEL            |
| 2-methylpentane-2,4-diol | 107-41-5 | CEIL                                    | 25 ppm<br>121 mg/m3       | PE OEL            |
| 2-methylpentane-2,4-diol | 107-41-5 | LB                                      | 25 ppm                    | VE OEL            |
| 2-methylpentane-2,4-diol | 107-41-5 | VLE-P                                   | 25 ppm                    | NOM-010-STPS-2014 |
| 2-methylpentane-2,4-diol | 107-41-5 | Ceiling                                 | 25 ppm<br>125 mg/m3       | NIOSH REL         |
|                          |          | TWA (Vapor)                             | 25 ppm                    | ACGIH             |
|                          |          | STEL (Vapor)                            | 50 ppm                    | ACGIH             |
|                          |          | STEL (Inhalable fraction, Aerosol only) | 10 mg/m3                  | ACGIH             |

Engineering measures : Good general ventilation should be sufficient to control worker exposure to airborne contaminants.

## SAFETY DATA SHEET

### AB HAND SOAP

#### Personal protective equipment

|                        |                                                                                                                                           |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------|
| Eye protection         | : No special protective equipment required.                                                                                               |
| Hand protection        | : No special protective equipment required.                                                                                               |
| Skin protection        | : No special protective equipment required.                                                                                               |
| Respiratory protection | : No personal respiratory protective equipment normally required.                                                                         |
| Hygiene measures       | : Handle in accordance with good industrial hygiene and safety practice. Wash face, hands and any exposed skin thoroughly after handling. |

#### SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

|                                         |                        |
|-----------------------------------------|------------------------|
| Appearance                              | : liquid               |
| Color                                   | : clear, natural color |
| Odor                                    | : slight               |
| pH                                      | : 8,5 - 9,5, (100 %)   |
| Flash point                             | : Not applicable       |
| Odor Threshold                          | : No data available    |
| Melting point/freezing point            | : No data available    |
| Initial boiling point and boiling range | : No data available    |
| Evaporation rate                        | : No data available    |
| Flammability (solid, gas)               | : Not applicable       |
| Upper explosion limit                   | : No data available    |
| Lower explosion limit                   | : No data available    |
| Vapor pressure                          | : No data available    |
| Relative vapor density                  | : No data available    |
| Relative density                        | : 0,98 - 1,06          |
| Water solubility                        | : soluble              |
| Solubility in other solvents            | : No data available    |
| Partition coefficient: n-octanol/water  | : No data available    |
| Autoignition temperature                | : No data available    |
| Thermal decomposition                   | : No data available    |
| Viscosity, kinematic                    | : No data available    |
| Explosive properties                    | : No data available    |
| Oxidizing properties                    | : No data available    |
| Molecular weight                        | : No data available    |
| VOC                                     | : No data available    |

#### SECTION 10. STABILITY AND REACTIVITY

## SAFETY DATA SHEET

### AB HAND SOAP

|                                    |                                                                                                                                                                |
|------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Reactivity                         | : No dangerous reaction known under conditions of normal use.                                                                                                  |
| Chemical stability                 | : Stable under normal conditions.                                                                                                                              |
| Possibility of hazardous reactions | : No dangerous reaction known under conditions of normal use.                                                                                                  |
| Conditions to avoid                | : None known.                                                                                                                                                  |
| Incompatible materials             | : None known.                                                                                                                                                  |
| Hazardous decomposition products   | : In case of fire hazardous decomposition products may be produced such as:<br>Carbon oxides<br>Nitrogen oxides (NOx)<br>Sulfur oxides<br>Oxides of phosphorus |

### SECTION 11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure : Inhalation, Eye contact, Skin contact

#### Toxicity

##### Product

|                                   |                                           |
|-----------------------------------|-------------------------------------------|
| Acute oral toxicity               | : Acute toxicity estimate : > 5.000 mg/kg |
| Acute inhalation toxicity         | : No data available                       |
| Acute dermal toxicity             | : No data available                       |
| Skin corrosion/irritation         | : No data available                       |
| Serious eye damage/eye irritation | : Mild eye irritation                     |
| Respiratory or skin sensitization | : No data available                       |
| Carcinogenicity                   | : No data available                       |
| Reproductive effects              | : No data available                       |
| Germ cell mutagenicity            | : No data available                       |
| Teratogenicity                    | : No data available                       |
| STOT-single exposure              | : No data available                       |
| STOT-repeated exposure            | : No data available                       |
| Aspiration toxicity               | : No data available                       |

### SECTION 12. ECOLOGICAL INFORMATION

#### Ecotoxicity

Environmental Effects : This product has no known ecotoxicological effects.

##### Product

|                               |                     |
|-------------------------------|---------------------|
| Toxicity to fish              | : No data available |
| Toxicity to daphnia and other | : No data available |

## SAFETY DATA SHEET

### AB HAND SOAP

aquatic invertebrates

Toxicity to algae : No data available

#### Components

Toxicity to fish : Tetrasodium EDTA  
96 h LC50 Fish: 121 mg/l

#### Components

Toxicity to daphnia and other aquatic invertebrates : 2-methylpentane-2,4-diol  
48 h EC50: 2.800 mg/l

#### Persistence and degradability

Poorly biodegradable

#### Bioaccumulative potential

No data available

#### Mobility in soil

No data available

#### Other adverse effects

No data available

### SECTION 13. INFORMATION OF DISPOSAL

Disposal of contaminated packaging : In accordance with what is described by Supreme Decree No. 148, the packaging of the product is considered hazardous waste and must be disposed of through companies authorized to receive and / or treat such waste, which must be issued and final disposal certificate waste.

### SECTION 14. TRANSPORT INFORMATION

The shipper/consignor/sender is responsible to ensure that the packaging, labeling, and markings are in compliance with the selected mode of transport.

#### Land transport

##### Official transport classification of the United Nations

Not dangerous goods

#### Air transport (IATA)

##### Official transport classification of the United Nations

Contact Regulatory for air freight eligibility

#### Sea transport (IMDG/IMO)

##### Official transport classification of the United Nations

Not dangerous goods

### SECTION 15. REGULATORY INFORMATION

#### Registrations and Certifications

Chile: Our HDS meets Chilean Normative: NCH 2245: 2015 (Safety Data Sheet for chemical products - Content and order of sections)

# SAFETY DATA SHEET

## AB HAND SOAP

The receiver should pay attention to the possible existence of local regulations.

NCh 1411: Prevention of risks, IV identification of risks of materials

NCh 2190: Transportation of Hazardous Substances - Pictograms for hazard identification

NCh 382: Dangerous Good - Classification

D.S. No. 594: Minimum basic conditions in the workplace

D.S. No. 148: Hazardous waste disposal

D.S. No. 72: Mining Safety Regulations

D. S. No. 43: reports on the storage of hazardous substances

D. S. No. 40: Reporting on exposure hazards

## SECTION 16. OTHER INFORMATION

### NFPA:

### HMIS III:

|                 |   |
|-----------------|---|
| HEALTH          | 1 |
| FLAMMABILITY    | 0 |
| PHYSICAL HAZARD | 0 |

0 = not significant, 1 = Slight,  
2 = Moderate, 3 = High  
4 = Extreme, \* = Chronic

Issuing date : 30.09.2019  
Version : 1.2  
Prepared by : Regulatory Affairs

While there is no change in the formula or hazard classifications, this SDS remains valid.

REVISED INFORMATION: Significant changes to regulatory or health information for this revision is indicated by a bar in the left-hand margin of the SDS.

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
