

## SAFETY DATA SHEET

### KAY WATERLESS URINAL & TOILET CLEANER

#### SECTION 1. PRODUCT AND COMPANY IDENTIFICATION

Product name : KAY WATERLESS URINAL & TOILET CLEANER

Other means of identification : Not applicable

Recommended use : Cleaning product

Restrictions on use : Reserved for industrial and professional use.

Product dilution information : Product is sold ready to use.

Company : Kay Chemical Company  
8300 Capital Drive  
Greensboro, North Carolina USA 27409  
1-800-529-5458

Emergency telephone : 1-877-231-2615 (USA/Canada), 952-853-1713 (outside USA)

Issuing date : 30.06.2015

#### SECTION 2. HAZARDS IDENTIFICATION

Physical and chemical hazards : Not flammable or combustible.

##### Potential Health Effects

Eyes : Causes eye irritation.

Skin : Causes mild skin irritation.

Ingestion : Health injuries are not known or expected under normal use.

Inhalation : Health injuries are not known or expected under normal use.

Chronic Exposure : Health injuries are not known or expected under normal use.

#### SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Pure substance/mixture : Mixture

| Chemical Name                   | CAS-No.    | Concentration (%) |
|---------------------------------|------------|-------------------|
| Propylene glycol                | 57-55-6    | 1 - 5             |
| sodium dodecylbenzene sulfonate | 25155-30-0 | 1 - 5             |

#### SECTION 4. FIRST AID MEASURES

In case of eye contact : Rinse with plenty of water.

In case of skin contact : Rinse with plenty of water.

If swallowed : Rinse mouth. Get medical attention if symptoms occur.

If inhaled : Get medical attention if symptoms occur.

Protection of first-aiders : No special precautions are necessary for first aid responders.

## SAFETY DATA SHEET

### KAY WATERLESS URINAL & TOILET CLEANER

|                                                             |                                                                                |
|-------------------------------------------------------------|--------------------------------------------------------------------------------|
| Notes to physician                                          | : Treat symptomatically.                                                       |
| Most important symptoms and effects, both acute and delayed | : See Section 11 for more detailed information on health effects and symptoms. |

#### SECTION 5. FIRE-FIGHTING MEASURES

|                                                |                                                                                                                                                  |
|------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|
| Suitable extinguishing media                   | : Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.                                        |
| Unsuitable extinguishing media                 | : None known.                                                                                                                                    |
| Specific hazards during fire fighting          | : Not flammable or combustible.                                                                                                                  |
| Hazardous combustion products                  | : Decomposition products may include the following materials:<br>Carbon oxides<br>Nitrogen oxides (NOx)<br>Sulfur oxides<br>Oxides of phosphorus |
| Special protective equipment for fire-fighters | : Use personal protective equipment.                                                                                                             |
| Specific extinguishing methods                 | : Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations.                              |

#### SECTION 6. ACCIDENTAL RELEASE MEASURES

|                                                                     |                                                                                                                                                                                                                                                                                                                                                                                                               |
|---------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Personal precautions, protective equipment and emergency procedures | : Refer to protective measures listed in sections 7 and 8.                                                                                                                                                                                                                                                                                                                                                    |
| Environmental precautions                                           | : Do not allow contact with soil, surface or ground water.                                                                                                                                                                                                                                                                                                                                                    |
| Methods and materials for containment and cleaning up               | : Stop leak if safe to do so. Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see section 13). Flush away traces with water. For large spills, dike spilled material or otherwise contain material to ensure runoff does not reach a waterway. |

#### SECTION 7. HANDLING AND STORAGE

|                             |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Advice on safe handling     | : Wash hands thoroughly after handling.                                |
| Conditions for safe storage | : Keep out of reach of children. Store in suitable labeled containers. |
| Storage temperature         | : 5 °C to 45 °C                                                        |

#### SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Ingredients with workplace control parameters

## SAFETY DATA SHEET

### KAY WATERLESS URINAL & TOILET CLEANER

| Ingredients      | CAS-No. | Form of exposure | Permissible concentration | Basis   |
|------------------|---------|------------------|---------------------------|---------|
| Propylene glycol | 57-55-6 | TWA              | 10 mg/m3                  | US WEEL |

Engineering measures : Good general ventilation should be sufficient to control worker exposure to airborne contaminants.

#### Personal protective equipment

Eye protection : No special protective equipment required.

Hand protection : No special protective equipment required.

Skin protection : No special protective equipment required.

Respiratory protection : No personal respiratory protective equipment normally required.

Hygiene measures : Handle in accordance with good industrial hygiene and safety practice. Wash face, hands and any exposed skin thoroughly after handling.

#### SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

|                                         |                                                |
|-----------------------------------------|------------------------------------------------|
| Appearance                              | : liquid                                       |
| Color                                   | : opaque, white                                |
| Odor                                    | : citrus                                       |
| pH                                      | : 7.0 - 9.0, 100 %                             |
| Flash point                             | : Not applicable, Does not sustain combustion. |
| Odor Threshold                          | : No data available                            |
| Melting point/freezing point            | : No data available                            |
| Initial boiling point and boiling range | : > 100 °C                                     |
| Evaporation rate                        | : No data available                            |
| Flammability (solid, gas)               | : No data available                            |
| Upper explosion limit                   | : No data available                            |
| Lower explosion limit                   | : No data available                            |
| Vapor pressure                          | : No data available                            |
| Relative vapor density                  | : No data available                            |
| Relative density                        | : 1.0 - 1.01                                   |
| Water solubility                        | : soluble                                      |
| Solubility in other solvents            | : No data available                            |
| Partition coefficient: n-octanol/water  | : No data available                            |
| Autoignition temperature                | : No data available                            |
| Thermal decomposition                   | : No data available                            |
| Viscosity, kinematic                    | : No data available                            |
| Explosive properties                    | : No data available                            |

## SAFETY DATA SHEET

### KAY WATERLESS URINAL & TOILET CLEANER

|                      |                                                            |
|----------------------|------------------------------------------------------------|
| Oxidizing properties | : The substance or mixture is not classified as oxidizing. |
| Molecular weight     | : No data available                                        |
| VOC                  | : No data available                                        |

#### SECTION 10. STABILITY AND REACTIVITY

|                                    |                                                                                                                                                               |
|------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Chemical stability                 | : Stable under normal conditions.                                                                                                                             |
| Possibility of hazardous reactions | : No dangerous reaction known under conditions of normal use.                                                                                                 |
| Conditions to avoid                | : None known.                                                                                                                                                 |
| Incompatible materials             | : Metals                                                                                                                                                      |
| Hazardous decomposition products   | : Decomposition products may include the following materials:<br>Carbon oxides<br>Nitrogen oxides (NO <sub>x</sub> )<br>Sulfur oxides<br>Oxides of phosphorus |

#### SECTION 11. TOXICOLOGICAL INFORMATION

|                                          |                                         |
|------------------------------------------|-----------------------------------------|
| Information on likely routes of exposure | : Inhalation, Eye contact, Skin contact |
|------------------------------------------|-----------------------------------------|

##### Potential Health Effects

|                  |                                                               |
|------------------|---------------------------------------------------------------|
| Eyes             | : Causes eye irritation.                                      |
| Skin             | : Causes mild skin irritation.                                |
| Ingestion        | : Health injuries are not known or expected under normal use. |
| Inhalation       | : Health injuries are not known or expected under normal use. |
| Chronic Exposure | : Health injuries are not known or expected under normal use. |

##### Experience with human exposure

|              |                                  |
|--------------|----------------------------------|
| Eye contact  | : Redness, Irritation            |
| Skin contact | : slight irritation              |
| Ingestion    | : No symptoms known or expected. |
| Inhalation   | : No symptoms known or expected. |

##### Toxicity

|                           |                     |
|---------------------------|---------------------|
| Acute oral toxicity       | : No data available |
| Acute inhalation toxicity | : No data available |
| Acute dermal toxicity     | : No data available |
| Skin corrosion/irritation | : No data available |

## SAFETY DATA SHEET

### KAY WATERLESS URINAL & TOILET CLEANER

Serious eye damage/eye irritation : Mild eye irritation

Respiratory or skin sensitization : No data available

Carcinogenicity : No data available

Reproductive effects : No data available

Germ cell mutagenicity : No data available

Teratogenicity : No data available

STOT-single exposure : No data available

STOT-repeated exposure : No data available

Aspiration toxicity : No data available

#### Ingredients

Acute oral toxicity : Propylene glycol  
LD50 Rat: 22,000 mg/kg  
  
sodium dodecylbenzene sulfonate  
LD50 Rat: 1,086 mg/kg

#### Ingredients

Acute inhalation toxicity : Propylene glycol  
4 h LC50 Rat: > 158.5 mg/l

### SECTION 12. ECOLOGICAL INFORMATION

#### Ecotoxicity

Environmental Effects : This product has no known ecotoxicological effects.

#### Product

Toxicity to fish : No data available

Toxicity to daphnia and other aquatic invertebrates : No data available

Toxicity to algae : No data available

#### Ingredients

Toxicity to fish : Propylene glycol  
96 h LC50: > 10,000 mg/l  
  
sodium dodecylbenzene sulfonate  
96 h LC50: 3.2 mg/l

#### Ingredients

Toxicity to daphnia and other aquatic invertebrates : Propylene glycol  
48 h EC50: 18,340 mg/l

#### Ingredients

Toxicity to algae : Propylene glycol  
96 h EC50: 19,000 mg/l

#### Persistence and degradability

## SAFETY DATA SHEET

### KAY WATERLESS URINAL & TOILET CLEANER

The surfactants contained in the product are biodegradable according to the requirements of the detergent regulation 648/2004/EC

#### Bioaccumulative potential

No data available

#### Mobility in soil

No data available

#### Other adverse effects

No data available

### SECTION 13. DISPOSAL CONSIDERATIONS

Disposal methods : Diluted product can be flushed to sanitary sewer.

Disposal considerations : Dispose of in accordance with local, state, and federal regulations.

### SECTION 14. TRANSPORT INFORMATION

#### Air transport (IATA)

Not dangerous goods

#### Sea transport (IMDG/IMO)

Not dangerous goods

### SECTION 15. REGULATORY INFORMATION

For Regulatory information please contact your Ecolab sales representative.

### SECTION 16. OTHER INFORMATION

#### NFPA:

#### HMIS III:

|                 |   |
|-----------------|---|
| HEALTH          | 1 |
| FLAMMABILITY    | 0 |
| PHYSICAL HAZARD | 0 |

0 = not significant, 1 = Slight,  
2 = Moderate, 3 = High  
4 = Extreme, \* = Chronic

Issuing date : 30.06.2015  
Version : 1.0  
Prepared by : Regulatory Affairs

REVISED INFORMATION: Significant changes to regulatory or health information for this revision is indicated by a bar in the left-hand margin of the MSDS.

## **SAFETY DATA SHEET**

### **KAY WATERLESS URINAL & TOILET CLEANER**

The information provided in this Material Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
