

# ProFoam<sup>®</sup> Platinum Safety Data Sheet

Issue Date: 29-Jul-2016

Revision Date: 28-Apr-2022

Version 2

## 1. IDENTIFICATION

### Product identifier

**Product Name** ProFoam Platinum

### Other means of identification

**SDS #** NIS-010

### Recommended use of the chemical and restrictions on use

**Recommended Use** Foaming agent.

### Details of the supplier of the safety data sheet

#### **Manufacturer Address**

Nisus Corporation  
100 Nisus Drive  
Rockford, TN 37853

#### **Emergency telephone number**

**Company Phone Number** Phone: (800)-264-0870  
Fax: (865) 577-5825  
**Emergency Telephone** INFOTRAC 1-352-323-3500 (International)  
1-800-535-5053 (North America)

## 2. HAZARDS IDENTIFICATION

**Appearance** Viscous amber liquid

**Physical state** Liquid

**Odor** Distinct odor

### Classification

|                                   |            |
|-----------------------------------|------------|
| Skin corrosion/irritation         | Category 2 |
| Serious eye damage/eye irritation | Category 1 |

### Signal Word

**Danger**

### Hazard statements

Causes skin irritation  
Causes serious eye damage

### Precautionary Statements - Prevention

Wash face, hands and any exposed skin thoroughly after handling  
Wear protective gloves/protective clothing/eye protection/face protection

**Precautionary Statements - Response**

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing  
Immediately call a poison center or doctor/physician  
IF ON SKIN: Wash with plenty of water and soap  
If skin irritation occurs: Get medical advice/attention  
Take off contaminated clothing and wash before reuse

**Other hazards**

Harmful to aquatic life with long lasting effects

**3. COMPOSITION/INFORMATION ON INGREDIENTS**

| Chemical name                               | CAS No     | Weight-% |
|---------------------------------------------|------------|----------|
| Sulfuric acid, monodecyl ester, sodium salt | 142-87-0   | 5-10     |
| Sodium lauryl sulfate                       | 151-21-3   | 5-10     |
| Alkylpolyglycoside C8-10                    | 68515-73-1 | 1-5      |

\*\*If Chemical Name/CAS No is "proprietary" and/or Weight-% is listed as a range, the specific chemical identity and/or percentage of composition has been withheld as a trade secret.\*\*

**4. FIRST AID MEASURES****Description of first aid measures**

|                       |                                                                                                                                                                                        |
|-----------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>General Advice</b> | Provide this SDS to medical personnel for treatment.                                                                                                                                   |
| <b>Eye Contact</b>    | IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center or doctor/physician. |
| <b>Skin Contact</b>   | IF ON SKIN: Wash with plenty of water and soap. If skin irritation or rash occurs: Get medical advice/attention. Wash contaminated clothing before reuse.                              |
| <b>Inhalation</b>     | Remove to fresh air.                                                                                                                                                                   |
| <b>Ingestion</b>      | Clean mouth with water and drink afterwards plenty of water.                                                                                                                           |

**Most important symptoms and effects, both acute and delayed**

|                 |                                                    |
|-----------------|----------------------------------------------------|
| <b>Symptoms</b> | Causes skin irritation. Causes serious eye damage. |
|-----------------|----------------------------------------------------|

**Indication of any immediate medical attention and special treatment needed**

|                           |                        |
|---------------------------|------------------------|
| <b>Notes to Physician</b> | Treat symptomatically. |
|---------------------------|------------------------|

**5. FIRE-FIGHTING MEASURES****Suitable Extinguishing Media**

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

**Unsuitable Extinguishing Media** Not determined.

**Specific Hazards Arising from the Chemical**

Not determined.

**Protective equipment and precautions for firefighters**

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

## 6. ACCIDENTAL RELEASE MEASURES

### Personal precautions, protective equipment and emergency procedures

**Personal Precautions** Use personal protective equipment as required.

### Environmental precautions

**Environmental precautions** See Section 12 for additional Ecological Information.

### Methods and material for containment and cleaning up

**Methods for Containment** Prevent further leakage or spillage if safe to do so.

**Methods for Clean-Up** Keep in suitable, closed containers for disposal.

## 7. HANDLING AND STORAGE

### Precautions for safe handling

**Advice on Safe Handling** Handle in accordance with good industrial hygiene and safety practice. Avoid breathing dust/fume/gas/mist/vapors/spray. Contaminated work clothing must not be allowed out of the workplace. Wear protective gloves/protective clothing and eye/face protection.

### Conditions for safe storage, including any incompatibilities

**Storage Conditions** Keep containers tightly closed in a dry, cool and well-ventilated place.

**Incompatible Materials** None known based on information supplied.

## 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

### Exposure Guidelines

This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies

### Appropriate engineering controls

**Engineering Controls** Apply technical measures to comply with the occupational exposure limits.

### Individual protection measures, such as personal protective equipment

**Eye/Face Protection** Refer to 29 CFR 1910.133 for eye and face protection regulations.

**Skin and Body Protection** Refer to 29 CFR 1910.138 for appropriate skin and body protection.

**Respiratory Protection** Refer to 29 CFR 1910.134 for respiratory protection requirements.

**General Hygiene Considerations** Handle in accordance with good industrial hygiene and safety practice.

## 9. PHYSICAL AND CHEMICAL PROPERTIES

### Information on basic physical and chemical properties

|                       |                      |                       |                |
|-----------------------|----------------------|-----------------------|----------------|
| <b>Physical state</b> | Liquid               | <b>Odor</b>           | Distinct odor  |
| <b>Appearance</b>     | Viscous amber liquid | <b>Odor Threshold</b> | Not determined |
| <b>Color</b>          | Amber                |                       |                |

| <u>Property</u>                        | <u>Values</u>           | <u>Remarks • Method</u> |
|----------------------------------------|-------------------------|-------------------------|
| pH                                     | 8.3                     | @ 25 °C                 |
| Melting point / freezing point         | Not determined          |                         |
| Boiling point / boiling range          | Not determined          |                         |
| Flash point                            | Not determined          |                         |
| Evaporation Rate                       | Not determined          |                         |
| Flammability (Solid, Gas)              | Liquid - Not Applicable |                         |
| Flammability Limit in Air              |                         |                         |
| Upper flammability or explosive limits | Not determined          |                         |
| Lower flammability or explosive limits | Not determined          |                         |
| Vapor Pressure                         | 3.2 kPa                 | @ 25 °C                 |
| Vapor Density                          | Not determined          |                         |
| Relative Density                       | Not determined          |                         |
| Water Solubility                       | Not determined          |                         |
| Solubility in other solvents           | Not determined          |                         |
| Partition Coefficient                  | Not determined          |                         |
| Autoignition temperature               | Not determined          |                         |
| Decomposition temperature              | Not determined          |                         |
| Kinematic viscosity                    | 1172 cp                 | @ 25 °C                 |
| Dynamic Viscosity                      | Not determined          |                         |
| Explosive Properties                   | Not an explosive        |                         |
| Oxidizing Properties                   | Not an oxidizer         |                         |

## 10. STABILITY AND REACTIVITY

### Reactivity

Not reactive under normal conditions.

### Chemical stability

Stable under recommended storage conditions.

### Possibility of hazardous reactions

None under normal processing.

### Conditions to Avoid

Keep out of reach of children.

### Incompatible materials

None known based on information supplied.

### Hazardous decomposition products

None known based on information supplied.

## 11. TOXICOLOGICAL INFORMATION

### Information on likely routes of exposure

#### Product Information

|                     |                          |
|---------------------|--------------------------|
| <b>Eye Contact</b>  | Avoid contact with eyes. |
| <b>Skin Contact</b> | Avoid contact with skin. |
| <b>Inhalation</b>   | Do not inhale.           |
| <b>Ingestion</b>    | Do not ingest.           |

**Component Information**

| Chemical name                                                       | Oral LD50             | Dermal LD50             | Inhalation LC50                      |
|---------------------------------------------------------------------|-----------------------|-------------------------|--------------------------------------|
| Sulfuric acid, monodecyl ester, sodium salt<br>142-87-0             | = 1950 mg/kg ( Rat )  | -                       | -                                    |
| Sodium lauryl sulfate<br>151-21-3                                   | = 1288 mg/kg ( Rat )  | = 200 mg/kg ( Rabbit )  | > 3900 mg/m <sup>3</sup> ( Rat ) 1 h |
| Sulfuric Acid, mono-C10-16-alkyl esters, sodium salts<br>68585-47-7 | > 2000 mg/kg ( Rat )  | -                       | -                                    |
| Alkylpolyglycoside C8-10<br>68515-73-1                              | -                     | > 2000 mg/kg ( Rabbit ) | -                                    |
| Sodium sulfate<br>7757-82-6                                         | > 10000 mg/kg ( Rat ) | -                       | -                                    |

**Symptoms related to the physical, chemical and toxicological characteristics****Symptoms**

Please see section 4 of this SDS for symptoms.

**Delayed and immediate effects as well as chronic effects from short and long-term exposure****Skin corrosion/irritation**

Causes skin irritation.

**Serious eye damage/eye irritation**

Causes serious eye damage.

**Carcinogenicity**

Based on the information provided, this product does not contain any carcinogens or potential carcinogens as listed by OSHA, IARC or NTP.

**Numerical measures of toxicity**

The following values are calculated based on chapter 3.1 of the GHS document

Oral LD50 10,415.00 mg/kg

Dermal LD50 26,532.40 mg/kg

ATEmix (inhalation-dust/mist) 17.70 mg/L

**12. ECOLOGICAL INFORMATION****Ecotoxicity**

Harmful to aquatic life with long lasting effects.

**Component Information**

| Chemical name                     | Algae/aquatic plants                                                                                                                                                                                                        | Fish                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            | Crustacea                         |

**Persistence/Degradability**

Not determined.

**Bioaccumulation**

There is no data for this product.

**Mobility**

| Chemical name                     | Partition coefficient |
|-----------------------------------|-----------------------|
| Sodium lauryl sulfate<br>151-21-3 | 1.6                   |

**Other Adverse Effects**

Not determined

## 13. DISPOSAL CONSIDERATIONS

**Waste Treatment Methods****Disposal of Wastes**

Disposal should be in accordance with applicable regional, national and local laws and regulations.

**Contaminated Packaging**

Disposal should be in accordance with applicable regional, national and local laws and regulations.

## 14. TRANSPORT INFORMATION

**Note**

Please see current shipping paper for most up to date shipping information, including exemptions and special circumstances.

**DOT**

Not regulated

**IATA**

Not regulated

**IMDG****Marine Pollutant**

Yes

## 15. REGULATORY INFORMATION

### International Inventories

| Chemical name                                         | TSCA | TSCA Inventory Status | DSL/NDSL | EINECS/ELINCS | ENCS | IECSC | KECL | PICCS | AICS |
|-------------------------------------------------------|------|-----------------------|----------|---------------|------|-------|------|-------|------|
| Sulfuric acid, monodecyl ester, sodium salt           | X    | ACTIVE                | X        | X             | X    | X     | X    | X     | X    |
| Sodium lauryl sulfate                                 | X    | ACTIVE                | X        | X             | X    | X     | X    | X     | X    |
| Sulfuric Acid, mono-C10-16-alkyl esters, sodium salts | X    | ACTIVE                | X        | X             | X    | X     | X    | X     | X    |
| Alkylpolyglycoside C8-10                              | X    | ACTIVE                | X        | X             | X    | X     | X    | X     | X    |
| Sodium sulfate                                        | X    | ACTIVE                | X        | X             | X    | X     | X    | X     | X    |

#### **Legend:**

**TSCA** - United States Toxic Substances Control Act Section 8(b) Inventory

**DSL/NDSL** - Canadian Domestic Substances List/Non-Domestic Substances List

**EINECS/ELINCS** - European Inventory of Existing Chemical Substances/European List of Notified Chemical Substances

**ENCS** - Japan Existing and New Chemical Substances

**IECSC** - China Inventory of Existing Chemical Substances

**KECL** - Korean Existing and Evaluated Chemical Substances

**PICCS** - Philippines Inventory of Chemicals and Chemical Substances

**AICS** - Australian Inventory of Chemical Substances

### US Federal Regulations

#### **CERCLA**

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355).

#### **SARA 313**

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372

#### **CWA (Clean Water Act)**

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)

### US State Regulations

#### **California Proposition 65**

This product does not contain any Proposition 65 chemicals.

### U.S. State Right-to-Know Regulations
