

550mm

STERIL FOAM**ACTIVE INGREDIENTS:** Amines, c10-16-alkyldimethyl, n-oxides 10.0 g/L

Steril Foam is a neutral sanitiser for use in food processing industries. Steril Foam has excellent antibacterial action and fungicidal properties and can be used on processing equipment, floors and walls. Steril Foam produces highly stable foam making it ideal for Ecolab's Doonway Sanitation System.

DIRECTIONS FOR USE

Steril Foam can be applied by foam or spray application at 1.0 to 2.0% v/v (10ml to 20ml per litre). Allow sanitiser to reside on surfaces for 10 to 15 minutes. Post rinse food contacting surfaces with potable water.

Consult your Ecolab Representative for specific use instructions and recommended dispensing equipment.

FIRST AID:

Immediately call the NATIONAL POISONS CENTRE 0800 764 766 or a doctor/physician, have product container or label at hand.

If skin irritation occurs: Get medical advice/attention.

IF SWALLOWED: Do not induce vomiting. Never give anything by mouth to an unconscious person. If irritation persists, get medical attention.

IF ON SKIN (or hair): Immediately flush skin with plenty of water. Get medical attention if irritation persists. Wash clothing before reuse. Clean shoes thoroughly before reuse. Remove contaminated clothing and shoes.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. Wash hands after handling.

IF INHALED: Remove to fresh air.

PRECAUTIONS: Keep out of reach of children. Read label before use. Wear eye or face protection.

STORAGE: Keep out of reach of children. Keep container tightly closed. Keep container in a cool, well-ventilated area.

DISPOSAL: Prevent spill entering water drains. Absorb on vermiculite and collect in drums. Small spills may be flushed away with water.
