

## SAFETY DATA SHEET

### BEVERAGE TOWER DRAIN CLEANER

#### Section: 1. PRODUCT AND COMPANY IDENTIFICATION

Product name : BEVERAGE TOWER DRAIN CLEANER

Other means of identification : Not applicable.

Recommended use : Drain Cleaner

Restrictions on use : Reserved for industrial and professional use.

Product dilution information : 3.0 %

Company : Ecolab New Zealand  
2A Pacific Rise  
Mt. Wellington, Auckland New Zealand  
+64 7 958 2319

Emergency telephone : 0800 243 622 (0800 CHEMCALL)  
number : +64 7 958 2372 (International)

Issuing date : 06.04.2021

#### Section: 2. HAZARDS IDENTIFICATION

##### HSNO Hazard classification

##### Product AS SOLD

Skin irritation : 6.3 B  
Eye irritation : 6.4 A  
Aquatic toxicity (Acute or Chronic) : 9.1 D

##### Product AT USE DILUTION

Not a hazardous substance or mixture.

##### GHS Label element

##### Product AS SOLD

Hazard pictograms :

Signal Word : Warning

Hazard Statements : Causes mild skin irritation.  
Causes serious eye irritation.  
Harmful to aquatic life.

Precautionary Statements : **Prevention:**  
Wash skin thoroughly after handling. Avoid release to the environment.  
**Response:**  
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If skin irritation occurs: Get medical advice/attention. If eye irritation persists: Get medical advice/ attention.  
**Disposal:**

## SAFETY DATA SHEET

### BEVERAGE TOWER DRAIN CLEANER

Dispose of contents/ container to an approved waste disposal plant.

#### Product AT USE DILUTION

Precautionary Statements : **Prevention:**  
Wash hands thoroughly after handling.  
**Response:**  
Get medical advice/ attention if you feel unwell.  
**Storage:**  
Store in accordance with local regulations.

#### Product AS SOLD

**Other hazards** : Do not mix with bleach or other chlorinated products – will cause chlorine gas.

### Section: 3. COMPOSITION/INFORMATION ON INGREDIENTS

#### Product AS SOLD

Pure substance/mixture : Mixture

| Chemical Name              | CAS-No.    | Concentration: (%) |
|----------------------------|------------|--------------------|
| sodium hydrogencarbonate   | 144-55-8   | 30 - 60            |
| citric acid                | 77-92-9    | 5 - 10             |
| Sodium Carbonate           | 497-19-8   | 5 - 10             |
| Organic sulfonic acid salt | 25155-30-0 | 1 - 5              |
| kaolin                     | 1332-58-7  | 1 - 5              |
| Cellulose ethers           | 9004-34-6  | 1 - 5              |
| Cellulases                 | 9012-54-8  | 0.1 - 1            |
| titanium dioxide           | 13463-67-7 | 0.1 - 1            |

#### Product AT USE DILUTION

| Chemical Name            | CAS-No.  | Concentration: (%) |
|--------------------------|----------|--------------------|
| sodium hydrogencarbonate | 144-55-8 | 1 - 5              |

### Section: 4. FIRST AID MEASURES

#### Product AS SOLD

In case of eye contact : Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/ attention.

In case of skin contact : Rinse with plenty of water.

If swallowed : Rinse mouth. Get medical attention if symptoms occur.

If inhaled : Remove to fresh air. Get medical attention if symptoms occur.

Protection of first-aiders : If potential for exposure exists refer to Section 8 for specific personal protective equipment.

Notes to physician : Treat symptomatically.

Most important symptoms and effects, both acute and delayed : See Section 11 for more detailed information on health effects and symptoms.

#### Product AT USE DILUTION

In case of eye contact : Rinse with plenty of water.

#### Section: 5. FIREFIGHTING MEASURES

##### Product AS SOLD

|                                               |                                                                                                                                                                                 |
|-----------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Suitable extinguishing media                  | : Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.                                                                       |
| Unsuitable extinguishing media                | : None known.                                                                                                                                                                   |
| Specific hazards during firefighting          | : Not flammable or combustible.                                                                                                                                                 |
| Hazardous combustion products                 | : Decomposition products may include the following materials:<br>Carbon oxides<br>nitrogen oxides (NOx)<br>Sulphur oxides                                                       |
| Special protective equipment for firefighters | : Use personal protective equipment.                                                                                                                                            |
| Specific extinguishing methods                | : Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations. In the event of fire and/or explosion do not breathe fumes. |

#### Section: 6. ACCIDENTAL RELEASE MEASURES

##### Product AS SOLD

|                                                                     |                                                                                                                    |
|---------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------|
| Personal precautions, protective equipment and emergency procedures | : Ensure clean-up is conducted by trained personnel only. Refer to protective measures listed in sections 7 and 8. |
| Environmental precautions                                           | : Do not allow contact with soil, surface or ground water.                                                         |
| Methods and materials for containment and cleaning up               | : Sweep up and shovel into suitable containers for disposal.                                                       |

##### Product AT USE DILUTION

|                                                                     |                                                                                                                                                                                                                                                                                                                                                                                                               |
|---------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Personal precautions, protective equipment and emergency procedures | : Refer to protective measures listed in sections 7 and 8.                                                                                                                                                                                                                                                                                                                                                    |
| Environmental precautions                                           | : No special environmental precautions required.                                                                                                                                                                                                                                                                                                                                                              |
| Methods and materials for containment and cleaning up               | : Stop leak if safe to do so. Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see section 13). Flush away traces with water. For large spills, dike spilled material or otherwise contain material to ensure runoff does not reach a waterway. |

## SAFETY DATA SHEET

### BEVERAGE TOWER DRAIN CLEANER

#### Section: 7. HANDLING AND STORAGE

##### Product AS SOLD

Advice on safe handling : Do not ingest. Avoid contact with skin and eyes. Wash hands thoroughly after handling. Do not get in eyes, on skin, or on clothing. Do not mix with bleach or other chlorinated products – will cause chlorine gas. In case of mechanical malfunction, or if in contact with unknown dilution of product, wear full Personal Protective Equipment (PPE).

Conditions for safe storage : Keep out of reach of children. Keep container tightly closed. Store in suitable labeled containers.

Storage temperature : 0 °C to 50 °C

##### Product AT USE DILUTION

Advice on safe handling : Wash hands after handling. In case of mechanical malfunction, or if in contact with unknown dilution of product, wear full Personal Protective Equipment (PPE). For personal protection see section 8.

Conditions for safe storage : Keep out of reach of children. Keep container tightly closed. Store in suitable labeled containers.

#### Section: 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

##### Product AS SOLD

##### Components with workplace control parameters

| Components       | CAS-No.    | Form of exposure             | Permissible concentration | Basis  |
|------------------|------------|------------------------------|---------------------------|--------|
| kaolin           | 1332-58-7  | WES-TWA<br>(Respirable dust) | 2 mg/m <sup>3</sup>       | NZ OEL |
|                  |            | WES-TWA                      | 10 mg/m <sup>3</sup>      | NZ OEL |
| Cellulose ethers | 9004-34-6  | WES-TWA                      | 10 mg/m <sup>3</sup>      | NZ OEL |
| titanium dioxide | 13463-67-7 | WES-TWA                      | 10 mg/m <sup>3</sup>      | NZ OEL |

Engineering measures : Effective exhaust ventilation system. Maintain air concentrations below occupational exposure standards.

##### Personal protective equipment

Eye protection : Due to the form and packaging of the product, no protective equipment is needed under normal use conditions.

Hand protection : Due to the form and packaging of the product, no protective equipment is needed under normal use conditions.

Skin protection : Due to the form and packaging of the product, no protective equipment is needed under normal use conditions.

Respiratory protection : Refer to AS/NZS 1715 and AS/NZS 1716 for selection, use and maintenance of respiratory protective equipment as applicable.

Hygiene measures : Handle in accordance with good industrial hygiene and safety practice. Remove and wash contaminated clothing before re-use. Wash face, hands and any exposed skin thoroughly after handling.

## SAFETY DATA SHEET

### BEVERAGE TOWER DRAIN CLEANER

#### Product AT USE DILUTION

Engineering measures : Good general ventilation should be sufficient to control worker exposure to airborne contaminants.

#### Personal protective equipment

Eye protection : No special protective equipment required.

Hand protection : No special protective equipment required.

Skin protection : No special protective equipment required.

Respiratory protection : Refer to AS/NZS 1715 and AS/NZS 1716 for selection, use and maintenance of respiratory protective equipment as applicable.

|------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------|
| Reactivity                         | : No dangerous reaction known under conditions of normal use.                                                                           |
| Chemical stability                 | : Stable under normal conditions.                                                                                                       |
| Possibility of hazardous reactions | : Do not mix with bleach or other chlorinated products – will cause chlorine gas.                                                       |
| Conditions to avoid                | : None known.                                                                                                                           |
| Incompatible materials             | : Strong bases<br>Oxidizing agents<br>Strong acids                                                                                      |
| Hazardous decomposition products   | : In case of fire hazardous decomposition products may be produced such as:<br>Carbon oxides<br>nitrogen oxides (NOx)<br>Sulphur oxides |

#### Section: 11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure : Inhalation, Eye contact, Skin contact

##### Potential Health Effects

##### Product AS SOLD

|                  |                                                               |
|------------------|---------------------------------------------------------------|
| Eyes             | : Causes serious eye irritation.                              |
| Skin             | : Causes mild skin irritation.                                |
| Ingestion        | : Health injuries are not known or expected under normal use. |
| Inhalation       | : Health injuries are not known or expected under normal use. |
| Chronic Exposure | : Health injuries are not known or expected under normal use. |

##### Product AT USE DILUTION

|                  |                                                               |
|------------------|---------------------------------------------------------------|
| Eyes             | : Health injuries are not known or expected under normal use. |
| Skin             | : Health injuries are not known or expected under normal use. |
| Ingestion        | : Health injuries are not known or expected under normal use. |
| Inhalation       | : Health injuries are not known or expected under normal use. |
| Chronic Exposure | : Health injuries are not known or expected under normal use. |

##### Experience with human exposure

##### Product AS SOLD

|              |                                  |
|--------------|----------------------------------|
| Eye contact  | : Redness, Pain, Irritation      |
| Skin contact | : slight irritation              |
| Ingestion    | : No symptoms known or expected. |

## SAFETY DATA SHEET

### BEVERAGE TOWER DRAIN CLEANER

Inhalation : No symptoms known or expected.

#### Product AT USE DILUTION

Eye contact : No symptoms known or expected.

Skin contact : No symptoms known or expected.

Ingestion : No symptoms known or expected.

Inhalation : No symptoms known or expected.

#### Toxicity

##### Product AS SOLD

##### Product

Acute oral toxicity : Acute toxicity estimate : > 5,000 mg/kg

Acute inhalation toxicity : no data available

Acute dermal toxicity : no data available

Skin corrosion/irritation : no data available

Serious eye damage/eye irritation : no data available

Respiratory or skin sensitization : no data available

Carcinogenicity : no data available

Reproductive effects : no data available

Germ cell mutagenicity : no data available

Teratogenicity : no data available

STOT - single exposure : no data available

STOT - repeated exposure : no data available

Aspiration toxicity : no data available

##### Components

Acute inhalation toxicity : titanium dioxide  
4 h LC50 rat: > 6.82 mg/l Test atmosphere: dust/mist

##### Components

Acute dermal toxicity : kaolin  
LD50 rat: > 5,000 mg/kg  
  
titanium dioxide  
LD50 rabbit: > 10,000 mg/kg

### Section: 12. ECOLOGICAL INFORMATION

##### Product AS SOLD

##### Toxicity

Environmental Effects : Harmful to aquatic life.

##### Product

## SAFETY DATA SHEET

### BEVERAGE TOWER DRAIN CLEANER

Toxicity to fish : no data available

Toxicity to daphnia and other aquatic invertebrates : no data available

Toxicity to algae : no data available

#### Components

Toxicity to fish : citric acid  
96 h LC50 Fish: > 100 mg/l

Sodium Carbonate  
96 h LC50 Lepomis macrochirus (Bluegill sunfish): 300 mg/l

Organic sulfonic acid salt  
96 h LC50 Fish: 3.2 mg/l

Cellulases  
96 h EC50 Fish: > 300 mg/l

titanium dioxide  
96 h LC50 Fish: > 1,000 mg/l

#### Components

Toxicity to daphnia and other aquatic invertebrates : sodium hydrogencarbonate  
48 h EC50 Daphnia: 41,000 mg/l

Sodium Carbonate  
48 h EC50 Ceriodaphnia (water flea): 213.5 mg/l

#### Persistence and degradability

##### Product AS SOLD

Poorly biodegradable

##### Product AT USE DILUTION

Poorly biodegradable

#### Bioaccumulative potential

no data available

#### Mobility in soil

no data available

#### Other adverse effects

no data available

### Section: 13. DISPOSAL CONSIDERATIONS

##### Product AS SOLD

Disposal methods : The product should not be allowed to enter drains, water courses or the soil. Where possible recycling is preferred to disposal or incineration. If recycling is not practicable, dispose of in compliance with local regulations. Dispose of wastes in an approved waste disposal facility.

Disposal considerations : Dispose of as unused product. Empty containers should be taken to an approved waste handling site for recycling or disposal. Do not re-use empty containers. Dispose of in accordance with local, state, and federal regulations.

## SAFETY DATA SHEET

### BEVERAGE TOWER DRAIN CLEANER

#### Product AT USE DILUTION

Disposal methods : Diluted product can be flushed to sanitary sewer.

Disposal considerations : Dispose of in accordance with local, state, and federal regulations.

#### Section: 14. TRANSPORT INFORMATION

##### Product AS SOLD

The shipper/consignor/sender is responsible to ensure that the packaging, labeling, and markings are in compliance with the selected mode of transport.

##### Land transport (NZ\_DG)

Not dangerous goods

##### Sea transport (IMDG/IMO)

Not dangerous goods

Special precautions for user : None

#### Section: 15. REGULATORY INFORMATION

##### Product AS SOLD

HSNO Approval Number : HSR002530

HSNO Group Standard : Cleaning Products (Subsidiary Hazard) Group Standard 2017

**The components of this product are reported in the following inventories:**

##### United States TSCA Inventory :

All substances listed as active on the TSCA inventory

##### Canadian Domestic Substances List (DSL) :

All components of this product are on the Canadian DSL.

##### Australia. Australian Industrial Chemicals Introduction Scheme (AICIS) :

On the inventory, or in compliance with the inventory

##### New Zealand. Inventory of Chemicals (NZIoC), as published by ERMA New Zealand :

On the inventory, or in compliance with the inventory

##### Japan. ENCS - Existing and New Chemical Substances Inventory :

not determined

##### Korea. Korean Existing Chemicals Inventory (KECI) :

On the inventory, or in compliance with the inventory

##### Philippines Inventory of Chemicals and Chemical Substances (PICCS) :

On the inventory, or in compliance with the inventory

##### China Inventory of Existing Chemical Substances :

On the inventory, or in compliance with the inventory

##### Taiwan Chemical Substance Inventory :

On the inventory, or in compliance with the inventory

## SAFETY DATA SHEET

### BEVERAGE TOWER DRAIN CLEANER

#### Section: 16. OTHER INFORMATION

Issuing date : 06.04.2021  
Version : 2.1  
Prepared by : Regulatory Affairs

REVISED INFORMATION: Significant changes to regulatory or health information for this revision is indicated by a bar in the left-hand margin of the SDS.

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
