

## SAFETY DATA SHEET

### POLY-BRITE

#### SECTION 1. PRODUCT IDENTIFICATION

Product name : POLY-BRITE

Other means of identification : Not applicable

Recommended use : Cleaning product

Product dilution information : 0,3 % - 0,8 %

Company : Manufactured or Distributed in Costa Rica by:  
ECOLAB Costa Rica SRL, Zona Franca BES, El Coyol 7 Km al Oeste  
Aeropuerto Juan Santamaría,  
Alajuela, Costa Rica, Código Postal: Apdo109-4003.

Product Distributed in Honduras by:  
ECOLAB Ofibodega Premier, bodega No.8 en el Boulervar del este a  
30 mts de la caseta de peaje, San Pedro Sula, Honduras

Product Distributed in Panama by:  
ECOLAB ALBROOK COMERCIAL PARK, L. D14, CALLE RUBEN  
DARIO, CURUNDU, PANAMÁ

Product Distributed in El Salvador by:  
ECOLAB, S.A, de C.V. 12 Calle Poniente y 23 Avenida Sur #700 San  
Salvador, El Salvador Colonia Cucumayan.

Product Distributed in Guatemala by:  
ECOLAB S.A. ECOLAB 42 CALLE 23-00 ZONA 12, BODEGA 8

Product Distributed in Nicaragua by:  
ECOLAB C.C.R.L . ECOLAB KM. 16.7 CARRETERA A  
TICUANTEPE, 200 MTS A COMUNIDAD SAN PEDRO,  
TICUANTEPE. - MANAGUA, NICARAGUA

Emergency telephone : Costa Rica: For medical emergency information, call 911 and (506)

Issuing date : 24.09.2020

#### SECTION 2. HAZARD OR HAZARDS IDENTIFICATION

##### GHS Classification

##### Product AS SOLD

Skin corrosion/irritation, Category 1

H314

Serious eye damage/eye irritation, Category 1

H318

# SAFETY DATA SHEET

## POLY-BRITE

### Product AT USE DILUTION

Not a hazardous substance or mixture.

### GHS label elements

#### Product AS SOLD

Hazard pictograms

Signal Word : Danger

Hazard Statements : H314 Causes severe skin burns and eye damage.

Precautionary Statements : **Prevention:**  
P264 Wash skin thoroughly after handling.  
P280 Wear protective gloves/ protective clothing/ eye protection/ face protection.

**Response:**  
P301 + P330 + P331 IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.  
P303 + P361 + P353 IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water.  
P304 + P340 + P310 IF INHALED: Remove person to fresh air and keep comfortable for breathing. Immediately call a POISON CENTER/ doctor.  
P305 + P351 + P338 + P310 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER/ doctor.  
Wash contaminated clothing before reuse.

P363  
**Storage:**  
P405 Store locked up.

**Disposal:**  
P501 Dispose of contents/ container to an approved waste disposal plant.

### Product AT USE DILUTION

Precautionary Statements : **Prevention:**  
P264 Wash hands thoroughly after handling.

**Response:**  
P314 Get medical advice/ attention if you feel unwell.

**Storage:**  
P401 Store in accordance with local regulations.

### Product AS SOLD

Other hazards : None known.

## SECTION 3. COMPOSITION / INFORMATION OF HAZARDOUS INGREDIENTS

### Product AS SOLD

Pure substance/mixture : Mixture

| Chemical name                      | CAS-No.    | Concentration (%) |
|------------------------------------|------------|-------------------|
| disodium metasilicate              | 6834-92-0  | 5 - 10            |
| polyphosphoric acids, sodium salts | 68915-31-1 | 5 - 10            |

## SAFETY DATA SHEET

### POLY-BRITE

triposphoric acid, pentasodium salt  
trisodium phosphate

7758-29-4  
7601-54-9

5 - 10  
1 - 5

#### Product AT USE DILUTION

No hazardous ingredients

#### SECTION 4. FIRST AID MEASURES

##### Product AS SOLD

- In case of eye contact : Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention immediately.
- In case of skin contact : Wash off immediately with plenty of water for at least 15 minutes. Use a mild soap if available. Wash clothing before reuse. Thoroughly clean shoes before reuse. Get medical attention immediately.
- If swallowed : Rinse mouth with water. Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention immediately.
- If inhaled : Remove to fresh air. Treat symptomatically. Get medical attention if symptoms occur.
- Protection of first-aiders : If potential for exposure exists refer to Section 8 for specific personal protective equipment.
- Notes to physician : Treat symptomatically.
- Most important symptoms and effects, both acute and delayed : See Section 11 for more detailed information on health effects and symptoms.

##### Product AT USE DILUTION

- In case of eye contact : Rinse with plenty of water.
- In case of skin contact : Rinse with plenty of water.
- If swallowed : Rinse mouth. Get medical attention if symptoms occur.
- If inhaled : Get medical attention if symptoms occur.

#### Potential Health Effects

##### Product AS SOLD

- Eyes : Causes serious eye damage.
- Skin : Causes severe skin burns.
- Ingestion : Causes digestive tract burns.
- Inhalation : May cause nose, throat, and lung irritation.
- Chronic Exposure : Health injuries are not known or expected under normal use.

##### Product AT USE DILUTION

- Eyes : Health injuries are not known or expected under normal use.

## SAFETY DATA SHEET

|                  |                                                               |
|------------------|---------------------------------------------------------------|
| Skin             | : Health injuries are not known or expected under normal use. |
| Ingestion        | : Health injuries are not known or expected under normal use. |
| Inhalation       | : Health injuries are not known or expected under normal use. |
| Chronic Exposure | : Health injuries are not known or expected under normal use. |

### SECTION 5. FIRE-FIGHTING MEASURES

#### Product AS SOLD

|                                                |                                                                                                                                                                                 |
|------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Suitable extinguishing media                   | : Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.                                                                       |
| Unsuitable extinguishing media                 | : None known.                                                                                                                                                                   |
| Specific hazards during fire fighting          | : Not flammable or combustible.                                                                                                                                                 |
| Hazardous combustion products                  | : Decomposition products may include the following materials:<br>Carbon oxides<br>Nitrogen oxides (NOx)<br>Sulfur oxides<br>Oxides of phosphorus                                |
| Special protective equipment for fire-fighters | : Use personal protective equipment.                                                                                                                                            |
| Specific extinguishing methods                 | : Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations. In the event of fire and/or explosion do not breathe fumes. |

### SECTION 6. MEASURES TO BE TAKEN IN CASE OF ACCIDENTAL SPILLAGE

#### Product AS SOLD

|                                                                     |                                                                                                                                                                                                                                                                                                                                                                                 |
|---------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Personal precautions, protective equipment and emergency procedures | : Ensure adequate ventilation. Keep people away from and upwind of spill/leak. Avoid inhalation, ingestion and contact with skin and eyes. When workers are facing concentrations above the exposure limit they must use appropriate certified respirators. Ensure clean-up is conducted by trained personnel only. Refer to protective measures listed.                        |
| Environmental precautions                                           | : Do not allow contact with soil, surface or ground water.                                                                                                                                                                                                                                                                                                                      |
| Methods and materials for containment and cleaning up               | : Stop leak if safe to do so. Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see section 13). For large spills, dike spilled material or otherwise contain material to ensure runoff does not reach a waterway. |

#### Product AT USE DILUTION

|                                                                     |                                                  |
|---------------------------------------------------------------------|--------------------------------------------------|
| Personal precautions, protective equipment and emergency procedures | : Refer to protective measures listed.           |
| Environmental precautions                                           | : No special environmental precautions required. |

# SAFETY DATA SHEET

## POLY-BRITE

Methods and materials for containment and cleaning up : Stop leak if safe to do so. Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see section 13). For large spills, dike spilled material or otherwise contain material to ensure runoff does not reach a waterway.

### SECTION 7. HANDLING AND STORAGE

#### Product AS SOLD

Advice on safe handling : Do not ingest. Do not get in eyes, on skin, or on clothing. Do not breathe dust/ fume/ gas/ mist/ vapors/ spray. Use only with adequate ventilation. Wash hands thoroughly after handling. In case of mechanical malfunction, or if in contact with unknown dilution of product, wear full Personal Protective Equipment (PPE).

Conditions for safe storage : Do not store near acids. Keep out of reach of children. Keep container tightly closed. Store in suitable labeled containers.

Storage temperature : 0 °C to 50 °C

#### Product AT USE DILUTION

Advice on safe handling : Wash hands after handling. In case of mechanical malfunction, or if in contact with unknown dilution of product, wear full Personal Protective Equipment (PPE). For personal protection see section 8.

Conditions for safe storage : Keep out of reach of children. Store in suitable labeled containers.

### SECTION 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

#### Product AS SOLD

##### Ingredients with workplace control parameters

Contains no substances with occupational exposure limit values.

Engineering measures : Effective exhaust ventilation system. Maintain air concentrations below occupational exposure standards.

##### Personal protective equipment

Eye protection : Safety goggles  
Face-shield

Hand protection : Wear the following personal protective equipment:  
Standard glove type.  
Gloves should be discarded and replaced if there is any indication of degradation or chemical breakthrough.

Skin protection : Personal protective equipment comprising: suitable protective gloves, safety goggles and protective clothing

Respiratory protection : When workers are facing concentrations above the exposure limit they must use appropriate certified respirators.

Hygiene measures : Handle in accordance with good industrial hygiene and safety practice. Remove and wash contaminated clothing before re-use. Wash face, hands and any exposed skin thoroughly after handling. Provide suitable facilities for quick drenching or flushing of the eyes

## SAFETY DATA SHEET

### POLY-BRITE

and body in case of contact or splash hazard.

#### Product AT USE DILUTION

Engineering measures : Good general ventilation should be sufficient to control worker exposure to airborne contaminants.

#### Personal protective equipment

Eye protection : No special protective equipment required.

Hand protection : No special protective equipment required.

Skin protection : No special protective equipment required.

Respiratory protection : No personal respiratory protective equipment normally required.

### SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

|                                         | Product AS SOLD        | Product AT USE DILUTION |
|-----------------------------------------|------------------------|-------------------------|
| Physical State                          | : liquid               | liquid                  |
| Color                                   | : clear, colorless     | colorless               |
| Odor                                    | : very faint           | slight                  |
| pH                                      | : 12,5 - 13,5, (100 %) | 10,8 - 11,8             |
| Flash point                             | : Not applicable       |                         |
| Odor Threshold                          | : No data available    |                         |
| Melting point/freezing point            | : No data available    |                         |
| Initial boiling point and boiling range | : No data available    |                         |
| Evaporation rate                        | : No data available    |                         |
| Flammability (solid, gas)               | : Not applicable       |                         |
| Upper explosion limit                   | : No data available    |                         |
| Lower explosion limit                   | : No data available    |                         |
| Vapor pressure                          | : No data available    |                         |
| Relative vapor density                  | : No data available    |                         |
| Relative density                        | : 1,17 - 1,18          |                         |
| Water solubility                        | : No data available    |                         |
| Solubility in other solvents            | : No data available    |                         |
| Partition coefficient: n-octanol/water  | : No data available    |                         |
| Autoignition temperature                | : No data available    |                         |

### SECTION 10. STABILITY AND REACTIVITY

#### Product AS SOLD

|                                    |                                                                                                                                                                |
|------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Reactivity                         | : No dangerous reaction known under conditions of normal use.                                                                                                  |
| Chemical stability                 | : Stable under normal conditions.                                                                                                                              |
| Possibility of hazardous reactions | : No dangerous reaction known under conditions of normal use.                                                                                                  |
| Conditions to avoid                | : None known.                                                                                                                                                  |
| Incompatible materials             | : Acids                                                                                                                                                        |
| Hazardous decomposition products   | : In case of fire hazardous decomposition products may be produced such as:<br>Carbon oxides<br>Nitrogen oxides (NOx)<br>Sulfur oxides<br>Oxides of phosphorus |

### SECTION 11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure : Inhalation, Eye contact, Skin contact

#### Experience with human exposure

#### Product AS SOLD

|              |                                 |
|--------------|---------------------------------|
| Eye contact  | : Redness, Pain, Corrosion      |
| Skin contact | : Redness, Pain, Corrosion      |
| Ingestion    | : Corrosion, Abdominal pain     |
| Inhalation   | : Respiratory irritation, Cough |

#### Product AT USE DILUTION

|              |                                  |
|--------------|----------------------------------|
| Eye contact  | : No symptoms known or expected. |
| Skin contact | : No symptoms known or expected. |
| Ingestion    | : No symptoms known or expected. |
| Inhalation   | : No symptoms known or expected. |

#### Toxicity

#### Product AS SOLD Product

|                           |                                           |
|---------------------------|-------------------------------------------|
| Acute oral toxicity       | : Acute toxicity estimate : > 5.000 mg/kg |
| Acute inhalation toxicity | : No data available                       |
| Acute dermal toxicity     | : No data available                       |
| Skin corrosion/irritation | : No data available                       |

## SAFETY DATA SHEET

### POLY-BRITE

Serious eye damage/eye irritation : No data available

Respiratory or skin sensitization : No data available

Carcinogenicity : No data available

Reproductive effects : No data available

Germ cell mutagenicity : No data available

Teratogenicity : No data available

STOT-single exposure : No data available

STOT-repeated exposure : No data available

Aspiration toxicity : No data available

#### Components

Acute dermal toxicity : polyphosphoric acids, sodium salts  
LD50 Rabbit: > 7.940 mg/kg

### SECTION 12. ECOLOGICAL INFORMATION

#### Product AS SOLD Ecotoxicity

Environmental Effects : This product has no known ecotoxicological effects.

#### Product

Toxicity to fish : No data available

Toxicity to daphnia and other aquatic invertebrates : No data available

Toxicity to algae : No data available

#### Components

Toxicity to fish : disodium metasilicate  
96 h LC50 Fish: 210 mg/l

trisodium phosphate  
96 h LC50 Oncorhynchus mykiss (rainbow trout): > 100 mg/l  
Test substance: Information given is based on data obtained from similar substances.

#### Components

Toxicity to daphnia and other aquatic invertebrates : polyphosphoric acids, sodium salts  
48 h EC50 Daphnia: > 485 mg/l

triposphoric acid, pentasodium salt  
48 h EC50 Daphnia: > 100 mg/l

trisodium phosphate  
48 h EC50 Daphnia magna (Water flea): > 100 mg/l  
Test substance: Information given is based on data obtained from similar substances.

#### Components

Toxicity to algae : trisodium phosphate

# SAFETY DATA SHEET

## POLY-BRITE

72 h EC50 *Desmodesmus subspicatus* (green algae): > 100 mg/l  
Test substance: Information given is based on data obtained from similar substances.

### Persistence and degradability

#### Product AS SOLD

No data available

#### Product AT USE DILUTION

No data available

### Bioaccumulative potential

No data available

### Mobility in soil

No data available

### Other adverse effects

No data available

## SECTION 13. INFORMATION REGARDING THE DISPOSAL OF PRODUCTS

#### Product AS SOLD

- Disposal methods : Avoid that the product entering in the body of water, drains, pipes, or the earth (grounds). Where possible, recycling is preferable to disposal or incineration in accordance with local legislation. If you can't recycle, dispose according to local regulations. Elimination of waste in approved waste disposal plants.
- Disposal considerations : Dispose of in accordance with local, state, and federal regulations. Remove as unused products. Empty containers should be brought to local recycling or waste disposal according to local legislation. Do not reuse empty containers.

#### Product AT USE DILUTION

- Disposal methods : Diluted product can be flushed to sanitary sewer.
- Disposal considerations : Dispose of in accordance with local, state, and federal regulations.

## SECTION 14. TRANSPORT INFORMATION

#### Product AS SOLD

The shipper/consignor/sender is responsible to ensure that the packaging, labeling, and markings are in compliance with the selected mode of transport.

### Land transport

- UN number : 3266
- Description of the goods : CORROSIVE LIQUID, BASIC, INORGANIC, N.O.S.  
(sodium metasilicate)
- Class : 8
- Packing group : III
- Environmentally hazardous : no

### Sea transport (IMDG/IMO)

## SAFETY DATA SHEET

### POLY-BRITE

UN number : 3266  
Description of the goods : CORROSIVE LIQUID, BASIC, INORGANIC, N.O.S.  
(sodium metasilicate)  
Class : 8  
Packing group : III  
Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code : Not applicable  
Marine pollutant : no

#### SECTION 15. REGULATORY INFORMATION

Our Safety Data Sheet (SDS) complies with Decree n ° 40705-S

#### SECTION 16. OTHER INFORMATION

##### Product AS SOLD

###### NFPA:

###### HMIS III:

|                 |   |
|-----------------|---|
| HEALTH          | 3 |
| FLAMMABILITY    | 0 |
| PHYSICAL HAZARD | 0 |

0 = not significant, 1 = Slight,  
2 = Moderate, 3 = High  
4 = Extreme, \* = Chronic

##### Product AT USE DILUTION
