

Safety Data Sheet

Conforms to Regulation (EC) No. 1907/2006 (REACH), Annex II (453/2010) - Europe

Adamatic Decarboniser Powder Heavy Duty Decarbonising Powder

Issue 1
Revision 13 May 2016

1 Identification of the substance/mixture and of the company undertaking

1.1 Product Identifier	Product Name	Adamatic Decarboniser Powder
	Product Codes	783515D
1.2 Relevant identified uses of the substance or mixture and uses advised against		
Identified Uses of the substance/mixture	Heavy Duty Degreasing Powder. Professional Use.	
Uses advised against	None Identified	
1.3 Details of the supplier of the safety data sheet		
Manufacturer/Distributor	Ecolab Gulf FZE P.O. Box 17063 Jebel Ali Free Zone Area, Near Container Terminal 3 - North Zone, Dubai, UAE	Customer Services 00971 4 8014444 Reception phone numbers 00971 48146800 00971 4 8014000
1.4 Emergency Telephone Number	+32-(0)3-575-5555	

2 Hazards Identification

2.1 Classification of Substance or mixture

Product Definition	Mixture
Classification according to Regulation (EC) No. 1272/2008	
Physical Hazards	No Significant Hazard
Human Health Hazards	Skin Cor 1 – H314 STOT SE 3 – H335
Environmental Hazards	No Significant Hazard

2.2 Label Elements

Label Elements (Label In Accordance With (EC) No. 1272/2008)

Pictogram(s)

Signal Word	Danger		
	Contains Disodium Metasilicate		
Hazard Statements	H314	Causes severe skin burns and eye damage.	
	H335	May cause respiratory irritation.	
Precautionary statements	Prevention	P261	Avoid breathing dust
		P280	Wear protective gloves and eye protection/face protection.
	Response	P303 + P361 + P353	IF ON SKIN (or hair): Remove immediately all contaminated clothing. Rinse skin with water.
		P305 + P351 + P338	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
		P304 + P340	IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.
		P310	Immediately call a POISON CENTER or doctor

2.3 Other hazards

Other hazards which do not result in classification Not applicable

Safety Data Sheet

Page 2 of 6

Conforms to Regulation (EC) No. 1907/2006 (REACH), Annex II (453/2010) - Europe

Adamatic Decarboniser Powder

Issue 1
Issue Date 13 May 2016

3 Composition/Information on Ingredients

3.2 Mixtures

Product/Ingredient Name	Identifiers Index No/CAS/EC No	%	Classification	Type
			Regulation (EC) No. 1272/2008 [CLP]	
Disodium Metasilicate	014-010-00-8 6834-92-0 229-912-9	30-60	Met. Corr. 1 (H290) Skin Corr. 1B (H314) Eye Damage 1 (H318)	1
Trisodium Orthophosphate	N/A 7601-54-9 231-509-8	30-60	Skin Irrit. 2 (H315) Eye Irrit. 2 (H319) STOT Single Exp. 3 (H335)	1
Sodium Carbonate	011-005-00-2 497-19-8 207-838-8	15-30	Eye Irrit. 2 (H319)	1
Alcohol C10, Ethoxylated	N/A 26183-52-8 500-046-6	1-5	Acute Tox 4 (H302) Eye Dam 1 (H318) Skin Irrit 2 (H315)	1

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section

- Type
- 1 Substance classified with a health or environmental hazard
 - 2 Substance with a workplace exposure limit
 - 3 Substance meets the criteria for PBT according to Regulation (EC) No. 1907/2006, Annex XIII
 - 4 Substance meets the criteria for vPvB according to Regulation (EC) No. 1907/2006, Annex XIII

Occupational exposure limits, if available, are listed in Section 8.

4 First aid measures

4.1 Description of first aid measures

Eye Contact	Get medical attention immediately. Rinse opened eye for at least 15 minutes with plenty of water. Check for and remove contact lenses. Any chemical burns must be treated promptly by a doctor
Inhalation	Remove from source of exposure. Seek medical advice if symptoms persist. Exposure by inhalation is unlikely in normal use.
Skin Contact	Immediately wash thoroughly with plenty of water. Remove all contaminated clothing. Continue to rinse for 15 minutes. Apply sterile dressings if required. Consult a skin specialist in the event of irritation or burns.
Ingestion	Immediately rinse mouth and ask person to slowly sip 200-300 ml of water or milk. Stop if person shows signs of vomiting. Seek medical attention immediately. Do not induce vomiting.
Protection of First Aider	Wear PPE if appropriate (Refer to section 8.2)

4.2 Most important symptoms and effects, both acute and delayed

Symptoms

The most important known symptoms and effects are described in the labelling (see section 2) and/or in section 11. Severe burns and irritation are most likely symptoms when there is exposure to skin, eyes and respiratory system. Not considered to cause sensitization. Further important symptoms and effects are so far not known.

4.3 Indication of any immediate medical attention and special treatment needed

Treatment

Treat according to symptoms (decontamination, vital functions). Toxicological information on components, where available, is given in section 11.

5 Fire fighting measures

5.1 Extinguishing media

Extinguishing media	Extinguish with foam, carbon dioxide, dry powder or water fog
Unsuitable extinguishing media	None known

5.2 Special hazards arising from the substance or mixture

Hazards from the substance or mixture	In a fire or if heated, a pressure increase will occur and the container may burst.
Hazardous combustion products	During fire toxic gases, CO and CO ₂ are formed

Safety Data Sheet

Page 3 of 6

Conforms to Regulation (EC) No. 1907/2006 (REACH), Annex II (453/2010) - Europe

Adamatic Decarboniser Powder

Issue 1

Issue Date 13 May 2016

5.3 Advice for fire-fighters

Special precautions for fire-fighters	Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.
Special protective equipment for fire-fighters	Fire-fighters should wear self-contained breathing apparatus and suitable personal protective equipment as appropriate to the surrounding fire.

6 Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Do not breathe vapour/spray/mist. Avoid contact with the skin, eyes and clothing. Use personal protective clothing. Information regarding personal protective measures see, section 8.

6.2 Environmental precautions

Do not discharge into drains/surface waters/groundwater. Contain contaminated water/fire fighting water.

6.3 Methods and material for containment and cleaning up

Small spill:	Sweep up material and place in an appropriate waste disposal container for disposal according to local regulations (see section 13). Wash affected area with water.
Large spill	Prevent entry into sewers, water courses, basements or confined areas. Sweep up material and place in an appropriate waste disposal container. Wash affected area with water and place in container for disposal according to local regulations (see section 13).

6.4 Reference to other sections

See Section 1 for emergency contact information.
See Section 8 for information on appropriate personal protective equipment.
See Section 13 for additional waste treatment information.

7 Handling and storage

7.1 Precautions for safe handling

Keep container tightly closed. Provide good ventilation of working area (local exhaust ventilation if necessary). Avoid contact with the skin, eyes and clothing. Contaminated surfaces may be extremely slippery. Clean up spillages. Do not allow to dry. Do not eat, drink or smoke in area where material is used or stored.

7.2 Conditions for safe storage, including any incompatibilities

Protect against heat. Store in original labelled containers. Keep container tightly closed, upright and in a cool place. Keep away from acids. Protect from freezing.

7.3 Specific end use(s)

Recommendations	Not specific advice available.
Industrial sector specific solutions	Not applicable.

8 Exposure controls/personal protection

8.1 Control parameters

Occupational exposure limits

Product/ingredient name	Exposure limit values
Contains no ingredients with set exposure limits	

Derived effect levels

No DNELs available for the mixture

Predicted effect concentrations

No PNECs available for the mixture.

8.2 Exposure controls

Process conditions	Provide eye-wash stations
Engineering Measures	Wear appropriate PPE if contact is possible when opening tubs and dispensing powder. If airborne dusts are generated provide adequate general and local exhaust ventilation to keep exposure below any statutory limits.
Personal Protective Equipment	
Respiratory protection:	Not needed in normal use. If dust is created use particle filter with medium efficiency for solid and liquid particles (e.g. EN 143 or 14387)
Hand protection	Wear chemical resistant protective gloves (EN 374)

Safety Data Sheet

Page 4 of 6

Conforms to Regulation (EC) No. 1907/2006 (REACH), Annex II (453/2010) - Europe

Adamatic Decarboniser Powder

Issue 1

Issue Date 13 May 2016

Eye protection	Review condition of gloves when in use, especially for wear, cuts and breakthrough after prolonged contact. Consult with a supplier of protective gloves for further information or for other tasks. Not needed in normal use. Wear tightly fitting safety goggles (splash goggles) (e.g. EN 166) if dust is likely to be produced.
Body protection:	Not needed in normal use. Wear chemical resistant clothing and boots if exposure may occur. Other body protection may be suitable depending on activity and possible exposure, e.g. apron, chemical-protection suit (meeting EN 14605).
General safety and hygiene measures	
Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working period. Appropriate techniques should be used to remove potentially contaminated clothing. Wash contaminated clothing before reusing.	

9 Physical & chemical properties

9.1 Information on basic physical and chemical properties

Physical state	Free flowing powder
Colour	White.
Odour	Product specific.
Odour threshold	Not determined for the mixture.
pH value 20 Deg C	12.0-12.6
Melting point/Freezing point	Not determined for the mixture.
Initial boiling point and boiling range	Not determined for the mixture.
Flash point	Not determined for the mixture.
Evaporation rate	Not determined for the mixture.
Flammability (solid, gas)	Not flammable.
Burning time	Not determined for the mixture.
Burning rate	Not determined for the mixture.
Upper/lower flammability or explosive limits	Not determined for the mixture.
Vapour pressure	Not determined for the mixture.
Relative density	0.800-1.020
Solubility(ies)	Readily soluble in cold and hot water
Partition coefficient: n-octanol/water	Not determined for the mixture.
Auto ignition temperature	Not determined for the mixture.
Decomposition temperature	Not determined for the mixture.
Viscosity	Not determined for the mixture.
Explosive properties	Not explosive
Oxidising properties	None

9.2 Other Information

No further relevant information available

10 Stability and Reactivity

10.1 Reactivity	No specific test data related to reactivity available for this product or its ingredients.
10.2 Chemical Stability	Stable mixture under normal conditions or storage and use.
10.3 Possibility of hazardous reactions	Hazardous reactions will not occur in normal storage conditions.
10.4 Conditions to avoid	None known in normal storage conditions.
10.5 Incompatible materials	Will react with acids.
10.6 Hazardous decomposition products	Under normal conditions of storage and use, hazardous decomposition products should not be produced.

11 Toxicology

11.1 Information on toxicological effects

Toxicological data for this mixture is not available as animal toxicity studies have not been carried out. Toxicological data for the raw materials is, where provided by the manufacturer, available on request.

12 Ecological information

12.1 Toxicity

Ecological Toxicity data for this mixture is not available as ecological toxicity studies have not been carried out. Ecological Toxicity data for the raw materials is, where provided by the manufacturer, available on request.

12.2 Persistence and degradability

Conclusion/Summary	Any surfactants contained in the product are biodegradable according to the

Adamatic Decarboniser Powder

Issue 1

Issue Date 13 May 2016

		requirements of the detergent regulation 648/2004/EC			
12.3 Bioaccumulative potential					
Conclusion/Summary		Not determined for the mixture.			
12.4 Mobility in soil					
Soil/water partition coefficient (KOC)		Not determined for the mixture.			
Mobility		Not determined for the mixture.			
12.5 Results of PBT and vPvB assessment					
PBT		Not applicable.			
vPvB		Not applicable.			
12.6 Other adverse effects		No known significant effects or critical hazards.			
13: Disposal considerations					
13.1 Waste treatment methods					
Waste from residues / unused products		Dispose of in compliance with all Federal, state, provincial, and local laws and regulations. EWC Code 20 01 29* - detergents containing dangerous substances			
Empty packaging recommendation:		Dispose of observing national or local regulations. (Can be cleaned with water) EWC Code 20 01 39			
14: Transport information					
	ADR/RID	ADN/ADNR	IMDG	IATA	
14.1 UN number		UN 3253			
14.2 UN proper shipping name		Disodium Trioxosilicate			
14.3 Transport hazard class(es):					
14.4 Packing group		III			
14.5 Environmental hazards		None			
14.6 Special precautions for user		None known			
14.7 Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code		Not Applicable			
Other relevant information (ADR)		Tunnel Code 3 Transport Category 3			
15: Regulatory information					
15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture					
Ingredients according to EC Detergents Regulation 648/2004					
>30%		Phosphates			
15.2 Chemical safety assessment					
A chemical safety assessment has not been carried out on the mixture					
16: Other information					
<i>The information in this document is based on our best present knowledge. However, it does not constitute a guarantee for any specific product features and does not establish a legally binding contract</i>					
Reason for revision:		Overall design adjusted in accordance with Regulation (EC) No 1907/2006, Annex II			
Full text of the R, H and EUH phrases mentioned in section 3					
H319		Causes serious eye irritation			
H290		May be corrosive to metals			
H314		Causes severe skin burns and eye damage			
H318		Causes serious eye damage			
H315		Causes skin irritation			
H335		May cause respiratory irritation			
H302		Harmful if swallowed
