

**Section: 1. PRODUCT AND COMPANY IDENTIFICATION**

Product name : Alco-Gel Hand Sanitizer

Other means of identification : Not applicable.

Recommended use : Hand Sanitizer

Restrictions on use : Reserved for industrial and professional use.

Product dilution information : No dilution information provided.

Issuing date : 16.09.2020

**Section: 2. HAZARDS IDENTIFICATION**
**GHS Classification**

Flammable liquids : Category 2

Eye irritation : Category 2A

Specific target organ toxicity - single exposure : Category 3 (Central Nervous System)

**GHS Label element**

Hazard pictograms :

Signal Word : Danger

## SAFETY DATA SHEET

### Alco-Gel Hand Sanitizer

|                          |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
|--------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Hazard Statements        | : Highly flammable liquid and vapour.<br>Causes serious eye irritation.<br>May cause drowsiness or dizziness.                                                                                                                                                                                                                                                                                                                                                                                                                                       |
| Precautionary Statements | : <b>Prevention:</b><br>Keep away from heat/sparks/open flames/hot surfaces. - No smoking.<br>Keep container tightly closed. Ground/bond container and receiving equipment. Use explosion-proof electrical/ ventilating/ lighting/ equipment. Use only non-sparking tools. Take precautionary measures against static discharge.<br><b>Response:</b><br>IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/ attention. |
| Other hazards            | : None known.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |

### Section: 3. COMPOSITION/INFORMATION ON INGREDIENTS

Pure substance/mixture : Mixture

| Chemical Name | CAS-No. | Concentration: (%) |
|---------------|---------|--------------------|
| ethanol       | 64-17-5 | 60 - 100           |

### Section: 4. FIRST AID MEASURES

|                                                             |                                                                                                                                                                                       |
|-------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| In case of eye contact                                      | : Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention. |
| In case of skin contact                                     | : Rinse with water.                                                                                                                                                                   |
| If swallowed                                                | : Rinse mouth. Get medical attention if symptoms occur.                                                                                                                               |
| If inhaled                                                  | : Get medical attention if symptoms occur.                                                                                                                                            |
| Protection of first-aiders                                  | : No special precautions are necessary for first aid responders.                                                                                                                      |
| Notes to physician                                          | : Treat symptomatically.                                                                                                                                                              |
| Most important symptoms and effects, both acute and delayed | : See Section 11 for more detailed information on health effects and symptoms.                                                                                                        |

### Section: 5. FIREFIGHTING MEASURES

|                                      |                                                                                                                                                                                                                              |
|--------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Suitable extinguishing media         | : Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.                                                                                                                    |
| Unsuitable extinguishing media       | : High volume water jet                                                                                                                                                                                                      |
| Specific hazards during firefighting | : Fire Hazard<br>Keep away from heat and sources of ignition.<br>Flash back possible over considerable distance.<br>Beware of vapours accumulating to form explosive concentrations.<br>Vapours can accumulate in low areas. |

## SAFETY DATA SHEET

### Alco-Gel Hand Sanitizer

- Hazardous combustion products : Decomposition products may include the following materials:  
Carbon oxides
- Special protective equipment for firefighters : Use personal protective equipment.
- Specific extinguishing methods : Use water spray to cool unopened containers. Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations. In the event of fire and/or explosion do not breathe fumes.

#### Section: 6. ACCIDENTAL RELEASE MEASURES

- Personal precautions, protective equipment and emergency procedures : Remove all sources of ignition. Ensure clean-up is conducted by trained personnel only. Refer to protective measures listed in sections 7 and 8.
- Environmental precautions : Do not allow contact with soil, surface or ground water.
- Methods and materials for containment and cleaning up : Eliminate all ignition sources if safe to do so. Stop leak if safe to do so. Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see section 13). For large spills, dike spilled material or otherwise contain material to ensure runoff does not reach a waterway.

#### Section: 7. HANDLING AND STORAGE

- Advice on safe handling : Keep away from fire, sparks and heated surfaces. Take necessary action to avoid static electricity discharge (which might cause ignition of organic vapours). Open drum carefully as content may be under pressure. Do not get in eyes.
- Conditions for safe storage : Keep away from heat and sources of ignition. Keep in a cool, well-ventilated place. Keep away from oxidizing agents. Keep out of reach of children. Keep container tightly closed. Store in suitable labeled containers.
- Storage temperature : 0 °C to 50 °C

#### Section: 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

##### Components with workplace control parameters

| Components | CAS-No. | Form of exposure | Permissible concentration            | Basis   |
|------------|---------|------------------|--------------------------------------|---------|
| ethanol    | 64-17-5 | TWA OEL-RL       | 1,000 ppm<br>1,900 mg/m <sup>3</sup> | ZA OEL  |
| ethanol    | 64-17-5 | TWA              | 1,000 ppm<br>1,880 mg/m <sup>3</sup> | ARE OEL |

- Engineering measures : Good general ventilation should be sufficient to control worker exposure to airborne contaminants.

##### Personal protective equipment

## SAFETY DATA SHEET

### Alco-Gel Hand Sanitizer

|                        |                                                                   |
|------------------------|-------------------------------------------------------------------|
| Eye protection         | : No special protective equipment required.                       |
| Hand protection        | : No special protective equipment required.                       |
| Skin protection        | : No special protective equipment required.                       |
| Respiratory protection | : No personal respiratory protective equipment normally required. |
| Hygiene measures       | : No specific measures identified.                                |

#### Section: 9. PHYSICAL AND CHEMICAL PROPERTIES

|                                         |                      |
|-----------------------------------------|----------------------|
| Appearance                              | : gel                |
| Colour                                  | : clear, colourless  |
| Odour                                   | : alcohol-like       |
| pH                                      | : 6.5 - 7.5, (100 %) |
| Flash point                             | : 21 °C closed cup   |
| Odour Threshold                         | : no data available  |
| Melting point/freezing point            | : no data available  |
| Initial boiling point and boiling range | : no data available  |
| Evaporation rate                        | : no data available  |
| Flammability (solid, gas)               | : Not applicable.    |
| Upper explosion limit                   | : no data available  |
| Lower explosion limit                   | : no data available  |
| Vapour pressure                         | : no data available  |
| Relative vapour density                 | : no data available  |
| Relative density                        | : 0.8 - 0.9          |
| Water solubility                        | : no data available  |
| Solubility in other solvents            | : no data available  |
| Partition coefficient: n-octanol/water  | : no data available  |
| Auto-ignition temperature               | : no data available  |
| Thermal decomposition                   | : no data available  |
| Viscosity, kinematic                    | : no data available  |
| Explosive properties                    | : no data available  |
| Oxidizing properties                    | : no data available  |
| Molecular weight                        | : no data available  |
| VOC                                     | : no data available  |

#### Section: 10. STABILITY AND REACTIVITY

|                          |                                                               |
|--------------------------|---------------------------------------------------------------|
| Reactivity               | : No dangerous reaction known under conditions of normal use. |
| Chemical stability       | : Stable under normal conditions.                             |
| Possibility of hazardous | : No dangerous reaction known under conditions of normal use. |

## SAFETY DATA SHEET

### Alco-Gel Hand Sanitizer

reactions

Conditions to avoid : Heat, flames and sparks.

Incompatible materials : None known.

Hazardous decomposition products : In case of fire hazardous decomposition products may be produced such as:  
Carbon oxides

#### Section: 11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure : Inhalation, Eye contact, Skin contact

##### Potential Health Effects

Eyes : Causes serious eye irritation.

Skin : Health injuries are not known or expected under normal use.

Ingestion : Health injuries are not known or expected under normal use.

Inhalation : Inhalation may cause central nervous system effects.

Chronic Exposure : Health injuries are not known or expected under normal use.

##### Experience with human exposure

Eye contact : Redness, Pain, Irritation

Skin contact : No symptoms known or expected.

Ingestion : No symptoms known or expected.

Inhalation : Dizziness, Drowsiness

##### Toxicity

###### Product

Acute oral toxicity : no data available

Acute inhalation toxicity : no data available

Acute dermal toxicity : no data available

Skin corrosion/irritation : no data available

Serious eye damage/eye irritation : no data available

Respiratory or skin sensitization : no data available

Carcinogenicity : no data available

Reproductive effects : no data available

Germ cell mutagenicity : no data available

Teratogenicity : no data available

STOT - single exposure : no data available

## SAFETY DATA SHEET

### Alco-Gel Hand Sanitizer

STOT - repeated exposure : no data available

Aspiration toxicity : no data available

#### Components

Acute oral toxicity : ethanol  
LD50 rat: 10,470 mg/kg

#### Components

Acute inhalation toxicity : ethanol  
4 h LC50 rat: 117 mg/l  
Test atmosphere: vapour

#### Components

Acute dermal toxicity : ethanol  
LD50 rabbit: 15,800 mg/kg

### Section: 12. ECOLOGICAL INFORMATION

#### Ecotoxicity

Environmental Effects : This product has no known ecotoxicological effects.

#### Product

Toxicity to fish : no data available

Toxicity to daphnia and other aquatic invertebrates : no data available

Toxicity to algae : no data available

#### Components

Toxicity to fish : ethanol  
96 h LC50 Pimephales promelas (fathead minnow): > 100 mg/l

#### Components

Toxicity to daphnia and other aquatic invertebrates : ethanol  
48 h EC50 Aquatic Invertebrate: 857 mg/l

#### Persistence and degradability

Readily biodegradable.

#### Bioaccumulative potential

no data available

#### Mobility in soil

no data available

#### Other adverse effects

no data available

### Section: 13. DISPOSAL CONSIDERATIONS

Disposal methods : Where possible recycling is preferred to disposal or incineration. If recycling is not practicable, dispose of in compliance with local regulations. Dispose of wastes in an approved waste disposal facility.

## SAFETY DATA SHEET

### Alco-Gel Hand Sanitizer

Disposal considerations : Dispose of as unused product. Empty containers should be taken to an approved waste handling site for recycling or disposal. Do not re-use empty containers. Dispose of in accordance with local, state, and federal regulations.

#### Section: 14. TRANSPORT INFORMATION

The shipper/consignor/sender is responsible to ensure that the packaging, labeling, and markings are in compliance with the selected mode of transport.

##### Land transport (ADR/ADN/RID)

UN number : 1170  
UN proper shipping name : ETHANOL SOLUTION  
Transport hazard class(es) : 3  
Packing group : II  
Environmental hazards : No  
Special precautions for user : None

##### Air transport (IATA)

UN number : 1170  
Description of the goods : Ethanol solution  
Class : 3  
Packing group : II  
Environmentally hazardous : No

##### Sea transport (IMDG/IMO)

UN number : 1170  
Description of the goods : ETHANOL SOLUTION  
Class : 3  
Packing group : II  
Marine pollutant : No

#### Section: 15. REGULATORY INFORMATION

For Regulatory information please contact your Ecolab sales representative.

#### Section: 16. OTHER INFORMATION

##### NFPA:

##### HMIS III:

|                 |   |
|-----------------|---|
| HEALTH          | 2 |
| FLAMMABILITY    | 3 |
| PHYSICAL HAZARD | 0 |

0 = not significant, 1 = Slight,  
2 = Moderate, 3 = High  
4 = Extreme, \* = Chronic

## **SAFETY DATA SHEET**

### **Alco-Gel Hand Sanitizer**

REVISED INFORMATION: Significant changes to regulatory or health information for this revision is indicated by a bar in the left-hand margin of the SDS.

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
