

## SAFETY DATA SHEET

### AROMIST AIR FRESHENING SYSTEM

#### Section: 1. PRODUCT AND COMPANY IDENTIFICATION

Product name : AROMIST AIR FRESHENING SYSTEM

Other means of identification : Not applicable.

Recommended use : Air Freshener

Restrictions on use : Reserved for industrial and professional use.

Product dilution information : Product is sold ready to use.

Company : ECOLAB PTE LTD  
21 Gul Lane  
Singapore 629416  
65-6505-6868

Emergency telephone number : 800-1205496

Issuing date : 14.07.2017

#### Section: 2. HAZARDS IDENTIFICATION

##### GHS Classification

Flammable aerosols : Category 2

Eye irritation : Category 2

Specific target organ toxicity - single exposure : Category 3 (Central Nervous System)

##### GHS Label element

Hazard pictograms :

Signal Word : Warning

Hazard Statements : Flammable aerosol.  
Causes serious eye irritation.  
May cause drowsiness or dizziness.

Precautionary Statements : **Prevention:**  
Keep away from heat/sparks/open flames/hot surfaces. - No smoking.  
Do not spray on an open flame or other ignition source. Pressurized container: Do not pierce or burn, even after use. Avoid breathing dust/ fume/ gas/ mist/ vapours/ spray.

**Response:**  
Call a POISON CENTER or doctor/ physician if you feel unwell. If eye irritation persists: Get medical advice/ attention.

**Storage:**  
Store in a well-ventilated place. Keep container tightly closed. Protect from sunlight. Do not expose to temperatures exceeding 50 °C/ 122 °F.

**Disposal:**  
Dispose of contents/ container to an approved waste disposal plant.

## SAFETY DATA SHEET

### AROMIST AIR FRESHENING SYSTEM

Other hazards : None known.

#### Section: 3. COMPOSITION/INFORMATION ON INGREDIENTS

Pure substance/mixture : Mixture

| Chemical Name                               | CAS-No.    | Concentration: (%) |
|---------------------------------------------|------------|--------------------|
| difluoroethane                              | 75-37-6    | >= 30 - < 60       |
| propan-2-ol                                 | 67-63-0    | >= 10 - < 30       |
| distillates (petroleum), hydrotreated light | 64742-47-8 | >= 10 - < 30       |

#### Section: 4. FIRST AID MEASURES

|                                                             |                                                                                                                                                                                   |
|-------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| In case of eye contact                                      | : Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/ attention. |
| In case of skin contact                                     | : Rinse with plenty of water.                                                                                                                                                     |
| If swallowed                                                | : Rinse mouth. Get medical attention if symptoms occur.                                                                                                                           |
| If inhaled                                                  | : Remove to fresh air. Treat symptomatically. Get medical attention if symptoms occur.                                                                                            |
| Protection of first-aiders                                  | : If potential for exposure exists refer to Section 8 for specific personal protective equipment.                                                                                 |
| Notes to physician                                          | : Treat symptomatically.                                                                                                                                                          |
| Most important symptoms and effects, both acute and delayed | : See Section 11 for more detailed information on health effects and symptoms.                                                                                                    |

#### Section: 5. FIREFIGHTING MEASURES

|                                               |                                                                                                                                                                                 |
|-----------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Suitable extinguishing media                  | : Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.                                                                       |
| Unsuitable extinguishing media                | : High volume water jet                                                                                                                                                         |
| Specific hazards during firefighting          | : Pressurized container: May burst if heated.<br>Flammable aerosols                                                                                                             |
| Hazardous combustion products                 | : Decomposition products may include the following materials:<br>Carbon oxides<br>nitrogen oxides (NOx)<br>Sulphur oxides<br>Oxides of phosphorus                               |
| Special protective equipment for firefighters | : Use personal protective equipment.                                                                                                                                            |
| Specific extinguishing methods                | : Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations. In the event of fire and/or explosion do not breathe fumes. |

## SAFETY DATA SHEET

### AROMIST AIR FRESHENING SYSTEM

#### Section: 6. ACCIDENTAL RELEASE MEASURES

- Personal precautions, protective equipment and emergency procedures : Ensure clean-up is conducted by trained personnel only. Refer to protective measures listed in sections 7 and 8.
- Environmental precautions : Do not allow contact with soil, surface or ground water.
- Methods and materials for containment and cleaning up : Stop leak if safe to do so.

#### Section: 7. HANDLING AND STORAGE

- Advice on safe handling : Avoid contact with skin and eyes. Use only with adequate ventilation. Contents under pressure. Do not puncture. Wash hands thoroughly after handling.
- Conditions for safe storage : Keep in a cool, well-ventilated place. Keep out of reach of children. Keep container tightly closed. Store in suitable labeled containers.
- Storage temperature : -30 °C to 50 °C

#### Section: 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

##### Components with workplace control parameters

| Components                                  | CAS-No.    | Form of exposure        | Permissible concentration          | Basis  |
|---------------------------------------------|------------|-------------------------|------------------------------------|--------|
| propan-2-ol                                 | 67-63-0    | PEL (long term)         | 400 ppm<br>983 mg/m <sup>3</sup>   | SG PEL |
|                                             |            | PEL (short term)        | 500 ppm<br>1,230 mg/m <sup>3</sup> | SG PEL |
| distillates (petroleum), hydrotreated light | 64742-47-8 | PEL (long term) (Mist)  | 5 mg/m <sup>3</sup>                | SG PEL |
|                                             |            | PEL (short term) (Mist) | 10 mg/m <sup>3</sup>               | SG PEL |

- Engineering measures : Effective exhaust ventilation system. Maintain air concentrations below occupational exposure standards.

##### Personal protective equipment

- Eye protection : No special protective equipment required.
- Hand protection : No special protective equipment required.
- Skin protection : No special protective equipment required.
- Respiratory protection : When workers are facing concentrations above the exposure limit they must use appropriate certified respirators.
- Hygiene measures : Handle in accordance with good industrial hygiene and safety practice. Wash face, hands and any exposed skin thoroughly after handling.

#### Section: 9. PHYSICAL AND CHEMICAL PROPERTIES

## SAFETY DATA SHEET

### AROMIST AIR FRESHENING SYSTEM

|                                         |                                                            |
|-----------------------------------------|------------------------------------------------------------|
| Appearance                              | : Aerosol.                                                 |
| Colour                                  | : clear, yellow                                            |
| Odour                                   | : Perfumes, fragrances                                     |
| pH                                      | : Not applicable.                                          |
| Flash point                             | : no data available, Sustains combustion                   |
| Odour Threshold                         | : no data available                                        |
| Melting point/freezing point            | : no data available                                        |
| Initial boiling point and boiling range | : > 35 °C                                                  |
| Evaporation rate                        | : no data available                                        |
| Flammability (solid, gas)               | : no data available                                        |
| Upper explosion limit                   | : no data available                                        |
| Lower explosion limit                   | : no data available                                        |
| Vapour pressure                         | : no data available                                        |
| Relative vapour density                 | : no data available                                        |
| Relative density                        | : 0.7982 - 0.8505                                          |
| Water solubility                        | : no data available                                        |
| Solubility in other solvents            | : no data available                                        |
| Partition coefficient: n-octanol/water  | : no data available                                        |
| Auto-ignition temperature               | : no data available                                        |
| Thermal decomposition                   | : no data available                                        |
| Viscosity, kinematic                    | : no data available                                        |
| Explosive properties                    | : no data available                                        |
| Oxidizing properties                    | : The substance or mixture is not classified as oxidizing. |
| Molecular weight                        | : no data available                                        |
| VOC                                     | : no data available                                        |
| Heat of combustion                      | : 19.71 kJ/g                                               |

### Section: 10. STABILITY AND REACTIVITY

|                                    |                                                                                                                                                   |
|------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------|
| Chemical stability                 | : Stable under normal conditions.                                                                                                                 |
| Possibility of hazardous reactions | : No dangerous reaction known under conditions of normal use.                                                                                     |
| Conditions to avoid                | : None known.                                                                                                                                     |
| Incompatible materials             | : None known.                                                                                                                                     |
| Hazardous decomposition products   | : Decomposition products may include the following materials:<br>Carbon oxides<br>nitrogen oxides (NOx)<br>Sulphur oxides<br>Oxides of phosphorus |

## SAFETY DATA SHEET

### AROMIST AIR FRESHENING SYSTEM

#### Section: 11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure : Eye contact, Skin contact

##### Potential Health Effects

Eyes : Causes eye irritation.

Skin : Health injuries are not known or expected under normal use.

Ingestion : Health injuries are not known or expected under normal use.

Inhalation : Inhalation may cause central nervous system effects. Intentional misuse by deliberate inhalation may be harmful or fatal.

Chronic Exposure : Suspected of damaging fertility or the unborn child. May cause damage to organs. May cause damage to organs through prolonged or repeated exposure.

##### Experience with human exposure

Eye contact : Redness, Irritation

Skin contact : No symptoms known or expected.

Ingestion : No symptoms known or expected.

Inhalation : Dizziness, Drowsiness

##### Toxicity

###### Product

Acute oral toxicity : no data available

Acute inhalation toxicity : no data available

Acute dermal toxicity : no data available

Skin corrosion/irritation : no data available

Serious eye damage/eye irritation : Mild eye irritation

Respiratory or skin sensitization : no data available

Carcinogenicity : no data available

Reproductive effects : no data available

Germ cell mutagenicity : no data available

Teratogenicity : no data available

STOT - single exposure : no data available

STOT - repeated exposure : no data available

Aspiration toxicity : no data available

##### Components

Acute oral toxicity : propan-2-ol  
LD50 rat: 5,840 mg/kg

## SAFETY DATA SHEET

### AROMIST AIR FRESHENING SYSTEM

distillates (petroleum), hydrotreated light  
LD50 rat: 5,000 mg/kg

#### Components

Acute inhalation toxicity : difluoroethane  
4 h LC50 rat: 437,500 mg/l

propan-2-ol  
4 h LC50 rat: 30 mg/l

#### Components

Acute dermal toxicity : propan-2-ol  
LD50 rabbit: 12,870 mg/kg

### Section: 12. ECOLOGICAL INFORMATION

#### Ecotoxicity

Environmental Effects : This product has no known ecotoxicological effects.

#### Product

Toxicity to fish : no data available

Toxicity to daphnia and other aquatic invertebrates : no data available

Toxicity to algae : no data available

#### Components

Toxicity to fish : propan-2-ol  
96 h LC50 Pimephales promelas (fathead minnow): 9,640 mg/l

distillates (petroleum), hydrotreated light  
96 h LC50: > 1,000 mg/l

#### Components

Toxicity to daphnia and other aquatic invertebrates : propan-2-ol  
LC50 Daphnia magna (Water flea): > 10,000 mg/l

distillates (petroleum), hydrotreated light  
48 h EC50: > 1,000 mg/l

#### Components

Toxicity to algae : distillates (petroleum), hydrotreated light  
72 h EC50: > 1,000 mg/l

#### Persistence and degradability

no data available

#### Bioaccumulative potential

no data available

#### Mobility in soil

no data available

## SAFETY DATA SHEET

### AROMIST AIR FRESHENING SYSTEM

#### Other adverse effects

no data available

#### Section: 13. DISPOSAL CONSIDERATIONS

- Disposal methods : Where possible recycling is preferred to disposal or incineration. If recycling is not practicable, dispose of in compliance with local regulations. Dispose of wastes in an approved waste disposal facility.
- Disposal considerations : Dispose of as unused product. Empty containers should be taken to an approved waste handling site for recycling or disposal. Do not re-use empty containers. Dispose of in accordance with local, state, and federal regulations.

#### Section: 14. TRANSPORT INFORMATION

The shipper/consignor/sender is responsible to ensure that the packaging, labeling, and markings are in compliance with the selected mode of transport.

##### Land transport

- UN number : 1950
- Description of the goods : AEROSOLS
- Class : 2.1
- Environmentally hazardous : No

##### Sea transport (IMDG/IMO)

- UN number : 1950
- Description of the goods : AEROSOLS
- Class : 2.1
- Marine pollutant : No
- Special precautions for user : None

#### Section: 15. REGULATORY INFORMATION

##### National Regulations

The components of this product are reported in the following inventories:

##### United States TSCA Inventory :

On the inventory, or in compliance with the inventory

##### Canadian Domestic Substances List (DSL) :

On the inventory, or in compliance with the inventory

##### Australia. Industrial Chemical (Notification and Assessment) Act :

On the inventory, or in compliance with the inventory

##### New Zealand. Inventory of Chemicals (NZIoC), as published by ERMA New Zealand :

On the inventory, or in compliance with the inventory

##### Japan. ENCS - Existing and New Chemical Substances Inventory :

not determined

##### Korea. Korean Existing Chemicals Inventory (KECI) :

## SAFETY DATA SHEET

### AROMIST AIR FRESHENING SYSTEM

not determined

**Philippines Inventory of Chemicals and Chemical Substances (PICCS) :**

not determined

**China Inventory of Existing Chemical Substances :**

On the inventory, or in compliance with the inventory

**Taiwan Chemical Substance Inventory :**

not determined

### Section: 16. OTHER INFORMATION

Issuing date : 14.07.2017  
Version : 1.0  
Prepared by : Regulatory Affairs

REVISED INFORMATION: Significant changes to regulatory or health information for this revision is indicated by a bar in the left-hand margin of the SDS.

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
