

**1. SECTION: PRODUCT AND COMPANY IDENTIFICATION**

Product name : 柔軟劑  
ECO-STAR CLEARLY SOFT

Other means of identification : Not applicable

Recommended use : Laundry softener

Restrictions on use : Reserved for industrial and professional use.

Product dilution information : Product is sold ready to use.

Company : Ecolab Limited  
10F., No.172, Sec.4, Chengde Rd., Shilin Dist., Taipei, Taiwan 111  
(02) 8978-1234

Emergency telephone : 86-0532-83889090 (24 h)  
1-651-222-5352 (United States)

Issuing date : 21.01.2020

**2. SECTION: HAZARDS IDENTIFICATION**
**GHS Classification**

Short-term (acute) aquatic hazard : Category 2

Long-term (chronic) aquatic hazard : Category 3

**GHS label elements**

Hazard Statements : Toxic to aquatic life.  
Harmful to aquatic life with long lasting effects.

Precautionary Statements : **Prevention:**  
Avoid release to the environment.  
**Disposal:**  
Dispose of contents/ container to an approved waste disposal plant.

Other hazards : None known.

**3. SECTION: COMPOSITION/INFORMATION ON INGREDIENTS**

Pure substance/mixture : Mixture

| Chemical name                                                                                                   | CAS-No.    | Concentration (%) |
|-----------------------------------------------------------------------------------------------------------------|------------|-------------------|
| Methyl tallow-diethylenetriamine methosulfate, ethoxylated                                                      | 68410-69-5 | 10 - 30           |
| Isopropanol                                                                                                     | 67-63-0    | 1 - 5             |
| Siloxanes and Silicones, di-Me, polymers with 3-[(2-aminoethyl)amino]propyl silsesquioxanes, hydroxy-terminated | 68554-54-1 | 1 - 5             |

**4. SECTION: FIRST AID MEASURES**

## SAFETY DATA SHEET

### ECO-STAR CLEARLY SOFT

#### First aid measures for different exposure routes

|                                                             |                                                                                                   |
|-------------------------------------------------------------|---------------------------------------------------------------------------------------------------|
| In case of eye contact                                      | : Rinse with plenty of water.                                                                     |
| In case of skin contact                                     | : Rinse with plenty of water.                                                                     |
| If swallowed                                                | : Rinse mouth. Get medical attention if symptoms occur.                                           |
| If inhaled                                                  | : Get medical attention if symptoms occur.                                                        |
| Protection of first-aiders                                  | : If potential for exposure exists refer to Section 8 for specific personal protective equipment. |
| Notes to physician                                          | : Treat symptomatically.                                                                          |
| Most important symptoms and effects, both acute and delayed | : See Section 11 for more detailed information on health effects and symptoms.                    |

#### 5. SECTION: FIRE-FIGHTING MEASURES

|                                                |                                                                                                                                                                                                                                                                                    |
|------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Suitable extinguishing media                   | : Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.                                                                                                                                                                          |
| Unsuitable extinguishing media                 | : None known.                                                                                                                                                                                                                                                                      |
| Specific hazards during fire fighting          | : Not flammable or combustible.                                                                                                                                                                                                                                                    |
| Hazardous combustion products                  | : Decomposition products may include the following materials:<br>Carbon oxides<br>Nitrogen oxides (NO <sub>x</sub> )                                                                                                                                                               |
| Special protective equipment for fire-fighters | : Use personal protective equipment.                                                                                                                                                                                                                                               |
| Specific extinguishing methods                 | : Collect contaminated fire extinguishing water separately. This must not be discharged into drains. Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations. In the event of fire and/or explosion do not breathe fumes. |

#### 6. SECTION: ACCIDENTAL RELEASE MEASURES

|                                                                     |                                                                                                                                                                                                                                                                                                                                                                                                                                           |
|---------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Personal precautions, protective equipment and emergency procedures | : Ensure clean-up is conducted by trained personnel only. Refer to protective measures listed in sections 7 and 8.                                                                                                                                                                                                                                                                                                                        |
| Environmental precautions                                           | : Do not allow contact with soil, surface or ground water.                                                                                                                                                                                                                                                                                                                                                                                |
| Methods and materials for containment and cleaning up               | : Stop leak if safe to do so. Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see section 13). For large spills, dike spilled material or otherwise contain material to ensure runoff does not reach a waterway. Do not flush into surface water or sanitary sewer system. |

## SAFETY DATA SHEET

### ECO-STAR CLEARLY SOFT

#### 7. SECTION: HANDLING AND STORAGE

- Advice on safe handling : Wash hands thoroughly after handling. Do not get in eyes, on skin, or on clothing. In case of mechanical malfunction, or if in contact with unknown dilution of product, wear full Personal Protective Equipment (PPE).
- Conditions for safe storage : Keep out of reach of children. Keep container tightly closed. Store in suitable labeled containers.
- Storage temperature : 10 °C to 40 °C

#### 8. SECTION: EXPOSURE CONTROLS/PERSONAL PROTECTION

##### Ingredients with workplace control parameters

| Components  | CAS-No. | Form of exposure | Permissible concentration             | Basis  |
|-------------|---------|------------------|---------------------------------------|--------|
| Isopropanol | 67-63-0 | TWA              | 400 ppm<br>983 mg/m <sup>3</sup>      | TW OEL |
|             |         | STEL             | 500 ppm<br>1,228.75 mg/m <sup>3</sup> | TW OEL |

- Engineering measures : Effective exhaust ventilation system. Maintain air concentrations below occupational exposure standards.

##### Personal protective equipment

- Eye protection : No special protective equipment required.
- Hand protection : No special protective equipment required.
- Skin protection : No special protective equipment required.
- Respiratory protection : No personal respiratory protective equipment normally required.
- Hygiene measures : Handle in accordance with good industrial hygiene and safety practice. Remove and wash contaminated clothing before re-use. Wash face, hands and any exposed skin thoroughly after handling.

#### 9. SECTION: PHYSICAL AND CHEMICAL PROPERTIES

- Appearance : liquid
- Color : opaque, off-white
- Odor : Perfumes, fragrances
- pH : 6.5 - 7.5, (100 %)
- Flash point : 117 °C closed cup, Does not sustain combustion.
- Odor Threshold : No data available
- Melting point/freezing point : No data available
- Initial boiling point and boiling range : > 100 °C
- Evaporation rate : No data available

## SAFETY DATA SHEET

### ECO-STAR CLEARLY SOFT

|                                        |                     |
|----------------------------------------|---------------------|
| Flammability (solid, gas)              | : Not applicable    |
| Upper explosion limit                  | : No data available |
| Lower explosion limit                  | : No data available |
| Vapor pressure                         | : No data available |
| Relative vapor density                 | : No data available |
| Relative density                       | : 0.98 - 1.04       |
| Water solubility                       | : insoluble         |
| Solubility in other solvents           | : No data available |
| Partition coefficient: n-octanol/water | : No data available |
| Autoignition temperature               | : No data available |
| Thermal decomposition                  | : No data available |
| Viscosity, kinematic                   | : No data available |
| Explosive properties                   | : No data available |
| Oxidizing properties                   | : No data available |
| Molecular weight                       | : No data available |
| VOC                                    | : No data available |

#### 10. SECTION: STABILITY AND REACTIVITY

|                                    |                                                                                                                       |
|------------------------------------|-----------------------------------------------------------------------------------------------------------------------|
| Reactivity                         | : No dangerous reaction known under conditions of normal use.                                                         |
| Chemical stability                 | : Stable under normal conditions.                                                                                     |
| Possibility of hazardous reactions | : No dangerous reaction known under conditions of normal use.                                                         |
| Conditions to avoid                | : None known.                                                                                                         |
| Incompatible materials             | : Bases                                                                                                               |
| Hazardous decomposition products   | : In case of fire hazardous decomposition products may be produced such as:<br>Carbon oxides<br>Nitrogen oxides (NOx) |

#### 11. SECTION: TOXICOLOGICAL INFORMATION

Information on likely routes of exposure : Inhalation, Eye contact, Skin contact

##### Potential Health Effects

|            |                                                               |
|------------|---------------------------------------------------------------|
| Eyes       | : Health injuries are not known or expected under normal use. |
| Skin       | : Health injuries are not known or expected under normal use. |
| Ingestion  | : Health injuries are not known or expected under normal use. |
| Inhalation | : Health injuries are not known or expected under normal use. |

## SAFETY DATA SHEET

### ECO-STAR CLEARLY SOFT

Chronic Exposure : Health injuries are not known or expected under normal use.

#### Experience with human exposure

Eye contact : No symptoms known or expected.

Skin contact : No symptoms known or expected.

Ingestion : No symptoms known or expected.

Inhalation : No symptoms known or expected.

#### Toxicity

##### Product

Acute oral toxicity : No data available

Acute inhalation toxicity : 4 h Acute toxicity estimate : > 40 mg/l  
Test atmosphere: vapor

Acute dermal toxicity : No data available

Skin corrosion/irritation : No skin irritation

Serious eye damage/eye irritation : No eye irritation

Respiratory or skin sensitization : No data available

Carcinogenicity : No data available

Reproductive effects : No data available

Germ cell mutagenicity : No data available

Teratogenicity : No data available

STOT-single exposure : No data available

STOT-repeated exposure : No data available

Aspiration toxicity : No data available

##### Components

Acute oral toxicity : Methyl tallow-diethylenetriamine methosulfate, ethoxylated  
LD50 Rat: > 15,000 mg/kg

Isopropanol  
LD50 Rat: 5,840 mg/kg

Siloxanes and Silicones, di-Me, polymers with 3-[(2-aminoethyl)amino]propyl silsesquioxanes, hydroxy-terminated  
LD50 Rat: > 5,000 mg/kg

##### Components

Acute dermal toxicity : Isopropanol  
LD50 Rabbit: 12,870 mg/kg

Siloxanes and Silicones, di-Me, polymers with 3-[(2-aminoethyl)amino]propyl silsesquioxanes, hydroxy-terminated  
LD50 Rabbit: > 2,000 mg/kg

## SAFETY DATA SHEET

### ECO-STAR CLEARLY SOFT

#### 12. SECTION: ECOLOGICAL INFORMATION

##### Ecotoxicity

Environmental Effects : Toxic to aquatic life. Toxic to aquatic life with long lasting effects.

##### Product

Toxicity to fish : 96 h LC50: 7.14 mg/l

Toxicity to daphnia and other aquatic invertebrates : No data available

Toxicity to algae : No data available

##### Components

Toxicity to daphnia and other aquatic invertebrates : Isopropanol  
LC50 Daphnia magna (Water flea): > 10,000 mg/l

##### Persistence and degradability

Poorly biodegradable

##### Bioaccumulative potential

No data available

##### Mobility in soil

No data available

##### Other adverse effects

No data available

#### 13. SECTION: DISPOSAL CONSIDERATIONS

Disposal methods : The product should not be allowed to enter drains, water courses or the soil. Where possible recycling is preferred to disposal or incineration. If recycling is not practicable, dispose of in compliance with local regulations. Dispose of wastes in an approved waste disposal facility.

Disposal considerations : Dispose of as unused product. Empty containers should be taken to an approved waste handling site for recycling or disposal. Do not re-use empty containers. Dispose of in accordance with local, state, and federal regulations.

#### 14. SECTION: TRANSPORT INFORMATION

The shipper/consignor/sender is responsible to ensure that the packaging, labeling, and markings are in compliance with the selected mode of transport.

##### Land transport

Not dangerous goods

##### Sea transport (IMDG/IMO)

Not dangerous goods

Special precautions for user : None

## SAFETY DATA SHEET

### ECO-STAR CLEARLY SOFT

#### 15. SECTION: REGULATORY INFORMATION

##### National regulatory information

Regulations on Labelling and Hazard Communication of Hazardous Chemicals

##### National regulatory information

Regulations on Occupational Safety and Health Facilities

##### National regulatory information

Standards for the Storage, Cleanup, Handling and Disposal of Industrial Waste

##### National regulatory information

Rules on the Prevention of Poisoning from Organic Solvents.

##### National regulatory information

Public Hazardous Materials and Flammable Pressurized Gases Establishment Standards and Safety Control Regulations

##### National regulatory information

Standards of Permissible Exposure Limits in Job Site

##### National regulatory information

Regulations on Labelling and Hazard Communication of Hazardous Chemicals

##### National regulatory information

Regulations on Occupational Safety and Health Facilities

##### National regulatory information

Standards for the Storage, Cleanup, Handling and Disposal of Industrial Waste

##### National regulatory information

Standards of Permissible Exposure Limits in Job Site

##### National regulatory information

Public Hazardous Materials and Flammable Pressurized Gases Establishment Standards and Safety Control Regulations

##### The ingredients of this product are reported in the following inventories:

##### Switzerland. New notified substances and declared preparations :

not determined

##### United States TSCA Inventory :

All substances listed as active on the TSCA inventory

##### Canadian Domestic Substances List (DSL) :

All components of this product are on the Canadian DSL

##### Australia Inventory of Chemical Substances (AICS) :

not determined

##### New Zealand. Inventory of Chemical Substances :

not determined

##### Japan. ENCS - Existing and New Chemical Substances Inventory :

On the inventory, or in compliance with the inventory

##### Korea. Korean Existing Chemicals Inventory (KECI) :
