

**SECTION 1. PRODUCT AND COMPANY IDENTIFICATION**

Product name : STABILON BPC

Other means of identification : Not applicable

Recommended use : Bottle wash additive

Restrictions on use : Reserved for industrial and professional use.

Product dilution information : No dilution information provided.

Company : ECOLAB VIETNAM CO., LTD.  
UNIT 8.2 - ETOWN 2 Building, 364 Cong Hoa Street  
Tan Binh District, Ho Chi Minh City, Vietnam  
+84 28 35285100

Emergency telephone : +(84)-444581938

Issuing date : 30.11.2020

**SECTION 2. HAZARDS IDENTIFICATION**
**GHS Classification**

Acute toxicity (Oral) : Category 5

Skin corrosion/irritation : Category 3

Serious eye damage/eye irritation : Category 1

Skin sensitization : Category 1

Chronic aquatic toxicity : Category 3

**GHS label elements**

Hazard pictograms :

Signal Word : Danger

Hazard Statements : May be harmful if swallowed.  
Causes mild skin irritation.  
May cause an allergic skin reaction.  
Causes serious eye damage.  
Harmful to aquatic life with long lasting effects.

Precautionary Statements : **Prevention:**  
Avoid breathing dust/ fume/ gas/ mist/ vapors/ spray. Contaminated work clothing must not be allowed out of the workplace. Avoid release to the environment. Wear protective gloves/ eye protection/ face protection.  
**Response:**  
IF ON SKIN: Wash with plenty of soap and water. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER/doctor. Call a POISON CENTER/doctor if you feel unwell. If skin irritation or rash occurs: Get medical advice/ attention. Wash contaminated clothing before reuse.

# SAFETY DATA SHEET

## STABILON BPC

**Disposal:**

Dispose of contents/ container to an approved waste disposal plant.

**Other hazards** : None known.

### SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Pure substance/mixture : Mixture

| Chemical name                        | CAS-No.    | Concentration (%) |
|--------------------------------------|------------|-------------------|
| ethylenediamine tetraacetate         | 64-02-8    | 40 - 60           |
| triphosphoric acid, pentasodium salt | 7758-29-4  | 15 - 30           |
| Nonionic surfactants                 | 26316-40-5 | 15 - 30           |
| Alkylamine ethoxylates               | 61791-14-8 | 1.5 - 3           |

### SECTION 4. FIRST AID MEASURES

|                                                             |                                                                                                                                                                                                   |
|-------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| In case of eye contact                                      | : Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention immediately. |
| In case of skin contact                                     | : Wash off immediately with plenty of water for at least 15 minutes. Use a mild soap if available. Wash clothing before reuse. Thoroughly clean shoes before reuse. Get medical attention.        |
| If swallowed                                                | : Rinse mouth. Get medical attention if symptoms occur.                                                                                                                                           |
| If inhaled                                                  | : Remove to fresh air. Treat symptomatically. Get medical attention if symptoms occur.                                                                                                            |
| Protection of first-aiders                                  | : If potential for exposure exists refer to Section 8 for specific personal protective equipment.                                                                                                 |
| Notes to physician                                          | : Treat symptomatically.                                                                                                                                                                          |
| Most important symptoms and effects, both acute and delayed | : See Section 11 for more detailed information on health effects and symptoms.                                                                                                                    |

### SECTION 5. FIRE-FIGHTING MEASURES

|                                                |                                                                                                                                                  |
|------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|
| Suitable extinguishing media                   | : Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.                                        |
| Unsuitable extinguishing media                 | : None known.                                                                                                                                    |
| Specific hazards during fire fighting          | : Not flammable or combustible.                                                                                                                  |
| Hazardous combustion products                  | : Decomposition products may include the following materials:<br>Carbon oxides<br>Oxides of phosphorus<br>Sulfur oxides<br>Nitrogen oxides (NOx) |
| Special protective equipment for fire-fighters | : Use personal protective equipment.                                                                                                             |

## SAFETY DATA SHEET

### STABILON BPC

Specific extinguishing methods : Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations. In the event of fire and/or explosion do not breathe fumes.

#### SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures : Ensure adequate ventilation. Keep people away from and upwind of spill/leak. Avoid inhalation, ingestion and contact with skin and eyes. When workers are facing concentrations above the exposure limit they must use appropriate certified respirators. Ensure clean-up is conducted by trained personnel only. Refer to protective measures listed in sections 7 and 8.

Environmental precautions : Do not allow contact with soil, surface or ground water.

Methods and materials for containment and cleaning up : Sweep up and shovel into suitable containers for disposal.

#### SECTION 7. HANDLING AND STORAGE

Advice on safe handling : Do not ingest. Do not breathe dust/ fume/ gas/ mist/ vapors/ spray. Wash hands thoroughly after handling. Do not get in eyes, on skin, or on clothing.

Conditions for safe storage : Keep out of reach of children. Keep container tightly closed. Store in suitable labeled containers.

Storage temperature : 0 °C to 40 °C

#### SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

##### Ingredients with workplace control parameters

Contains no substances with occupational exposure limit values.

Engineering measures : Effective exhaust ventilation system. Maintain air concentrations below occupational exposure standards.

##### Personal protective equipment

Eye protection : Safety goggles  
Face-shield

Hand protection : Wear the following personal protective equipment:  
Standard glove type.  
Gloves should be discarded and replaced if there is any indication of degradation or chemical breakthrough.

Skin protection : Wear suitable protective clothing.

Respiratory protection : No personal respiratory protective equipment normally required.

Hygiene measures : Handle in accordance with good industrial hygiene and safety practice. Remove and wash contaminated clothing before re-use. Wash face, hands and any exposed skin thoroughly after handling. Provide suitable facilities for quick drenching or flushing of the eyes and body in case of contact or splash hazard.

## SAFETY DATA SHEET

#### SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

|                                         |                     |
|-----------------------------------------|---------------------|
| Appearance                              | : powder            |
| Color                                   | : white             |
| Odor                                    | : aromatic          |
| pH                                      | : 10.2 - 11.5, 1 %  |
| Flash point                             | : Not applicable    |
| Odor Threshold                          | : No data available |
| Melting point/freezing point            | : No data available |
| Initial boiling point and boiling range | : No data available |
| Evaporation rate                        | : No data available |
| Flammability (solid, gas)               | : No data available |
| Upper explosion limit                   | : No data available |
| Lower explosion limit                   | : No data available |
| Vapor pressure                          | : No data available |
| Relative vapor density                  | : No data available |
| Relative density                        | : No data available |
| Water solubility                        | : partly soluble    |
| Solubility in other solvents            | : No data available |
| Partition coefficient: n-octanol/water  | : No data available |
| Autoignition temperature                | : No data available |
| Thermal decomposition                   | : No data available |
| Viscosity, kinematic                    | : No data available |
| Explosive properties                    | : No data available |
| Oxidizing properties                    | : No data available |
| Molecular weight                        | : No data available |
| VOC                                     | : No data available |

#### SECTION 10. STABILITY AND REACTIVITY

|                                    |                                                                                                                         |
|------------------------------------|-------------------------------------------------------------------------------------------------------------------------|
| Chemical stability                 | : Stable under normal conditions.                                                                                       |
| Possibility of hazardous reactions | : No dangerous reaction known under conditions of normal use.                                                           |
| Conditions to avoid                | : None known.                                                                                                           |
| Incompatible materials             | : Acids<br>Organic materials                                                                                            |
| Hazardous decomposition products   | : Decomposition products may include the following materials:<br>Carbon oxides<br>Sulfur oxides<br>Oxides of phosphorus |

## SAFETY DATA SHEET

### STABILON BPC

Nitrogen oxides (NOx)

#### SECTION 11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure : Inhalation, Eye contact, Skin contact

##### Potential Health Effects

Eyes : Causes serious eye damage.

Skin : Causes mild skin irritation. May cause allergic skin reaction.

Ingestion : May be harmful if swallowed.

Inhalation : Health injuries are not known or expected under normal use.

Chronic Exposure : Health injuries are not known or expected under normal use.

##### Experience with human exposure

Eye contact : Redness, Pain, Corrosion

Skin contact : Redness, Irritation, slight irritation, Allergic reactions

Ingestion : Abdominal pain

Inhalation : No symptoms known or expected.

##### Toxicity

###### Product

Acute oral toxicity : Acute toxicity estimate : 2,855 mg/kg

Acute inhalation toxicity : No data available

Acute dermal toxicity : Acute toxicity estimate : > 5,000 mg/kg

Skin corrosion/irritation : No data available

Serious eye damage/eye irritation : No data available

Respiratory or skin sensitization : No data available

Carcinogenicity : No data available

Reproductive effects : No data available

Germ cell mutagenicity : No data available

Teratogenicity : No data available

STOT-single exposure : No data available

STOT-repeated exposure : No data available

Aspiration toxicity : No data available

#### SECTION 12. ECOLOGICAL INFORMATION

##### Ecotoxicity

Environmental Effects : Harmful to aquatic life with long lasting effects.

## SAFETY DATA SHEET

### STABILON BPC

#### Product

Toxicity to fish : No data available

Toxicity to daphnia and other aquatic invertebrates : No data available

Toxicity to algae : No data available

#### Ingredients

Toxicity to fish : ethylenediamine tetraacetate  
96 h LC50 Fish: 121 mg/l

#### Ingredients

Toxicity to daphnia and other aquatic invertebrates : triphosphoric acid, pentasodium salt  
48 h EC50 Daphnia: > 100 mg/l

Nonionic surfactants  
48 h EC50 Daphnia: 103 mg/l

Alkylamine ethoxylates  
96 h LC50 Daphnia: 8 mg/l

#### Persistence and degradability

Poorly biodegradable

#### Bioaccumulative potential

No data available

#### Mobility in soil

No data available

#### Other adverse effects

No data available

### SECTION 13. DISPOSAL CONSIDERATIONS

Disposal methods : Where possible recycling is preferred to disposal or incineration. If recycling is not practicable, dispose of in compliance with local regulations. Dispose of wastes in an approved waste disposal facility.

The product should not be allowed to enter drains, water courses or the soil.

Disposal considerations : Dispose of as unused product. Empty containers should be taken to an approved waste handling site for recycling or disposal. Do not re-use empty containers. Dispose of in accordance with local, state, and federal regulations.

### SECTION 14. TRANSPORT INFORMATION

The shipper/consignor/sender is responsible to ensure that the packaging, labeling, and markings are in compliance with the selected mode of transport.

#### Land transport

Not dangerous goods

## SAFETY DATA SHEET

### STABILON BPC

#### Sea transport (IMDG/IMO)

Not dangerous goods

### SECTION 15. REGULATORY INFORMATION

The ingredients of this product are reported in the following inventories:

#### United States TSCA Inventory :

On TSCA Inventory

#### Canadian Domestic Substances List (DSL) :

All components of this product are on the Canadian DSL

#### Australia Inventory of Chemical Substances (AICS) :

On the inventory, or in compliance with the inventory

#### New Zealand. Inventory of Chemical Substances :

On the inventory, or in compliance with the inventory

#### Japan. ENCS - Existing and New Chemical Substances Inventory :

not determined

#### Japan. ISHL - Inventory of Chemical Substances (METI) :

not determined

#### Korea. Korean Existing Chemicals Inventory (KECI) :

On the inventory, or in compliance with the inventory

#### Philippines Inventory of Chemicals and Chemical Substances (PICCS) :

On the inventory, or in compliance with the inventory

#### China. Inventory of Existing Chemical Substances in China (IECSC) :

On the inventory, or in compliance with the inventory

### SECTION 16. OTHER INFORMATION

Issuing date : 30.11.2020  
Version : 1.0A  
Prepared by : Regulatory Affairs

REVISED INFORMATION: Significant changes to regulatory or health information for this revision is indicated by a bar in the left-hand margin of the SDS.

The information provided in this Material Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
