

SAFETY DATA SHEET

KAY-5 SANITIZER/CLEANER

SECTION 1. PRODUCT AND COMPANY IDENTIFICATION

Product name : KAY-5 SANITIZER/CLEANER

Other means of identification : Not applicable

Recommended use : Sanitizer

Restrictions on use : Reserved for industrial and professional use.

Product dilution information : No dilution information provided.

Company : Kay Chemical Company
8300 Capital Drive
Greensboro, North Carolina USA 27409
1-800-529-5458

Emergency telephone : 1-877-231-2615 (USA/Canada), 952-853-1713 (outside USA)

Issuing date : 02.04.2019

SECTION 2. HAZARDS IDENTIFICATION

Physical and chemical hazards : Not flammable or combustible.

Potential Health Effects

Eyes : Causes eye irritation.

Skin : May be harmful in contact with skin. May cause allergic skin reaction.

Inhalation : Harmful if inhaled.

Chronic Exposure : Health injuries are not known or expected under normal use.

SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Pure substance/mixture : Mixture

Chemical name	CAS-No.	Concentration (%)
Sodium Carbonate	497-19-8	10 - 30
Sodium dichloro-s-triazinetriane dihydrate	51580-86-0	6

SECTION 4. FIRST AID MEASURES

In case of eye contact : Rinse with plenty of water.

In case of skin contact : Wash off immediately with plenty of water for at least 15 minutes. Use a mild soap if available. Wash clothing before reuse. Thoroughly clean shoes before reuse. Get medical attention.

If swallowed : Rinse mouth. Get medical attention if symptoms occur.

If inhaled : Remove to fresh air. Treat symptomatically. Get medical attention.

Protection of first-aiders : If potential for exposure exists refer to Section 8 for specific personal protective equipment.

SAFETY DATA SHEET

KAY-5 SANITIZER/CLEANER

Notes to physician	: Treat symptomatically.
Most important symptoms and effects, both acute and delayed	: See Section 11 for more detailed information on health effects and symptoms.

SECTION 5. FIRE-FIGHTING MEASURES

Suitable extinguishing media	: Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.
Unsuitable extinguishing media	: None known.
Specific hazards during fire fighting	: Not flammable or combustible.
Hazardous combustion products	: Decomposition products may include the following materials: Carbon oxides Nitrogen oxides (NOx) Sulfur oxides Oxides of phosphorus
Special protective equipment for fire-fighters	: Use personal protective equipment.
Specific extinguishing methods	: Collect contaminated fire extinguishing water separately. This must not be discharged into drains. Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations. In the event of fire and/or explosion do not breathe fumes.

SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures	: Ensure clean-up is conducted by trained personnel only. Refer to protective measures listed.
Environmental precautions	: Do not allow contact with soil, surface or ground water.
Methods and materials for containment and cleaning up	: Sweep up and shovel into suitable containers for disposal.

SECTION 7. HANDLING AND STORAGE

Advice on safe handling	: Do not ingest. Do not get in eyes, on skin, or on clothing. Do not breathe dust/ fume/ gas/ mist/ vapors/ spray. Use only with adequate ventilation. Wash hands thoroughly after handling. Mixing this product with acid or ammonia releases chlorine gas.
Conditions for safe storage	: Keep out of reach of children. Store in suitable labeled containers.
Storage temperature	: 0 °C to 40 °C

SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

SAFETY DATA SHEET

KAY-5 SANITIZER/CLEANER

Ingredients with workplace control parameters

Contains no substances with occupational exposure limit values.

Engineering measures : Effective exhaust ventilation system. Maintain air concentrations below occupational exposure standards.

Personal protective equipment

Eye protection : No special protective equipment required.

Hand protection : Wear the following personal protective equipment:
Standard glove type.
Gloves should be discarded and replaced if there is any indication of degradation or chemical breakthrough.

Skin protection : No special protective equipment required.

Respiratory protection : When workers are facing concentrations above the exposure limit they must use appropriate certified respirators.

Hygiene measures : Handle in accordance with good industrial hygiene and safety practice. Remove and wash contaminated clothing before re-use.
Wash face, hands and any exposed skin thoroughly after handling.

SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	: powder
Color	: opaque, white
Odor	: slight
pH	: 10.0 - 10.4, (1 %)
Flash point	: Not applicable, Does not sustain combustion.
Odor Threshold	: No data available
Melting point/freezing point	: No data available
Initial boiling point and boiling range	: No data available
Evaporation rate	: No data available
Flammability (solid, gas)	: No data available
Upper explosion limit	: No data available
Lower explosion limit	: No data available
Vapor pressure	: No data available
Relative vapor density	: No data available
Relative density	: 1.0 - 1.5
Water solubility	: soluble
Solubility in other solvents	: No data available
Partition coefficient: n-octanol/water	: No data available
Autoignition temperature	: No data available
Thermal decomposition	: No data available

SAFETY DATA SHEET

KAY-5 SANITIZER/CLEANER

Viscosity, kinematic	: No data available
Explosive properties	: No data available
Oxidizing properties	: yes
Molecular weight	: No data available
VOC	: No data available

SECTION 10. STABILITY AND REACTIVITY

Chemical stability	: Stable under normal conditions.
Possibility of hazardous reactions	: Mixing this product with acid or ammonia releases chlorine gas.
Conditions to avoid	: None known.
Incompatible materials	: Acids
Hazardous decomposition products	: In case of fire hazardous decomposition products may be produced such as: Carbon oxides Nitrogen oxides (NOx) Sulfur oxides Oxides of phosphorus

SECTION 11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure	: Inhalation, Eye contact, Skin contact
--	---

Potential Health Effects

Eyes	: Causes eye irritation.
Skin	: May be harmful in contact with skin. May cause allergic skin reaction.
Inhalation	: Harmful if inhaled.
Chronic Exposure	: Health injuries are not known or expected under normal use.

Experience with human exposure

Eye contact	: Redness, Irritation
Skin contact	: Redness, Irritation, Allergic reactions
Ingestion	: No symptoms known or expected.
Inhalation	: No information available.

Toxicity

Product

Acute oral toxicity	: LD50 Rat: 3,300 mg/kg Test substance: Product
---------------------	--

SAFETY DATA SHEET

KAY-5 SANITIZER/CLEANER

Acute inhalation toxicity	: 4 h LC50 Rat: > 2.08 mg/l Test substance: Product Test atmosphere: dust/mist
Acute dermal toxicity	: LD50 Rabbit: > 2,000 mg/kg Test substance: Product
Skin corrosion/irritation	: No skin irritation Test substance: Product
Serious eye damage/eye irritation	: Mild eye irritation Test substance: Product
Respiratory or skin sensitization	: May cause sensitization by skin contact. Test substance: Product
Carcinogenicity	: No data available
Reproductive effects	: No data available
Germ cell mutagenicity	: No data available
Teratogenicity	: No data available
STOT-single exposure	: No data available
STOT-repeated exposure	: No data available
Aspiration toxicity	: No data available

SECTION 12. ECOLOGICAL INFORMATION

Ecotoxicity

Environmental Effects : Toxic to aquatic life.

Product

Toxicity to fish : No data available

Toxicity to daphnia and other aquatic invertebrates : No data available

Toxicity to algae : No data available

Components

Toxicity to fish : Sodium Carbonate
96 h LC50 *Lepomis macrochirus* (Bluegill sunfish): 300 mg/l

Components

Toxicity to daphnia and other aquatic invertebrates : Sodium Carbonate
48 h EC50 *Ceriodaphnia* (water flea): 213.5 mg/l

Sodium dichloro-s-triazinetriene dihydrate
48 h EC50 *Daphnia*: 0.196 mg/l

Persistence and degradability

Readily biodegradable.

Bioaccumulative potential

No data available

Mobility in soil

No data available

SAFETY DATA SHEET

KAY-5 SANITIZER/CLEANER

Other adverse effects

No data available

SECTION 13. DISPOSAL CONSIDERATIONS

- Disposal methods : The product should not be allowed to enter drains, water courses or the soil. Where possible recycling is preferred to disposal or incineration. If recycling is not practicable, dispose of in compliance with local regulations. Dispose of wastes in an approved waste disposal facility.
- Disposal considerations : Dispose of as unused product. Empty containers should be taken to an approved waste handling site for recycling or disposal. Do not re-use empty containers. Dispose of in accordance with local, state, and federal regulations.

SECTION 14. TRANSPORT INFORMATION

Sea transport (IMDG/IMO)

Not dangerous goods

SECTION 15. REGULATORY INFORMATION

For Regulatory information please contact your Ecolab sales representative.

SECTION 16. OTHER INFORMATION

NFPA:

HMIS III:

HEALTH	2*
FLAMMABILITY	0
PHYSICAL HAZARD	0

0 = not significant, 1 = Slight,
2 = Moderate, 3 = High
4 = Extreme, * = Chronic

Issuing date : 02.04.2019
Version : 1.0
Prepared by : Regulatory Affairs

REVISED INFORMATION: Significant changes to regulatory or health information for this revision is indicated by a bar in the left-hand margin of the MSDS.

The information provided in this Material Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific

SAFETY DATA SHEET

KAY-5 SANITIZER/CLEANER

material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.

Material Safety Data Sheet

TAYLOR LUBE

Haynes Manufacturing Company

1. Product and Company Identification

Product Name: TAYLOR LUBE
Part Number: 047518
Customer Service: 800.255.0626 or 815.624.8333

Chemical Name: N/A
Chemical Family: Petroleum Lubricant
Manufacturer: Haynes Manufacturing Co.
24142 Detroit Road
Westlake, Ohio 44145, USA

Emergency Telephone Number: 1-800-992-2166 or 1-440-871-2188

For MSDS, Product Safety,
or Regulatory Inquiries call: 1-800-992-2166 or 1-440-871-2188

2. Composition / Information of Ingredients

The composition of this product is proprietary.
This product does not contain hazardous ingredients.
This product does not contain carcinogens.

3. Hazards Identification

Emergency Overview

Appearance/Odor: Transparent, Odorless

OSHA Regulatory Status

This material is not hazardous according to the OSHA Hazard
Communication Standard, 29CFR 1910.1200.

HMIS Ratings: Health 0 Flammability 1 Reactivity 0.

This product is a Food-Grade Petroleum Lubricant. It is not expected to
present any unusual hazards, in proper use.

4. First Aid Measures

Eye Contact – Flush eyes thoroughly with water for several minutes.

Obtain medical attention if discomfort persists. If material is hot, treat for
thermal burns and seek immediate medical attention.

Skin – Wash skin with soap and water. Obtain medical attention if irritation
persists. If material is hot, submerge injured area in cold water. If victim is
severely burned, remove to a hospital immediately.

Material Safety Data Sheet

TAYLOR LUBE

Haynes Manufacturing Company

Inhalation – Clear airway. If respiratory difficulty persists, seek medical attention. This material has a low vapor pressure and is not expected to present an inhalation exposure at ambient conditions.

Ingestion – Treat symptoms, may act as a laxative. Call physician.

5. Fire Fighting Measures

Flash Point: > 300 degrees F

Extinguishing Media:

Suitable: Dry Chemical or CO₂, treat as an oil fire. Water may only be used to cool containers from heat.

Unsuitable: Water jet.

Special Protective Equipment for Firefighters:

Full protective clothing including self-contained breathing apparatus with full face-piece is required.

Unusual Fire and Explosion Hazards: This product will burn if involved in a fire. This product will float on water so water spray is not a suitable extinguishing agent as it may cause fire to spread. Dense smoke may be generated while burning. Carbon monoxide, carbon dioxide, and other oxides may be generated as products of combustion.

6. Accidental Release Measures

Personal Precautions: Eliminate sources of ignition.

Environmental Precautions: This product will float on the surface of water. Prevent from entering sewers or drains.

Methods for Cleaning Up: Floor may be slippery, use caution to avoid falling. Contain spill immediately. Do not allow spill to enter sewers or drains. Large spills may be picked up by using shovels, buckets, or other means and placed in drums or other suitable containers.

7. Handling and Storage

Handling Precautions: Keep drums closed to prevent contamination. May be slippery when spilled.

Storage Precautions: Do not transfer to unmarked containers. Store in dry place with closed containers away from heat, sparks, open flame, or oxidizing materials. Normal precautions common to safe manufacturing should be followed in handling and storage.

8. Exposure Controls / Personal Protection **Personal Protection Equipment**

Material Safety Data Sheet

TAYLOR LUBE

Haynes Manufacturing Company

Eye Face Protection: Eye protection is not required under conditions of normal use. If material is handled such that it could be splashed into eyes, wear plastic face shield or splash-proof safety goggles.

Skin Protection: No skin protection is required for single, short duration exposures. For prolonged or repeated exposures, use impervious clothing (boots, gloves, aprons, etc.) over parts of the body subject to exposure. If handling hot material, use insulated protective clothing (boots, gloves, aprons, etc.).

Respiratory Protection: Respiratory protection is not required under conditions of normal use. If vapor or oil mist is generated when the material is heated or handled, use an organic vapor respirator with a dust and mist filter.

Industrial Hygiene Measures: Remove contaminated clothing and clean it. Do not eat or drink in work areas. Always wash hands before eating drinking or smoking.

9. Physical and Chemical Properties

Appearance:	Transparent grease
Odor:	Odorless
Vapor Pressure (MMHG):	NEG
Boiling Point:	N/A
Specific Gravity:	<1
Percent Volatile by Volume (%):	0
Vapor Density (Air=1):	N/A
Evaporation Rate:	N/A
Solubility in Water:	NEG
Flash Point:	> 300 Degrees F

10. Stability and Reactivity

Chemical Stability:	Stable
Conditions to Avoid:	High Heat and Open Flame
Incompatible Materials to Avoid:	May react with strong oxidizing agents.
Hazardous Decomposition Products:	Carbon monoxide, carbon dioxide, and other oxides may be generated as products of combustion.
Hazardous Polymerization:	Will not occur.

11. Toxicological Information

General: No evidence of harmful effects from available information.
Acute Toxicity: No data available
Irritancy Skin: Very mild
Skin Sensitization: No data available

Material Safety Data Sheet

TAYLOR LUBE

Haynes Manufacturing Company

California Proposition 65: None

Carcinogen: The product is not carcinogenic according to the OSHA Hazard Communication Standard.

12. Ecological Information

No information is available.

13. Disposal Considerations

Contact waste disposal or local authority. All disposals must comply with federal, state, and local, regulations. The material, if spilled or discarded, may be a regulated waste. Caution: If regulated solvents are used to clean up spilled material, the resulting waste mixture may be regulated. Materials (containers, packaging, drum liners, etc.) should be recycled if possible.

14. Transport Information

U.S. Department of Transportation (DOT)

Highway / Rail (Bulk): Not Required

Highway / Rail (Non-Bulk): Not Required

The DOT description is provided to assist in the proper shipping classification of this product and may not be suitable for all shipping descriptions.

International Information

Vessel (IMDG): Not Regulated

Air (ICAO): Not Regulated

15. Regulatory Information

U.S. Sara Section 313

This product is not known to contain any SARA, Title III, Section 313 reportable chemicals at or greater than 1.0% (0.1% for carcinogens).

This product is an H-1 Lubricant acceptable for incidental food contact. NSF registration number 054038

16. Other Information

Additional Information: None available.
