

**Section: 1. PRODUCT AND COMPANY IDENTIFICATION**

Product name : MIKRO QUAT

Other means of identification : Not applicable.

Recommended use : All Purpose Cleaner

Restrictions on use : Reserved for industrial and professional use.

Product dilution information : No dilution information provided.

**Section: 2. HAZARDS IDENTIFICATION**
**GHS Classification**

Acute toxicity (Inhalation) : Category 3  
Skin corrosion : Category 1B  
Serious eye damage : Category 1

**GHS Label element**

Hazard pictograms :

Signal Word : Danger

## SAFETY DATA SHEET

### MIKRO QUAT

- Hazard Statements : Causes severe skin burns and eye damage.  
Toxic if inhaled.
- Precautionary Statements : **Prevention:**  
Avoid breathing dust/ fume/ gas/ mist/ vapours/ spray. Wash skin thoroughly after handling. Use only outdoors or in a well-ventilated area. Wear protective gloves/ protective clothing/ eye protection/ face protection.  
**Response:**  
IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. IF INHALED: Remove person to fresh air and keep comfortable for breathing. Immediately call a POISON CENTER/doctor. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/ physician. Wash contaminated clothing before reuse.  
**Storage:**  
Store in a well-ventilated place. Keep container tightly closed. Store locked up.  
**Disposal:**  
Dispose of contents/ container to an approved waste disposal plant.
- Other hazards : None known.

### Section: 3. COMPOSITION/INFORMATION ON INGREDIENTS

Pure substance/mixture : Mixture

| Chemical Name                                      | CAS-No.     | Concentration: (%) |
|----------------------------------------------------|-------------|--------------------|
| benzalkonium chloride                              | 68424-85-1  | 5 - 10             |
| Alcohols, C13-15, branched and linear, ethoxylated | 157627-86-6 | 5 - 10             |
| monoethanolamine                                   | 141-43-5    | 1 - 5              |
| ethanol                                            | 64-17-5     | 1 - 5              |

### Section: 4. FIRST AID MEASURES

- In case of eye contact : Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention immediately.
- In case of skin contact : Wash off immediately with plenty of water for at least 15 minutes. Use a mild soap if available. Wash clothing before reuse. Thoroughly clean shoes before reuse. Get medical attention immediately.
- If swallowed : Rinse mouth with water. Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention immediately.
- If inhaled : Remove to fresh air. Treat symptomatically. Get medical attention immediately.
- Protection of first-aiders : If potential for exposure exists refer to Section 8 for specific personal protective equipment.
- Notes to physician : Treat symptomatically.
- Most important symptoms and effects, both acute and : See Section 11 for more detailed information on health effects and symptoms.

## SAFETY DATA SHEET

### MIKRO QUAT

delayed

#### Section: 5. FIREFIGHTING MEASURES

- Suitable extinguishing media : Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.
- Unsuitable extinguishing media : None known.
- Specific hazards during firefighting : Not flammable or combustible.
- Hazardous combustion products : Decomposition products may include the following materials:  
Carbon oxides  
nitrogen oxides (NO<sub>x</sub>)  
Sulphur oxides  
Oxides of phosphorus
- Special protective equipment for firefighters : Use personal protective equipment.
- Specific extinguishing methods : Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations. In the event of fire and/or explosion do not breathe fumes.

#### Section: 6. ACCIDENTAL RELEASE MEASURES

- Personal precautions, protective equipment and emergency procedures : Ensure adequate ventilation. Keep people away from and upwind of spill/leak. Avoid inhalation, ingestion and contact with skin and eyes. When workers are facing concentrations above the exposure limit they must use appropriate certified respirators. Ensure clean-up is conducted by trained personnel only. Refer to protective measures listed in sections 7 and 8.
- Environmental precautions : Do not allow contact with soil, surface or ground water.
- Methods and materials for containment and cleaning up : Stop leak if safe to do so. Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see section 13). For large spills, dike spilled material or otherwise contain material to ensure runoff does not reach a waterway.

#### Section: 7. HANDLING AND STORAGE

- Advice on safe handling : Do not ingest. Do not get in eyes, on skin, or on clothing. Do not breathe dust/fume/gas/mist/vapours/spray. Use only with adequate ventilation. Wash hands thoroughly after handling.
- Conditions for safe storage : Keep out of reach of children. Store in suitable labeled containers.
- Storage temperature : 0 °C to 50 °C

#### Section: 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

## SAFETY DATA SHEET

### MIKRO QUAT

#### Components with workplace control parameters

| Components       | CAS-No.  | Form of exposure | Permissible concentration            | Basis   |
|------------------|----------|------------------|--------------------------------------|---------|
| monoethanolamine | 141-43-5 | TWA OEL-RL       | 3 ppm<br>8 mg/m <sup>3</sup>         | ZA OEL  |
|                  |          | STEL OEL-RL      | 6 ppm<br>15 mg/m <sup>3</sup>        | ZA OEL  |
| monoethanolamine | 141-43-5 | TWA              | 3 ppm<br>7.5 mg/m <sup>3</sup>       | BH OEL  |
|                  |          | STEL             | 6 ppm<br>15 mg/m <sup>3</sup>        | BH OEL  |
| monoethanolamine | 141-43-5 | STEL 15 min      | 3 ppm<br>7.6 mg/m <sup>3</sup>       | TR OEL  |
|                  |          | TWA (8 Hour)     | 1 ppm<br>2.5 mg/m <sup>3</sup>       | TR OEL  |
| monoethanolamine | 141-43-5 | TWA              | 3 ppm<br>7.5 mg/m <sup>3</sup>       | ARE OEL |
|                  |          | STEL             | 6 ppm<br>15 mg/m <sup>3</sup>        | ARE OEL |
| ethanol          | 64-17-5  | TWA OEL-RL       | 1,000 ppm<br>1,900 mg/m <sup>3</sup> | ZA OEL  |
| ethanol          | 64-17-5  | TWA              | 1,000 ppm<br>1,880 mg/m <sup>3</sup> | ARE OEL |

Engineering measures : Effective exhaust ventilation system. Maintain air concentrations below occupational exposure standards.

#### Personal protective equipment

Eye protection : Wear eye protection/face protection.

Hand protection : Wear the following personal protective equipment:  
Standard glove type.  
Gloves should be discarded and replaced if there is any indication of degradation or chemical breakthrough.

Skin protection : Personal protective equipment comprising: suitable protective gloves, safety goggles and protective clothing

Respiratory protection : When workers are facing concentrations above the exposure limit they must use appropriate certified respirators.

Hygiene measures : Handle in accordance with good industrial hygiene and safety practice. Remove and wash contaminated clothing before re-use.  
Wash face, hands and any exposed skin thoroughly after handling.  
Provide suitable facilities for quick drenching or flushing of the eyes and body in case of contact or splash hazard.

#### Section: 9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance : liquid  
Colour : clear, coloured  
Odour : no data available  
pH : 10.0 - 11.0, (100 %)

## SAFETY DATA SHEET

### MIKRO QUAT

### Section: 10. STABILITY AND REACTIVITY

|                                    |                                                                                                                                                                              |
|------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Chemical stability                 | : Stable under normal conditions.                                                                                                                                            |
| Possibility of hazardous reactions | : No dangerous reaction known under conditions of normal use.                                                                                                                |
| Conditions to avoid                | : None known.                                                                                                                                                                |
| Incompatible materials             | : None known.                                                                                                                                                                |
| Hazardous decomposition products   | : In case of fire hazardous decomposition products may be produced such as:<br>Carbon oxides<br>nitrogen oxides (NO <sub>x</sub> )<br>Sulphur oxides<br>Oxides of phosphorus |

### Section: 11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure : Inhalation, Eye contact, Skin contact

#### Potential Health Effects

## SAFETY DATA SHEET

### MIKRO QUAT

|                  |                                                                  |
|------------------|------------------------------------------------------------------|
| Eyes             | : Causes serious eye damage.                                     |
| Skin             | : Causes severe skin burns.                                      |
| Ingestion        | : Causes digestive tract burns.                                  |
| Inhalation       | : Toxic if inhaled. May cause nose, throat, and lung irritation. |
| Chronic Exposure | : Health injuries are not known or expected under normal use.    |

#### Experience with human exposure

|              |                                 |
|--------------|---------------------------------|
| Eye contact  | : Redness, Pain, Corrosion      |
| Skin contact | : Redness, Pain, Corrosion      |
| Ingestion    | : Corrosion, Abdominal pain     |
| Inhalation   | : Respiratory irritation, Cough |

|-----------------------------------|-------------------------------------------------------------------------|
| Acute oral toxicity               | : Acute toxicity estimate : 2,716 mg/kg                                 |
| Acute inhalation toxicity         | : 4 h Acute toxicity estimate : 0.56 mg/l<br>Test atmosphere: dust/mist |
| Acute dermal toxicity             | : Acute toxicity estimate : > 5,000 mg/kg                               |
| Skin corrosion/irritation         | : no data available                                                     |
| Serious eye damage/eye irritation | : no data available                                                     |
| Respiratory or skin sensitization | : no data available                                                     |
| Carcinogenicity                   | : no data available                                                     |
| Reproductive effects              | : no data available                                                     |
| Germ cell mutagenicity            | : no data available                                                     |
| Teratogenicity                    | : no data available                                                     |
| STOT - single exposure            | : no data available                                                     |
| STOT - repeated exposure          | : no data available                                                     |
| Aspiration toxicity               | : no data available                                                     |

### Section: 12. ECOLOGICAL INFORMATION

#### Ecotoxicity

|                       |                                                                                |
|-----------------------|--------------------------------------------------------------------------------|
| Environmental Effects | : Very toxic to aquatic life. Toxic to aquatic life with long lasting effects. |
|-----------------------|--------------------------------------------------------------------------------|

#### Product

|                                                     |                     |
|-----------------------------------------------------|---------------------|
| Toxicity to fish                                    | : no data available |
| Toxicity to daphnia and other aquatic invertebrates | : no data available |
| Toxicity to algae                                   | : no data available |

## SAFETY DATA SHEET

### MIKRO QUAT

#### Components

Toxicity to fish : ethanol  
96 h LC50 Pimephales promelas (fathead minnow): > 100 mg/l

#### Components

Toxicity to daphnia and other aquatic invertebrates : benzalkonium chloride  
48 h EC50 Daphnia magna (Water flea): 0.016 mg/l  
  
Alcohols, C13-15, branched and linear, ethoxylated  
48 h EC50 Daphnia magna (Water flea): 0.317 mg/l  
  
monoethanolamine  
48 h LC50: 65 mg/l

#### Persistence and degradability

Biodegradable

#### Bioaccumulative potential

no data available

#### Mobility in soil

no data available

#### Other adverse effects

no data available

### Section: 13. DISPOSAL CONSIDERATIONS

Disposal methods : Do not contaminate ponds, waterways or ditches with chemical or used container. Where possible recycling is preferred to disposal or incineration. If recycling is not practicable, dispose of in compliance with local regulations. Dispose of wastes in an approved waste disposal facility.

Disposal considerations : Dispose of as unused product. Empty containers should be taken to an approved waste handling site for recycling or disposal. Do not re-use empty containers. Dispose of in accordance with local, state, and federal regulations.

### Section: 14. TRANSPORT INFORMATION

The shipper/consignor/sender is responsible to ensure that the packaging, labeling, and markings are in compliance with the selected mode of transport.

#### Land transport (ADR/ADN/RID)

UN number : 1760  
UN proper shipping name : CORROSIVE LIQUID, N.O.S.  
(quaternary ammonium compound)  
Transport hazard class(es) : 8  
Packing group : III  
Environmental hazards : Yes  
  
Special precautions for user : None

#### Air transport (IATA)

## SAFETY DATA SHEET

### MIKRO QUAT

UN number : 1760  
Description of the goods : Corrosive liquid, n.o.s.  
(quaternary ammonium compound)  
Class : 8  
Packing group : III  
Environmentally hazardous : Yes

#### Sea transport (IMDG/IMO)

UN number : 1760  
Description of the goods : CORROSIVE LIQUID, N.O.S.  
(quaternary ammonium compound)  
Class : 8  
Packing group : III  
Marine pollutant : Yes

#### Section: 15. REGULATORY INFORMATION

For Regulatory information please contact your Ecolab sales representative.
