

## MATERIAL SAFETY DATA SHEET

### LIQUID PAN DANDY NF

#### Section: 1. PRODUCT AND COMPANY IDENTIFICATION

Product name : LIQUID PAN DANDY NF

Other means of identification : Not applicable.

Recommended use : Manual Warewashing Detergent

Product dilution information : 0.2 % - 0.8 %

Company : Ecolab Food Safety & Hygiene Solutions Pvt. Ltd  
WeWork, 247 Park Bus Stop, 13th floor, 247 Park, Hindustan C, LBS  
Road, Gandhi Nagar, Vikhroli West,  
Mumbai, Maharashtra. 400 079, India  
Phone: +91 22 48808555, +91 22 48808535 Toll free number: 1800  
209 2530

Emergency telephone : +32-(0)3-575-5555 Trans-European  
number

Issuing date : 2021-03-18

#### Section: 2. COMPOSITION/INFORMATION ON INGREDIENTS

##### Product AS SOLD

Pure substance/mixture : Mixture

| Chemical Name              | CAS-No.    | Concentration: (%) |
|----------------------------|------------|--------------------|
| Organic sulfonic acid salt | 25155-30-0 | 5 - 10             |

##### Product AT USE DILUTION

No hazardous ingredients

#### Section: 3. HAZARDS IDENTIFICATION

##### Product AS SOLD

##### Potential Health Effects

Eyes : Causes eye irritation.

Skin : Health injuries are not known or expected under normal use.

Ingestion : Health injuries are not known or expected under normal use.

Inhalation : Health injuries are not known or expected under normal use.

Chronic Exposure : Health injuries are not known or expected under normal use.

##### Product AT USE DILUTION

##### Potential Health Effects

Eyes : Health injuries are not known or expected under normal use.

Skin : Health injuries are not known or expected under normal use.

Ingestion : Health injuries are not known or expected under normal use.

## MATERIAL SAFETY DATA SHEET

|                  |                                                               |
|------------------|---------------------------------------------------------------|
| Inhalation       | : Health injuries are not known or expected under normal use. |
| Chronic Exposure | : Health injuries are not known or expected under normal use. |

#### Section: 4. FIRST AID MEASURES

##### Product AS SOLD

|                                                             |                                                                                                                                               |
|-------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------|
| In case of eye contact                                      | : Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention. |
| In case of skin contact                                     | : Rinse with plenty of water.                                                                                                                 |
| If swallowed                                                | : Rinse mouth. Get medical attention if symptoms occur.                                                                                       |
| If inhaled                                                  | : Get medical attention if symptoms occur.                                                                                                    |
| Protection of first-aiders                                  | : No special precautions are necessary for first aid responders.                                                                              |
| Notes to physician                                          | : Treat symptomatically.                                                                                                                      |
| Most important symptoms and effects, both acute and delayed | : See Section 11 for more detailed information on health effects and symptoms.                                                                |

##### Product AT USE DILUTION

|                         |                                                         |
|-------------------------|---------------------------------------------------------|
| In case of eye contact  | : Rinse with plenty of water.                           |
| In case of skin contact | : Rinse with plenty of water.                           |
| If swallowed            | : Rinse mouth. Get medical attention if symptoms occur. |
| If inhaled              | : Get medical attention if symptoms occur.              |

#### Section: 5. FIREFIGHTING MEASURES

##### Product AS SOLD

|                                               |                                                                                                                                                                                 |
|-----------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Suitable extinguishing media                  | : Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.                                                                       |
| Unsuitable extinguishing media                | : None known.                                                                                                                                                                   |
| Specific hazards during firefighting          | : Not flammable or combustible.                                                                                                                                                 |
| Hazardous combustion products                 | : Decomposition products may include the following materials:<br>Carbon oxides<br>Sulphur oxides                                                                                |
| Special protective equipment for firefighters | : Use personal protective equipment.                                                                                                                                            |
| Specific extinguishing methods                | : Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations. In the event of fire and/or explosion do not breathe fumes. |

# MATERIAL SAFETY DATA SHEET

## LIQUID PAN DANDY NF

### Section: 6. ACCIDENTAL RELEASE MEASURES

#### Product AS SOLD

Personal precautions, protective equipment and emergency procedures : Refer to protective measures listed in sections 7 and 8.

Environmental precautions : Do not allow contact with soil, surface or ground water.

Methods and materials for containment and cleaning up : Stop leak if safe to do so. Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see section 13). Flush away traces with water. For large spills, dike spilled material or otherwise contain material to ensure runoff does not reach a waterway.

#### Product AT USE DILUTION

Personal precautions, protective equipment and emergency procedures : Refer to protective measures listed in sections 7 and 8.

Environmental precautions : No special environmental precautions required.

Methods and materials for containment and cleaning up : Stop leak if safe to do so. Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see section 13). Flush away traces with water. For large spills, dike spilled material or otherwise contain material to ensure runoff does not reach a waterway.

### Section: 7. HANDLING AND STORAGE

#### Product AS SOLD

Advice on safe handling : Wash hands thoroughly after handling. In case of mechanical malfunction, or if in contact with unknown dilution of product, wear full Personal Protective Equipment (PPE).

Conditions for safe storage : Keep out of reach of children. Keep container tightly closed. Store in suitable labeled containers.

Storage temperature : 5 °C to 50 °C

#### Product AT USE DILUTION

Advice on safe handling : Wash hands after handling. In case of mechanical malfunction, or if in contact with unknown dilution of product, wear full Personal Protective Equipment (PPE). For personal protection see section 8.

Conditions for safe storage : Keep out of reach of children. Keep container tightly closed. Store in suitable labeled containers.

### Section: 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

#### Product AS SOLD

##### Components with workplace control parameters

Contains no substances with occupational exposure limit values.

Engineering measures : Good general ventilation should be sufficient to control worker exposure to airborne contaminants.

## MATERIAL SAFETY DATA SHEET

### LIQUID PAN DANDY NF

#### Personal protective equipment

|                        |                                                                                                                                                                                                            |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Eye protection         | : Safety glasses with side-shields                                                                                                                                                                         |
| Hand protection        | : Wear the following personal protective equipment:<br>Standard glove type.<br>butyl-rubber<br>Gloves should be discarded and replaced if there is any indication of degradation or chemical breakthrough. |
| Skin protection        | : No special protective equipment required.                                                                                                                                                                |
| Respiratory protection | : No personal respiratory protective equipment normally required.                                                                                                                                          |
| Hygiene measures       | : Handle in accordance with good industrial hygiene and safety practice. Wash face, hands and any exposed skin thoroughly after handling.                                                                  |

#### Product AT USE DILUTION

|                      |                                                                                                      |
|----------------------|------------------------------------------------------------------------------------------------------|
| Engineering measures | : Good general ventilation should be sufficient to control worker exposure to airborne contaminants. |
|----------------------|------------------------------------------------------------------------------------------------------|

#### Personal protective equipment

|                        |                                                                   |
|------------------------|-------------------------------------------------------------------|
| Eye protection         | : No special protective equipment required.                       |
| Hand protection        | : No special protective equipment required.                       |
| Skin protection        | : No special protective equipment required.                       |
| Respiratory protection | : No personal respiratory protective equipment normally required. |

### Section: 9. PHYSICAL AND CHEMICAL PROPERTIES

|                                         | Product AS SOLD      | Product AT USE DILUTION |
|-----------------------------------------|----------------------|-------------------------|
| Appearance                              | : liquid             | liquid                  |
| Colour                                  | : clear, light pink  | light pink              |
| Odour                                   | : odourless          | odourless               |
| pH                                      | : 6.5 - 9.5, (100 %) | 7.0 - 8.0               |
| Flash point                             | : Not applicable.    |                         |
| Odour Threshold                         | : no data available  |                         |
| Melting point/freezing point            | : no data available  |                         |
| Initial boiling point and boiling range | : > 100 °C           |                         |
| Evaporation rate                        | : no data available  |                         |
| Flammability (solid, gas)               | : Not applicable.    |                         |
| Upper explosion limit                   | : no data available  |                         |
| Lower explosion limit                   | : no data available  |                         |
| Vapour pressure                         | : no data available  |                         |
| Relative vapour density                 | : no data available  |                         |

## MATERIAL SAFETY DATA SHEET

### LIQUID PAN DANDY NF

|                                        |                                                            |
|----------------------------------------|------------------------------------------------------------|
| Relative density                       | : 1.025 - 1.03                                             |
| Water solubility                       | : soluble                                                  |
| Solubility in other solvents           | : no data available                                        |
| Partition coefficient: n-octanol/water | : no data available                                        |
| Auto-ignition temperature              | : no data available                                        |
| Thermal decomposition                  | : no data available                                        |
| Viscosity, kinematic                   | : no data available                                        |
| Explosive properties                   | : no data available                                        |
| Oxidizing properties                   | : The substance or mixture is not classified as oxidizing. |
| Molecular weight                       | : no data available                                        |
| VOC                                    | : no data available                                        |

### Section: 10. STABILITY AND REACTIVITY

#### Product AS SOLD

|                                    |                                                                                                                |
|------------------------------------|----------------------------------------------------------------------------------------------------------------|
| Reactivity                         | : No dangerous reaction known under conditions of normal use.                                                  |
| Chemical stability                 | : Stable under normal conditions.                                                                              |
| Possibility of hazardous reactions | : No dangerous reaction known under conditions of normal use.                                                  |
| Conditions to avoid                | : None known.                                                                                                  |
| Incompatible materials             | : None known.                                                                                                  |
| Hazardous decomposition products   | : In case of fire hazardous decomposition products may be produced such as:<br>Carbon oxides<br>Sulphur oxides |

### Section: 11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure : Inhalation, Eye contact, Skin contact

#### Potential Health Effects

#### Product AS SOLD

|                  |                                                               |
|------------------|---------------------------------------------------------------|
| Eyes             | : Causes eye irritation.                                      |
| Skin             | : Health injuries are not known or expected under normal use. |
| Ingestion        | : Health injuries are not known or expected under normal use. |
| Inhalation       | : Health injuries are not known or expected under normal use. |
| Chronic Exposure | : Health injuries are not known or expected under normal use. |

#### Product AT USE DILUTION

|      |                                                               |
|------|---------------------------------------------------------------|
| Eyes | : Health injuries are not known or expected under normal use. |
| Skin | : Health injuries are not known or expected under normal use. |

## MATERIAL SAFETY DATA SHEET

### LIQUID PAN DANDY NF

|                  |                                                               |
|------------------|---------------------------------------------------------------|
| Ingestion        | : Health injuries are not known or expected under normal use. |
| Inhalation       | : Health injuries are not known or expected under normal use. |
| Chronic Exposure | : Health injuries are not known or expected under normal use. |

#### Experience with human exposure

##### Product AS SOLD

|              |                                  |
|--------------|----------------------------------|
| Eye contact  | : Redness, Irritation            |
| Skin contact | : No symptoms known or expected. |
| Ingestion    | : No symptoms known or expected. |
| Inhalation   | : No symptoms known or expected. |

##### Product AT USE DILUTION

|              |                                  |
|--------------|----------------------------------|
| Eye contact  | : No symptoms known or expected. |
| Skin contact | : No symptoms known or expected. |
| Ingestion    | : No symptoms known or expected. |
| Inhalation   | : No symptoms known or expected. |

#### Toxicity

##### Product AS SOLD Product

|                                   |                       |
|-----------------------------------|-----------------------|
| Acute oral toxicity               | : no data available   |
| Acute inhalation toxicity         | : no data available   |
| Acute dermal toxicity             | : no data available   |
| Skin corrosion/irritation         | : no data available   |
| Serious eye damage/eye irritation | : Mild eye irritation |
| Respiratory or skin sensitization | : no data available   |
| Carcinogenicity                   | : no data available   |
| Reproductive effects              | : no data available   |
| Germ cell mutagenicity            | : no data available   |
| Teratogenicity                    | : no data available   |
| STOT - single exposure            | : no data available   |
| STOT - repeated exposure          | : no data available   |
| Aspiration toxicity               | : no data available   |

#### Section: 12. ECOLOGICAL INFORMATION

##### Product AS SOLD Toxicity

|                       |                                                       |
|-----------------------|-------------------------------------------------------|
| Environmental Effects | : This product has no known ecotoxicological effects. |
|-----------------------|-------------------------------------------------------|

## MATERIAL SAFETY DATA SHEET

### LIQUID PAN DANDY NF

#### Product

Toxicity to fish : no data available

Toxicity to daphnia and other aquatic invertebrates : no data available

Toxicity to algae : no data available

#### Persistence and degradability

##### Product AS SOLD

Readily biodegradable.

#### Bioaccumulative potential

no data available

#### Mobility in soil

no data available

#### Other adverse effects

no data available

### Section: 13. DISPOSAL CONSIDERATIONS

#### Product AS SOLD

Disposal methods : The product should not be allowed to enter drains, water courses or the soil. Where possible recycling is preferred to disposal or incineration. If recycling is not practicable, dispose of in compliance with local regulations. Dispose of wastes in an approved waste disposal facility.

### Section: 14. TRANSPORT INFORMATION

#### Product AS SOLD

The shipper/consignor/sender is responsible to ensure that the packaging, labeling, and markings are in compliance with the selected mode of transport.

#### Land transport

Not dangerous goods

#### Sea transport (IMDG/IMO)

Not dangerous goods

### Section: 15. REGULATORY INFORMATION

#### Product AS SOLD

## MATERIAL SAFETY DATA SHEET

### LIQUID PAN DANDY NF

#### NFPA:

Symbol(s) : Xi - IRRITANT

R-pharse(s) : R36 - Irritating to eyes.

S-pharse(s) : S26 - In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.  
S37/39 - Wear suitable gloves and eye/face protection.

#### Product AT USE DILUTION

#### NFPA:

Not a hazardous substance or mixture.

**The components of this product are reported in the following inventories:**

#### United States TSCA Inventory :

All substances listed as active on the TSCA inventory

#### Canadian Domestic Substances List (DSL) :

All components of this product are on the Canadian DSL.

#### Australia. Australian Industrial Chemicals Introduction Scheme (AICIS) :

On the inventory, or in compliance with the inventory

**New Zealand. Inventory of Chemicals (NZIoC), as published by ERMA New Zealand :**  
not determined

**Japan. ENCS - Existing and New Chemical Substances Inventory :**  
not determined

**Korea. Korean Existing Chemicals Inventory (KECI) :**  
not determined

## MATERIAL SAFETY DATA SHEET

### LIQUID PAN DANDY NF

**Philippines Inventory of Chemicals and Chemical Substances (PICCS) :**

On the inventory, or in compliance with the inventory

**China Inventory of Existing Chemical Substances :**

On the inventory, or in compliance with the inventory

**Taiwan Chemical Substance Inventory :**

not determined

#### Section: 16. OTHER INFORMATION
