

## SAFETY DATA SHEET

### MCD HEAVY-DUTY DEGREASER NK

#### SECTION 1. PRODUCT AND COMPANY IDENTIFICATION

Product name : MCD HEAVY-DUTY DEGREASER NK

Other means of identification : Not applicable

Recommended use : Degreaser

Product dilution information : 50.0 %

Company : Kay Chemical Company  
8300 Capital Drive  
Greensboro, North Carolina USA 27409  
1-800-529-5458

Emergency telephone : 1-877-231-2615 (USA/Canada), 952-853-1713 (outside USA)

Issuing date : 18.03.2020

#### SECTION 2. HAZARDS IDENTIFICATION

##### Product AS SOLD

Physical and chemical hazards : Not flammable or combustible.

##### Potential Health Effects

Eyes : Causes eye irritation.

Skin : Causes mild skin irritation.

Ingestion : Health injuries are not known or expected under normal use.

Inhalation : Health injuries are not known or expected under normal use.

Chronic Exposure : Health injuries are not known or expected under normal use.

##### Product AT USE DILUTION

Physical and chemical hazards : Not flammable or combustible.

##### Potential Health Effects

Eyes : Causes eye irritation.

Skin : Causes mild skin irritation.

Ingestion : Health injuries are not known or expected under normal use.

Inhalation : Health injuries are not known or expected under normal use.

Chronic Exposure : Health injuries are not known or expected under normal use.

#### SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

##### Product AS SOLD

Pure substance/mixture : Mixture

## SAFETY DATA SHEET

### MCD HEAVY-DUTY DEGREASER NK

| Chemical name    | CAS-No.   | Concentration (%) |
|------------------|-----------|-------------------|
| Sodium Carbonate | 497-19-8  | 5 - 10            |
| Tetrasodium EDTA | 64-02-8   | 1 - 5             |
| Sodium hydroxide | 1310-73-2 | 0.1 - 1           |

#### Product AT USE DILUTION

| Chemical name    | CAS-No.  | Concentration (%) |
|------------------|----------|-------------------|
| Sodium Carbonate | 497-19-8 | 1 - 5             |
| Tetrasodium EDTA | 64-02-8  | 1 - 5             |

### SECTION 4. FIRST AID MEASURES

#### Product AS SOLD

|                                                             |                                                                                |
|-------------------------------------------------------------|--------------------------------------------------------------------------------|
| In case of eye contact                                      | : Rinse with plenty of water.                                                  |
| In case of skin contact                                     | : Rinse with plenty of water.                                                  |
| If swallowed                                                | : Rinse mouth. Get medical attention if symptoms occur.                        |
| If inhaled                                                  | : Get medical attention if symptoms occur.                                     |
| Protection of first-aiders                                  | : No special precautions are necessary for first aid responders.               |
| Notes to physician                                          | : Treat symptomatically.                                                       |
| Most important symptoms and effects, both acute and delayed | : See Section 11 for more detailed information on health effects and symptoms. |

#### Product AT USE DILUTION

|                         |                                                         |
|-------------------------|---------------------------------------------------------|
| In case of eye contact  | : Rinse with plenty of water.                           |
| In case of skin contact | : Rinse with plenty of water.                           |
| If swallowed            | : Rinse mouth. Get medical attention if symptoms occur. |
| If inhaled              | : Get medical attention if symptoms occur.              |

### SECTION 5. FIRE-FIGHTING MEASURES

#### Product AS SOLD

|                                                |                                                                                                                     |
|------------------------------------------------|---------------------------------------------------------------------------------------------------------------------|
| Suitable extinguishing media                   | : Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.           |
| Unsuitable extinguishing media                 | : None known.                                                                                                       |
| Specific hazards during fire fighting          | : Not flammable or combustible.                                                                                     |
| Hazardous combustion products                  | : Decomposition products may include the following materials:<br>Carbon oxides                                      |
| Special protective equipment for fire-fighters | : Use personal protective equipment.                                                                                |
| Specific extinguishing methods                 | : Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations. |

## SAFETY DATA SHEET

### MCD HEAVY-DUTY DEGREASER NK

#### SECTION 6. ACCIDENTAL RELEASE MEASURES

##### Product AS SOLD

Personal precautions, protective equipment and emergency procedures : Ensure clean-up is conducted by trained personnel only. Refer to protective measures listed.

Environmental precautions : Do not allow contact with soil, surface or ground water.

Methods and materials for containment and cleaning up : Stop leak if safe to do so. Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see section 13). Flush away traces with water. For large spills, dike spilled material or otherwise contain material to ensure runoff does not reach a waterway.

##### Product AT USE DILUTION

Personal precautions, protective equipment and emergency procedures : Refer to protective measures listed.

Environmental precautions : Do not allow contact with soil, surface or ground water.

Methods and materials for containment and cleaning up : Stop leak if safe to do so. Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see section 13). Flush away traces with water. For large spills, dike spilled material or otherwise contain material to ensure runoff does not reach a waterway.

#### SECTION 7. HANDLING AND STORAGE

##### Product AS SOLD

Advice on safe handling : Wash hands thoroughly after handling. In case of mechanical malfunction, or if in contact with unknown dilution of product, wear full Personal Protective Equipment (PPE).

Conditions for safe storage : Keep out of reach of children. Store in suitable labeled containers.

Storage temperature : 0 °C to 50 °C

##### Product AT USE DILUTION

Advice on safe handling : Wash hands thoroughly after handling. In case of mechanical malfunction, or if in contact with unknown dilution of product, wear full Personal Protective Equipment (PPE).

Conditions for safe storage : Keep out of reach of children. Store in suitable labeled containers.

#### SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

##### Product AS SOLD

##### Ingredients with workplace control parameters

Contains no substances with occupational exposure limit values.

Engineering measures : Good general ventilation should be sufficient to control worker exposure to airborne contaminants.

## SAFETY DATA SHEET

### MCD HEAVY-DUTY DEGREASER NK

#### Personal protective equipment

|                        |                                                                                                                                           |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------|
| Eye protection         | : No special protective equipment required.                                                                                               |
| Hand protection        | : No special protective equipment required.                                                                                               |
| Skin protection        | : No special protective equipment required.                                                                                               |
| Respiratory protection | : No personal respiratory protective equipment normally required.                                                                         |
| Hygiene measures       | : Handle in accordance with good industrial hygiene and safety practice. Wash face, hands and any exposed skin thoroughly after handling. |

#### Product AT USE DILUTION

|                      |                                                                                                      |
|----------------------|------------------------------------------------------------------------------------------------------|
| Engineering measures | : Good general ventilation should be sufficient to control worker exposure to airborne contaminants. |
|----------------------|------------------------------------------------------------------------------------------------------|

#### Personal protective equipment

|                        |                                                                   |
|------------------------|-------------------------------------------------------------------|
| Eye protection         | : No special protective equipment required.                       |
| Hand protection        | : No special protective equipment required.                       |
| Skin protection        | : No special protective equipment required.                       |
| Respiratory protection | : No personal respiratory protective equipment normally required. |

### SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

|                                         | Product AS SOLD                                | Product AT USE DILUTION |
|-----------------------------------------|------------------------------------------------|-------------------------|
| Appearance                              | : liquid                                       | liquid                  |
| Color                                   | : clear, purple                                | purple                  |
| Odor                                    | : citrus                                       | citrus                  |
| pH                                      | : 11.4                                         | 11.4                    |
| Flash point                             | : Not applicable, Does not sustain combustion. |                         |
| Odor Threshold                          | : No data available                            |                         |
| Melting point/freezing point            | : No data available                            |                         |
| Initial boiling point and boiling range | : 100 °C                                       |                         |
| Evaporation rate                        | : No data available                            |                         |
| Flammability (solid, gas)               | : Not applicable                               |                         |
| Upper explosion limit                   | : No data available                            |                         |
| Lower explosion limit                   | : No data available                            |                         |
| Vapor pressure                          | : No data available                            |                         |
| Relative vapor density                  | : No data available                            |                         |
| Relative density                        | : 1.1011                                       |                         |
| Water solubility                        | : soluble                                      |                         |
| Solubility in other solvents            | : No data available                            |                         |
| Partition coefficient: n-               | : No data available                            |                         |

## SAFETY DATA SHEET

### MCD HEAVY-DUTY DEGREASER NK

octanol/water

|                          |                                                            |
|--------------------------|------------------------------------------------------------|
| Autoignition temperature | : No data available                                        |
| Thermal decomposition    | : No data available                                        |
| Viscosity, kinematic     | : No data available                                        |
| Explosive properties     | : No data available                                        |
| Oxidizing properties     | : The substance or mixture is not classified as oxidizing. |
| Molecular weight         | : No data available                                        |
| VOC                      | : No data available                                        |

### SECTION 10. STABILITY AND REACTIVITY

#### Product AS SOLD

|                                    |                                                                                              |
|------------------------------------|----------------------------------------------------------------------------------------------|
| Reactivity                         | : No dangerous reaction known under conditions of normal use.                                |
| Chemical stability                 | : Stable under normal conditions.                                                            |
| Possibility of hazardous reactions | : No dangerous reaction known under conditions of normal use.                                |
| Conditions to avoid                | : None known.                                                                                |
| Incompatible materials             | : Acids<br>Strong acids                                                                      |
| Hazardous decomposition products   | : In case of fire hazardous decomposition products may be produced such as:<br>Carbon oxides |

### SECTION 11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure : Inhalation, Eye contact, Skin contact

#### Potential Health Effects

#### Product AS SOLD

|                  |                                                               |
|------------------|---------------------------------------------------------------|
| Eyes             | : Causes eye irritation.                                      |
| Skin             | : Causes mild skin irritation.                                |
| Ingestion        | : Health injuries are not known or expected under normal use. |
| Inhalation       | : Health injuries are not known or expected under normal use. |
| Chronic Exposure | : Health injuries are not known or expected under normal use. |

#### Product AT USE DILUTION

|            |                                                               |
|------------|---------------------------------------------------------------|
| Eyes       | : Causes eye irritation.                                      |
| Skin       | : Causes mild skin irritation.                                |
| Ingestion  | : Health injuries are not known or expected under normal use. |
| Inhalation | : Health injuries are not known or expected under normal use. |

## SAFETY DATA SHEET

### MCD HEAVY-DUTY DEGREASER NK

Chronic Exposure : Health injuries are not known or expected under normal use.

#### Experience with human exposure

##### Product AS SOLD

Eye contact : Redness, Irritation

Skin contact : slight irritation

Ingestion : No symptoms known or expected.

Inhalation : No symptoms known or expected.

##### Product AT USE DILUTION

Eye contact : Redness, Irritation

Skin contact : slight irritation

Ingestion : No symptoms known or expected.

Inhalation : No symptoms known or expected.

#### Toxicity

##### Product AS SOLD

###### Product

Acute oral toxicity : No data available

Acute inhalation toxicity : No data available

Acute dermal toxicity : No data available

Skin corrosion/irritation : Mild skin irritation  
Test substance:Product

Serious eye damage/eye irritation : Mild eye irritation  
Test substance: Product

Respiratory or skin sensitization : No data available

Carcinogenicity : No data available

Reproductive effects : No data available

Germ cell mutagenicity : No data available

Teratogenicity : No data available

STOT-single exposure : No data available

STOT-repeated exposure : No data available

Aspiration toxicity : No data available

##### Components

Acute oral toxicity : Sodium Carbonate  
LD50 Rat: 2,800 mg/kg

Tetrasodium EDTA  
LD50 Rat: 1,700 mg/kg

### SECTION 12. ECOLOGICAL INFORMATION

## SAFETY DATA SHEET

### MCD HEAVY-DUTY DEGREASER NK

#### Product AS SOLD

##### Ecotoxicity

Environmental Effects : Harmful to aquatic life.

##### Product

Toxicity to fish : No data available

Toxicity to daphnia and other aquatic invertebrates : No data available

Toxicity to algae : No data available

##### Components

Toxicity to fish : Sodium Carbonate  
96 h LC50 *Lepomis macrochirus* (Bluegill sunfish): 300 mg/l  
  
Tetrasodium EDTA  
96 h LC50 Fish: 121 mg/l

##### Components

Toxicity to daphnia and other aquatic invertebrates : Sodium Carbonate  
48 h EC50 *Ceriodaphnia* (water flea): 213.5 mg/l  
  
Sodium hydroxide  
48 h EC50: 40 mg/l

##### Persistence and degradability

#### Product AS SOLD

Poorly biodegradable

#### Product AT USE DILUTION

Poorly biodegradable

##### Bioaccumulative potential

No data available

##### Mobility in soil

No data available

##### Other adverse effects

No data available

### SECTION 13. DISPOSAL CONSIDERATIONS

#### Product AS SOLD

Disposal methods : The product should not be allowed to enter drains, water courses or the soil. Where possible recycling is preferred to disposal or incineration. If recycling is not practicable, dispose of in compliance with local regulations. Dispose of wastes in an approved waste disposal facility.

Disposal considerations : Dispose of as unused product. Empty containers should be taken to an approved waste handling site for recycling or disposal. Do not re-use empty containers. Dispose of in accordance with local, state, and federal regulations.

#### Product AT USE DILUTION

## SAFETY DATA SHEET

### MCD HEAVY-DUTY DEGREASER NK

Disposal methods : Diluted product can be flushed to sanitary sewer.

Disposal considerations : Dispose of in accordance with local, state, and federal regulations.
