SHAKE WELL BEFORE USE

Add **PyGar Natural** to water/fogging agent at the recommended rate as outlined in the table below. Maintain agitation or agitate frequently whilst spraying. Do not apply in direct sunlight or when temperatures exceed 32°C. Do not store spray overnight.

DIRECTIONS FOR USE

For the control of flying and crawling insects in dairy food preparation areas, meat packing, pack houses, animal slaughtering premises, factories and residential housing. This insecticide may be used in all areas. This insecticide may only be used in edible areas as a space spray provided that, before use, all edible products and packaging materials, except canned products, are removed from the room. After using this insecticide the room must be adequately ventilated, and all food surfaces thoroughly washed with potable water before edible products and packaging material are returned to the room.

PEST	APPLICATION	RATE	COMMENTS
Flying & Crawling Insects	Surface spraying using a compression sprayer, ULV mister (cold fogger) or motorised knapsack.	25ml of PyGar Natural per 10L of water.	Apply to all insect harbourages and surfaces where insects are present and crawling.
	Space spraying using ULV mister (cold fogger) or motorised knapsack.	Apply PyGar Natural at 100mls/1000m ³ . Mix PyGar Natural in sufficient water to obtain thorough coverage.	Apply at least 2L of mixed spray solution per 1000m ³
	Thermal fogging with fogging agent.	Mix 100mls of PyGar Natural plus 200mls of fogging agent.	Apply at least 200mls of spray solution per 1000m ³
Mosquitoes & Flies OUTDOOR USE	Space spraying using ULV (Ultra Low Volume) mister (cold fogger) or motorised knapsack.	500ml of PyGar Natural per ha in sufficient water (30-50L) to obtain coverage.	Application should not exceed 2L/Ha with a maximum of 5 applications per season.
	Space spraying using Thermal fogging equipment	Mix 150ml of PyGar Natural with 200mls of fogging agent plus 500mls of water.	Apply 3.5L of mixture per hectare.

PRECAUTIONS

Do not breathe vapour/spray. Wash contaminated skin thoroughly after handling. Do not eat, drink or smoke when using this product. Avoid release to the environment. IF SWALLOWED: Call a POISON CENTER 0800 POISON (0800 764 766) or a doctor if you feel unwell and rinse mouth. IF INHALED: Remove person to fresh air and keep comfortable for breathing. Get medical advice/attention if you feel unwell or are concerned. IF ON SKIN: Wash with plenty of soap and water. If irritation or rash occurs, seek medical attention/advice. Collect spillage.
