

**FIRST IMPRESSION MANDARIN BURST MICRO AEROSOL**
**SECTION 1. PRODUCT IDENTIFICATION**

Product name : FIRST IMPRESSION MANDARIN BURST MICRO AEROSOL

Other means of identification : Not applicable

Recommended use : Air Freshener

Restrictions on use : Reserved for industrial and professional use.

Product dilution information : Product is sold ready to use.

Company : Distributed in the Caribbean by:  
Carr. #28 Lote 13-A Urbanización Industrial Luchetti Bayamón, PR 00961

Emergency telephone : Caribbean:787-796-1290 x-6855 / 787-599-6743/1-800-984-1290

Issuing date : 09.03.2020

**SECTION 2. HAZARD OR HAZARDS IDENTIFICATION**
**GHS Classification**

|                                                                                      |      |
|--------------------------------------------------------------------------------------|------|
| Aerosols, Category 2                                                                 | H223 |
| Skin corrosion/irritation, Category 2                                                | H315 |
| Serious eye damage/eye irritation, Category 2A                                       | H319 |
| Skin sensitization, Category 1                                                       | H317 |
| Specific target organ toxicity - single exposure, Category 3, Central nervous system | H336 |
| Short-term (acute) aquatic hazard, Category 2                                        | H401 |
| Long-term (chronic) aquatic hazard, Category 2                                       | H411 |

## SAFETY DATA SHEET

### FIRST IMPRESSION MANDARIN BURST MICRO AEROSOL

|                    |                                                                                                                                  |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------|
| P271               | Use only outdoors or in a well-ventilated area.                                                                                  |
| P272               | Contaminated work clothing should not be allowed out of the workplace.                                                           |
| P273               | Avoid release to the environment.                                                                                                |
| P280               | Wear protective gloves/ eye protection/ face protection.                                                                         |
| <b>Response:</b>   |                                                                                                                                  |
| P302 + P352        | IF ON SKIN: Wash with plenty of water.                                                                                           |
| P304 + P340 + P312 | IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER/doctor if you feel unwell.       |
| P305 + P351 + P338 | IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. |
| P333 + P313        | If skin irritation or rash occurs: Get medical advice/ attention.                                                                |
| P337 + P313        | If eye irritation persists: Get medical advice/ attention.                                                                       |
| P391               | Collect spillage.                                                                                                                |
| <b>Storage:</b>    |                                                                                                                                  |
| P403 + P233        | Store in a well-ventilated place. Keep container tightly closed.                                                                 |
| P405               | Store locked up.                                                                                                                 |
| P410 + P412        | Protect from sunlight. Do not expose to temperatures exceeding 50 °C/ 122 °F.                                                    |
| <b>Disposal:</b>   |                                                                                                                                  |
| P501               | Dispose of contents/ container to an approved waste disposal plant.                                                              |

**Other hazards** : None known.

### SECTION 3. COMPOSITION / INFORMATION OF HAZARDOUS INGREDIENTS

Pure substance/mixture : Mixture

| Chemical name            | CAS-No.                | Concentration (%) |
|--------------------------|------------------------|-------------------|
| Fragrance                | Proprietary Ingredient | 10 - 30           |
| 2-methylpentane-2,4-diol | 107-41-5               | 10 - 30           |
| ethanol                  | 64-17-5                | 10 - 30           |
| Limonene                 | 5989-27-5              | 10 - 30           |
| propane                  | 74-98-6                | 10 - 30           |
| butane                   | 106-97-8               | 10 - 30           |
| Citral                   | 5392-40-5              | 0,25 - 1          |

### SECTION 4. FIRST AID MEASURES

|                         |                                                                                                                                                                                            |
|-------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| In case of eye contact  | : Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention.      |
| In case of skin contact | : Wash off immediately with plenty of water for at least 15 minutes. Use a mild soap if available. Wash clothing before reuse. Thoroughly clean shoes before reuse. Get medical attention. |
| If swallowed            | : Rinse mouth. Get medical attention if symptoms occur.                                                                                                                                    |
| If inhaled              | : Remove to fresh air. Treat symptomatically. Get medical attention if symptoms occur.                                                                                                     |

## SAFETY DATA SHEET

### FIRST IMPRESSION MANDARIN BURST MICRO AEROSOL

Protection of first-aiders : If potential for exposure exists refer to Section 8 for specific personal protective equipment.

Notes to physician : Treat symptomatically.

Most important symptoms and effects, both acute and delayed : See Section 11 for more detailed information on health effects and symptoms.

#### Potential Health Effects

Eyes : Causes serious eye irritation.

Skin : Causes skin irritation. May cause allergic skin reaction.

Ingestion : Health injuries are not known or expected under normal use.

Inhalation : Inhalation may cause central nervous system effects.

Chronic Exposure : Health injuries are not known or expected under normal use.

### SECTION 5. FIRE-FIGHTING MEASURES

Suitable extinguishing media : Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

Unsuitable extinguishing media : High volume water jet

Specific hazards during fire fighting : Pressurised container: May burst if heated.  
Flammable aerosols

Hazardous combustion products : Decomposition products may include the following materials:  
Carbon oxides  
Nitrogen oxides (NO<sub>x</sub>)  
Sulfur oxides  
Oxides of phosphorus

Special protective equipment for fire-fighters : Use personal protective equipment.

Specific extinguishing methods : Collect contaminated fire extinguishing water separately. This must not be discharged into drains. Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations.

### SECTION 6. MEASURES TO BE TAKEN IN CASE OF ACCIDENTAL SPILLAGE

Personal precautions, protective equipment and emergency procedures : Ensure clean-up is conducted by trained personnel only. Refer to protective measures listed.

Environmental precautions : Do not allow contact with soil, surface or ground water.

Methods and materials for containment and cleaning up : Stop leak if safe to do so.

### SECTION 7. HANDLING AND STORAGE

## SAFETY DATA SHEET

### FIRST IMPRESSION MANDARIN BURST MICRO AEROSOL

- Advice on safe handling : Avoid contact with skin and eyes. Do not get in eyes, on skin, or on clothing. Do not breathe dust/ fume/ gas/ mist/ vapors/ spray. Use only with adequate ventilation. Contents under pressure. Do not puncture. Wash hands thoroughly after handling. In case of mechanical malfunction, or if in contact with unknown dilution of product, wear full Personal Protective Equipment (PPE).
- Conditions for safe storage : Keep in a cool, well-ventilated place. Keep out of reach of children. Keep container tightly closed. Store in suitable labeled containers.
- Storage temperature : 5 °C to 45 °C

### SECTION 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

#### Ingredients with workplace control parameters

| Components                | CAS-No.  | Form of exposure                        | Permissible concentration            | Basis     |

## SAFETY DATA SHEET

### FIRST IMPRESSION MANDARIN BURST MICRO AEROSOL

|        |           |                                              |       |        |
|--------|-----------|----------------------------------------------|-------|--------|
| Citral | 5392-40-5 | TWA<br>(Inhalable<br>fraction and<br>vapour) | 5 ppm | CR OEL |
| Citral | 5392-40-5 | TWA<br>(Inhalable<br>fraction and<br>vapor)  | 5 ppm | ACGIH  |

Engineering measures : Effective exhaust ventilation system. Maintain air concentrations below occupational exposure standards.

#### Personal protective equipment

Eye protection : Safety glasses with side-shields

Hand protection : Wear the following personal protective equipment:  
Standard glove type.  
Gloves should be discarded and replaced if there is any indication of degradation or chemical breakthrough.

Skin protection : No special protective equipment required.

Respiratory protection : When workers are facing concentrations above the exposure limit they must use appropriate certified respirators.

Hygiene measures : Handle in accordance with good industrial hygiene and safety practice. Remove and wash contaminated clothing before re-use.  
Wash face, hands and any exposed skin thoroughly after handling.

### SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

|                                         |                                       |
|-----------------------------------------|---------------------------------------|
| Physical State                          | : aerosol                             |
| Color                                   | : clear, amber                        |
| Odor                                    | : Perfumes, fragrances                |
| pH                                      | : 7,0, (100 %)                        |
| Flash point                             | : Not applicable, Sustains combustion |
| Odor Threshold                          | : No data available                   |
| Melting point/freezing point            | : No data available                   |
| Initial boiling point and boiling range | : No data available                   |
| Evaporation rate                        | : No data available                   |
| Flammability (solid, gas)               | : Not applicable                      |
| Upper explosion limit                   | : No data available                   |
| Lower explosion limit                   | : No data available                   |
| Vapor pressure                          | : No data available                   |
| Relative vapor density                  | : No data available                   |
| Relative density                        | : 0,6 - 0,8                           |
| Water solubility                        | : No data available                   |
| Solubility in other solvents            | : No data available                   |

## SAFETY DATA SHEET

### FIRST IMPRESSION MANDARIN BURST MICRO AEROSOL

|                                        |                     |
|----------------------------------------|---------------------|
| Partition coefficient: n-octanol/water | : No data available |
| Autoignition temperature               | : No data available |
| Thermal decomposition                  | : No data available |
| Viscosity, kinematic                   | : No data available |
| Explosive properties                   | : No data available |
| Oxidizing properties                   | : No data available |
| Molecular weight                       | : No data available |
| VOC                                    | : No data available |
| Heat of combustion                     | : 20,38 kJ/g        |

### SECTION 10. STABILITY AND REACTIVITY

|                                    |                                                                                                                                                                |
|------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Reactivity                         | : No dangerous reaction known under conditions of normal use.                                                                                                  |
| Chemical stability                 | : Stable under normal conditions.                                                                                                                              |
| Possibility of hazardous reactions | : No dangerous reaction known under conditions of normal use.                                                                                                  |
| Conditions to avoid                | : None known.                                                                                                                                                  |
| Incompatible materials             | : None known.                                                                                                                                                  |
| Hazardous decomposition products   | : In case of fire hazardous decomposition products may be produced such as:<br>Carbon oxides<br>Nitrogen oxides (NOx)<br>Sulfur oxides<br>Oxides of phosphorus |

### SECTION 11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure : Skin contact, Eye contact

#### Experience with human exposure

|              |                                           |
|--------------|-------------------------------------------|
| Eye contact  | : Redness, Pain, Irritation               |
| Skin contact | : Redness, Irritation, Allergic reactions |
| Ingestion    | : No symptoms known or expected.          |
| Inhalation   | : Dizziness, Drowsiness                   |

#### Toxicity

#### Product

|                           |                                           |
|---------------------------|-------------------------------------------|
| Acute oral toxicity       | : Acute toxicity estimate : > 5.000 mg/kg |
| Acute inhalation toxicity | : No data available                       |
| Acute dermal toxicity     | : No data available                       |

## SAFETY DATA SHEET

### FIRST IMPRESSION MANDARIN BURST MICRO AEROSOL

Skin corrosion/irritation : No data available  
Serious eye damage/eye irritation : No data available  
Respiratory or skin sensitization : No data available  
Carcinogenicity : No data available  
Reproductive effects : No data available  
Germ cell mutagenicity : No data available  
Teratogenicity : No data available  
STOT-single exposure : No data available  
STOT-repeated exposure : No data available  
Aspiration toxicity : No data available

#### Components

Acute inhalation toxicity : ethanol  
4 h LC50 Rat: 117 mg/l  
Test atmosphere: vapor

#### Components

Acute dermal toxicity : ethanol  
LD50 Rabbit: > 15.800 mg/kg  
  
Limonene  
LD50 Rabbit: > 5.000 mg/kg  
  
Citral  
LD50 Rat: 2.250 mg/kg

### SECTION 12. ECOLOGICAL INFORMATION

#### Ecotoxicity

Environmental Effects : Toxic to aquatic life with long lasting effects.

#### Product

Toxicity to fish : No data available  
Toxicity to daphnia and other aquatic invertebrates : No data available  
Toxicity to algae : No data available

#### Components

Toxicity to fish : ethanol  
96 h LC50 Pimephales promelas: > 100 mg/l  
  
Citral  
96 h LC50 Fish: 6,78 mg/l

#### Components

Toxicity to daphnia and other aquatic invertebrates : 2-methylpentane-2,4-diol  
48 h EC50: 2.800 mg/l

#### Persistence and degradability

## SAFETY DATA SHEET

### FIRST IMPRESSION MANDARIN BURST MICRO AEROSOL

No data available

#### Bioaccumulative potential

No data available

#### Mobility in soil

No data available

#### Other adverse effects

No data available

### SECTION 13. INFORMATION REGARDING THE DISPOSAL OF PRODUCTS

- Disposal methods : Avoid that the product entering in the body of water, drains, pipes, or the earth (grounds). Where possible, recycling is preferable to disposal or incineration in accordance with local legislation. If you can't recycle, dispose according to local regulations. Elimination of waste in approved waste disposal plants.
- Disposal considerations : Dispose of in accordance with local, state, and federal regulations. Remove as unused products. Empty containers should be brought to local recycling or waste disposal according to local legislation. Do not reuse empty containers.

### SECTION 14. TRANSPORT INFORMATION

The shipper/consignor/sender is responsible to ensure that the packaging, labeling, and markings are in compliance with the selected mode of transport.

#### Land transport

- UN number : 1950  
Description of the goods : AEROSOLS  
Class : 2.1  
Environmentally hazardous : yes

#### Air transport (IATA)

Contact Regulatory for air freight eligibility

#### Sea transport (IMDG/IMO)

- UN number : 1950  
Description of the goods : AEROSOLS  
Class : 2.1  
Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code : Not applicable  
Marine pollutant : no

### SECTION 15. REGULATORY INFORMATION

Our Safety Data Sheet (SDS) complies with Decree n ° 40705-S

# SAFETY DATA SHEET

## FIRST IMPRESSION MANDARIN BURST MICRO AEROSOL

### SECTION 16. OTHER INFORMATION

#### NFPA:

#### HMIS III:

|                 |    |
|-----------------|----|
| HEALTH          | 2* |
| FLAMMABILITY    | 3  |
| PHYSICAL HAZARD | 0  |

0 = not significant, 1 = Slight,  
2 = Moderate, 3 = High  
4 = Extreme, \* = Chronic

Issuing date : 09.03.2020  
Version : 1.0  
Prepared by : Regulatory Affairs

REVISED INFORMATION: Significant changes to regulatory or health information for this revision is indicated by a bar in the left-hand margin of the SDS.

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
